Inversion G. S. Jennsen, 2020-07-13 VOTED THE BEST SCI FI BOOK OF 2020 BY DISCOVER SCI FI READERS Nothing has prepared humanity for an enemy on the scale of the Rasu Now after a devastating defeat no one saw coming the dream of victory has become a battle for survival Concord with its vaunted indestructible warships and dimension bending weapons has been knocked back on its heels A stunning loss in the Battle of Namino has left its best and brightest leaders scattered trapped or thought lost The Rasu press their advantage laying siege to Namino and cutting it off from the rest of civilization For Miriam Solovy a coup attempt by Anaden rebels and a flaring conflict with the militaristic Savrakaths are the least of her concerns After blowing up the Concord flagship to prevent its capture by the Rasu she is awakened in a new body and expected to don the mantle of leadership once again But

how can she lead Concord in the fight against the Rasu when humanity doesn't trust regenesi and she no longer trusts herself For Caleb Marano nothing matters more than family When his niece is trapped behind enemy lines he turns his back on the peaceful sentient planet he shares a consciousness with in order to rescue her If he hopes to succeed he must become the killer he once was even if it costs him everything For Alex Solovy and Nika Kirumase however the crucible of two deadly intergalactic conflicts has taught them that survival is not enough Together they will cross every line and break every rule to accomplish the impossible end the siege of Namino and take the fight directly to the enemy In Amaranthe where exotic alien life AIs wormholes indestructible starships and the promise of immortality rule the day no feat seems out of reach for humanity But when the worlds of Aurora Rhapsody and Asterion Noir collide and the Rasu horde descends upon them both more will be asked of heroes past and future More will be given and more taken and when the dust settles the very fabric of Amaranthe will be changed forever

Duality G. S. Jennsen, 2023-01-05 The explosive conclusion to the epic Riven Worlds series Humanity was granted their time to prepare Now that it has come to an end all Miriam Solovy wants is one more day The Rasu civil war engineered by Alex Solovy and Nika Kirumase has provided Concord the time it desperately needed Every weapon every technology every tactic will be brought to bear in a bid to defend thousands of worlds and trillions of people from annihilation The enemy that emerges from the civil war victorious is like nothing Concord has ever faced A boundless legion of Rasu now interlinked and of one collective mind due to their integration of kyoseil prepares to sweep across Concord space in a devastating tidal wave But there might be a way to stop them It will mean two individuals must take upon themselves the burden of committing genocide so the innocent beings they protect need never know how such an act comes with a price

There has never been a timeline like this one before A war has been waged for endless aeons Our greatest champions fight it again and again across millions of years in a tireless endeavor to save not merely innumerable lives but existence itself With Mesme s secret revealed the enormity of the stakes is clear to all and humanity and its allies are united as they brace for the return of the Rasu But the enemy has a secret too one that may ensure Concord s destruction as it has countless times before In Amaranthe where exotic alien life AIs wormholes indestructible starships and the promise of immortality rule the day no feat seems out of reach for humanity But when the worlds of Aurora Rhapsody and Asterion Noir collide and the Rasu horde descends upon them both more will be asked of heroes past and future More will be given and more taken and when the dust settles the very fabric of Amaranthe will be altered forever
