Tourism Development And The Environment Beyond Sustainability Tourism Environment And Development:

Tourism Development and the Environment Richard Sharpley, 2009 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company *Tourism Development and the Environment: Beyond Sustainability?* Richard Sharpley, 2009-09-02 Tourism Development and the Environment Beyond Sustainability challenges the sustainable tourism development paradigm that has come to dominate both theoretical and practical approaches to tourism development over the last two decades It extends the sustainable tourism debate beyond the arguably managerialist blueprint and destination focused approach that continues to characterise even the most recent sustainability agenda within tourism development Reviewing the evolution of the sustainable tourism development concept its contemporary manifestations in academic literature and policy developments and processes the author compares its limitations to prevailing political economic socio cultural and environmental contexts He then proposes alternative approaches to tourism development which nevertheless retain environmental sustainability as a prerequisite of tourism development This book also acts as an introduction to the Earthscan series Tourism Environment and Development About the series Tourism Environment and Development aims to explore within a variety of contexts the developmental role of tourism as it relates explicitly to its environmental consequences Each book will review critically and challenge traditional perspectives on sustainable tourism development exploring new approaches that reflect contemporary economic socio cultural and political contexts *Sustainable Development* Chaouki Ghenai, 2012-02-24 The technological advancement of our civilization has created a consumer society expanding faster than the planet s resources allow with our resource and energy needs rising exponentially in the past century Securing the future of the human race will require an improved understanding of the environment as well as of technological solutions mindsets and behaviors in line with modes of development that the ecosphere of our planet can support Sustainable development offers an approach that would be practical to fuse with the managerial strategies and assessment tools for policy and decision makers at the regional planning level *Justice and Ethics in Tourism* Tazim Jamal, 2019-01-25 This is the first book to look at justice and ethics in tourism in one volume bringing theoretical perspectives into conversation with tourism development and the environment The book explores some key ethical perspectives and approaches to justice including building capabilities distributive justice recognition representation and democracy Human rights integral in the context of tourism are discussed throughout Space is also given to structurally embedded injustices including those related to historical racism and colonialism responsibility toward justice justice within and beyond borders and justice in the context of sustainability governance policy and planning A variety of international case studies contributed by researchers and experts from around the globe illustrate these concepts and facilitate understanding and practical application Comprehensive and accessible this is essential reading for students and researchers in tourism studies and will be of interest to students of geography development studies business and hospitality management cultural studies

anthropology sociology urban planning heritage conservation international relations and environmental studies The range of insights offered make this valuable reading for planners policymakers business managers and civil society organizations as well Political Ecology of Tourism Mary Mostafanezhad,Roger Norum,Eric J. Shelton,Anna Thompson-Carr,2016-01-08

Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It offers readers a political ecology framework from which to address tourism related issues and themes such as development identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment Rural Areas Stephan van Gasselt,2024-11-27 This Edited Volume Rural Areas Development and Transformations is a collection of reviewed and relevant research chapters offering a comprehensive overview of recent developments in the field of Geography The book comprises single chapters authored by various researchers and edited by an expert active in this research area All chapters are complete in themselves but united under a common research study topic This publication aims at providing a thorough overview of the latest research efforts by international authors in this field of study and open new possible research paths for further novel developments

Balancing Mountain Tourism, Cultural Heritage, and Environmental Stability Valeri, Marco,Singh, Amrik,Tyagi, Pankaj Kumar,Haghi, A.K.,2025-05-07 Mountain tourism has grown attracting adventure tourists vacationers and nature enthusiasts However this rise in popularity comes with complex challenges including cultural heritage preservation environmental integrity of mountain regions and tourism accommodations Balancing these three elements requires a delicate approach that considers the long term sustainability of the region While tourism brings economic benefits and promotes cultural exchange unchecked growth can lead to environmental degradation overcrowding and the erosion of local traditions This balance

requires thoughtful planning collaboration and the implementation of sustainable practices *Balancing Mountain Tourism Cultural Heritage and Environmental Stability* explores the convergence of mountain tourism and environmental stability It examines how mountain destinations can thrive without sacrificing the qualities that make them unique and valuable This book covers topics such as ecology ecotourism and sustainability and is a useful resource for tourism professionals business owners ecologists academicians researchers and environmental scientists Political Ecology and Tourism Sanjay Nepal, Jarkko Saarinen, 2016-02-26 Political ecology explicitly addresses the relations between the social and the natural arguing that social and environmental conditions are deeply and inextricably linked Its emphasis on the material state of nature as the outcome of political processes as well as the construction and understanding of nature itself as political is greatly relevant to tourism Very few tourism scholars have used political ecology as a lens to examine tourism centric natural resource management issues This book brings together experts in the field with a foreword from Piers Blaikie to provide a global exploration of the application of political ecology to tourism It addresses the underlying issues of power ownership and policies that determine the ways in which tourism development decisions are made and implemented Furthermore contributions document the complex array of relationships between tourism stakeholders including indigenous communities and multiple scales of potential conflicts and compromises This groundbreaking book covers 15 contributions organized around four cross cutting themes of communities and livelihoods class representation and power dispossession and displacement and environmental justice and community empowerment This book will be of great interest to students and scholars in tourism geography anthropology sociology environmental studies and natural resources management *The Routledge Handbook of Tourism and the Environment* Andrew Holden, David A. Fennell, 2013 This handbook explores and critically evaluates the debates and controversies inherent to tourism s relationship with nature especially pertinent at a time of major re evaluation of our relationship with the environment as a consequence of the environmental problems we now face

Planning for Tourism Nigel D Morpeth, Hongliang Yan, 2015-05-01 This text provides an innovative approach to the pedagogy of contemporary planning processes within different cultural contexts globally It adopts an innovative multi disciplinary social science approach and through the inclusion of international case studies considers the extent to which intelligent design has enabled the needs of disabled residents and visitors to have universal access to social spaces and facilities In incorporating the consideration into the fabric of the book it will encourage the mainstreaming of universal design and accessible tourism as keystones of planning processes within the C21st *Tourism Enterprise* David Leslie, 2014-11-26 The environmental quality and popularity of any tourist destination is the outcome of sustained development shaped by the socio economic and physical dimensions of the local environment Protecting the living landscape requires recognizing promoting and developing the links between economic social and environmental objectives This book therefore examines the tourism business in terms of greening the local economy people and environment establishing the

green agenda and investigating its application to the tourism sector Tourism Policy-Making in the Context of Contested Wicked Problems Christof Pforr, Markus Pillmayer, Marion Joppe, Nicolai Scherle, Harald Pechlaner, 2024-08-15 This volume offers insights into pathways towards tourism sustainability analysing current problem solving capabilities and competences of governments to deal with specific tourism policy issues or wicked problems such as the climate emergency tourism mobility indigenous disadvantages the COVID 19 pandemic or the P2P economy **Handbook on Tourism and Rural Community Development** Heather Mair, 2023-01-20 This Handbook brings together experts from around the world to reflect critically on the relationship between tourism and rural community development It first orients the reader in the important conceptual and epistemological foundations of the topic before moving to consider key concepts and the most significant and salient theoretical and methodological developments in the field Tourism, Climate Change and Sustainability Maharaj Vijay Reddy, Keith Wilkes, 2013 Other research dimensions discussed in the book are drawn from Brazil Hawaii England Australia and New Zealand Handbook of Teaching and Learning in Tourism Pierre Benckendorff, Anita Zehrer, 2017-01-27 This comprehensive Handbook provides an international perspective on contemporary issues and future directions in teaching and learning in tourism Key topics include assurance of learning development of skills learning in the field work integrated learning sustainability and critical studies internationalisation technology enabled learning links between teaching and research and graduate student supervision Within these topics attention is devoted to the discussion of curriculum pedagogy assessment students educators and trends and issues The Handbook provides a valuable resource for understanding teaching and learning theory and practice in tourism **Coastal Tourism, Climate Change, and Sustainability** Devjit Sampath, 2025-02-20 Coastal Tourism Climate Change and Sustainability delves into the intricate relationship between climate change and the vital sectors of fisheries and aquaculture in the Caribbean With an average of 50 million tourists annually the Caribbean is the most tourism dependent region in the world Most tourist infrastructure including 2 600 hotels and nearly three quarters of the population are concentrated along the coast Despite contributing less than 1% to global climate change Caribbean island nations face increasingly violent hurricanes rising sea levels higher temperatures and the loss of corals and mangroves Many stakeholders including holidaymakers homeowners governments tourism developers and operators are not fully aware of climate change s reality The essays and case studies in this anthology highlight two key truths many environmental problems pre existed climate change but are exacerbated by it and many climate change mitigation and adaptation technologies are part of the sustainable tourism toolkit refined in recent decades The book emphasizes that businesses and coastal destinations adopting socially and environmentally sustainable practices such as coastal setbacks soft engineering renewable energy water recycling and reduction and green construction can be more resilient to climate change Tourism master planning and construction today require new standards incorporating protection against current risks and climate change through intelligent planning sustainable design and
