Alexander Hamilton, 2018-03-23 Excerpt from The Works of Alexander Hamilton Vol 9 In behalf of Mr Nicholas Cruger who by reason of a very ill state of health went from this to New York the 15th I have the pleasure to address you by the long expected sloop Thunderbolt Capt William Newton owned by Messrs Jacob Walton John Harris and Nicholas Cruger

the latter of whom has written you fully concerning her destination which I need not repeat She has on board besides a parcel of lumber for yourself sundry articles on account of her owners as per in closed bill of lading and when you have disposed of them you will please to credit each partner for one third of the proceeds Mr N Cruger s proportion of this and the balance of your account hitherto will more than pay for his one third cost of her first cargo up and for the other two I shall endeavor to place value in your hands betimes I only wish for a line from you to know what will best answer Reports here represent matters in a very disagreeable light with regard to the Guarda Costas which are said to swarm upon the coast but as you will be the best judge of what danger there might be all is submitted to your prudent direction About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Guide to the Study of American History Edward Channing,1896 **American history told by contemporaries** Albert Bushnell Hart,1901 National expansion, 1783-1845 Albert Bushnell Hart,1910 **American History Told by Contemporaries** Albert Bushnell Hart,1928 **American History Told by Contemporaries: National expansion, 1783-1845** Albert Bushnell Hart,1901 **The Political Writings of Alexander Hamilton: Volume 2, 1789-1804** Alexander Hamilton,2017-11-30 Volume II 1789 1884 Few of America s founders influenced its political system more than Alexander Hamilton He played a leading role in writing and ratifying the Constitution was de facto leader of one of America s first two political parties and was influential in interpreting the scope of the national government s constitutional powers This comprehensive collection provides Hamilton s most enduringly important political writings covering his entire public career from 1775 to his death in 1804 Readers are introduced to Hamilton in his own words as defender of the American cause as an early proponent of a stronger national government as a founder and protector of the American Constitution as the nation s first secretary of the treasury as President George Washington s trusted foreign policy advisor and as a leader of the Federalist Party Presented in a convenient two volume set this book provides a unique insight into the political ideas of one of America s leading founders a must have reference source **The American Revolution of 1800** Dan Sisson,Thom Hartmann,2014-09-15 An insightful assessment of Jefferson s defeat of Adams in the 1800 election and how it represented a blow against elitism and authoritarianism In this brilliant historical classic Dan Sisson provides the definitive window into key concepts that have formed the backdrop of our democracy the nature of revolution stewardship of power liberty and the ever present danger of factions and tyranny Most contemporary historians celebrate Jefferson s victory over Adams in 1800 as the beginning of the two party system but Sisson believes this reasoning is entirely the wrong lesson Jefferson saw his election as

a peaceful revolution by the American people overturning an elitist faction that was stamping out cherished constitutional rights and trying to transform our young democracy into an authoritarian state If anything our current two party system is a repudiation of Jefferson s theory of revolution and his earnest desire that the people as a whole not any faction or clique would triumph in government Sisson s book makes clear that key ideas of the American Revolution did not reach their full fruition until the Revolution of 1800 to which we owe the preservation of many of our key rights With contributions by Thom Hartmann that bring out the book s contemporary relevance this fortieth anniversary edition contains new insights and reflections on how Jefferson s vision can help us in our own era of polarization corruption government overreach and gridlock
