Psychotherapy and the Self-contained Patient E. Mark Stern,1989 Leading psychotherapists present a broad range of theoretical philosophical and clinical perspectives on the self contained person who seeks therapy With numerous enlightening case studies they explore the characteristics of the self contained patient often a bright dedicated hardworking and successful person who has decided to be self reliant and to achieve without needing or acknowledging help The experts also examine the provocations leading self contained persons to seek therapy This authoritative volume addresses the intricacies of working with the self contained person who is often competitive and ill at ease with experts and proposes successful interventions for treating the ever challenging and provocative self contained patient *Feeling Lonesome* Ben

Lazare Mijuskovic,2015-06-23 This book presents an intricate interdisciplinary evaluation of loneliness that examines the relation of consciousness to loneliness It views loneliness from the inside as a universal human condition rather than attempting to explain it away as an aberration a mental disorder or a temporary state to be addressed by superficial therapy and psychiatric medication Loneliness is much more than just feeling sad or isolated It is the ultimate ground source of unhappiness the underlying reality of all negative human behavior that manifests as anxiety depression envy guilt hostility or shame It underlies aggression domestic violence murder PTSD suicide and other serious issues This book explains why the drive to avoid loneliness and secure intimacy is the most powerful psychological need in all human beings documents how human beings gravitate between two motivational poles loneliness and intimacy and advocates for an understanding of loneliness through the principles of idealism rationalism and insight Readers will understand the underlying theory of consciousness that explains why people are lonely thereby becoming better equipped to recognize sources of loneliness in themselves as well as others Written by a licensed social worker and former mental health therapist the book documents why whenever individuals or groups feel lonely alienated estranged disenfranchised or rejected they will either withdraw within and shut down or they will attack others with little thought of consequence to either themselves or others Perhaps most importantly the work identifies the antidotes to loneliness as achieving a sense of belonging togetherness and intimacy through empathic emotional attachments which come from a mutual sharing of lived experiences such as feelings meanings and values constant positive communication and equal decision making *Psychoanalytic Psychotherapy* Nancy

McWilliams,2004-03-18 Building on the enormous popularity of her two previous texts on diagnosis and case formulation this important work from Nancy McWilliams completes the trilogy by addressing in detail the art and science of psychodynamic treatment McWilliams distills the essential principles of clinical practice including effective listening and talking transference and countertransference emotional safety and an empathic attuned attitude toward the patient The author describes the values assumptions and clinical and research findings that guide the psychoanalytic enterprise and shows how to integrate elements of other theoretical perspectives when necessary She also discusses the phases of treatment and covers such neglected topics as educating the client about the therapeutic process handling complex challenges to boundaries and attending to self care Presenting complex clinical information in personal nontechnical language enriched by in depth clinical vignettes this is an essential psychoanalytic work and training text for therapists **Christian Psychotherapy in Context**

Joshua J. Knabb,Eric L. Johnson,M. Todd Bates,Timothy A. Sisemore,2019-03-29 *Christian Psychotherapy in Context* combines theology with the latest research in clinical psychology to equip mental health practitioners to meet the unique psychological and spiritual needs of Christian clients Encouraging therapists to operate from within a Christian framework the authors explore the intersection between a Christian worldview and clients emotional struggles drawing from sources including both foundational theological texts and the common factors psychotherapy literature Written collaboratively by two

clinical psychologists an academic psychologist and a theologian this book paves the way for psychotherapeutic practice that builds on Christian principles as the foundation rather than merely adding them to treatment as an afterthought

Cognitive-Behavioral Therapy for Adult ADHD Russell J. Ramsay,Anthony L. Rostain,2011-02-11 In the second edition of Cognitive Behavioral Therapy for Adult ADHD the authors update and expand on their examination of the uses of CBT in treating adult ADHD providing more analysis of extant research case studies and clinical anecdotes Solution-Focused Case Management Robert G. Blundo,Joel Simon,2015-11-06 Blundo and Simon have successfully outlined how a solution focused perspective can be a powerful tool for case managers Their understanding and presentation is based upon practice scenarios that are real and applied They clearly demonstrate the impact of thinking and language and the importance of building a collaborative relationship with clients Their work challenges the traditional theory driven interventions that focus on problems and arrive at a diagnosis They encourage a shift to a co constructive partnership that requires a practitioner to respect that clients are experts of their own lives They provide a clear step wise discussion of techniques and strategies that can be employed working with individuals and families in case management settings This book is a must read Lawrence T Force PhD LCSW R Professor of Psychology Mount Saint Mary College Newburgh NY From the Foreword Solution focused practice is a paradigm that stresses client abilities strengths and individual goals rather than disability Written by a team of educator practitioners noted for their expertise in solution focused therapy this how to text for social work counseling and psychology students guides current and future case managers in learning this strengths based collaborative approach to case management It discusses both the philosophical basis for solution focused casework and demonstrates how it is ideally suited for the case management process The book is based on teaching materials the authors have developed and used in their classes and workshops with undergraduate and graduate students and professionals The text incorporates new research and theoretical developments in solution focused therapy as well as actual practice scenarios demonstrating the process of building a collaborative relationship with individual clients and families Replete with strategies and tools for practicing solution focused case management the text describes such essential skills as identifying goals monitoring progress working with other agencies and transitioning out of treatment It discusses issues related to ethical practice and presents strategies for self care Additionally the book addresses diversity and social justice and their relationships to solution focused practice Student exercises help to reinforce knowledge The text will assist case managers in a variety of settings hospitals nursing homes rehabilitation facilities community based mental health agencies schools prisons court systems and shelters for the homeless and victims of domestic violence to partner with their clients towards finding strengths based and solution focused approaches to resolving issues in a positive way Key Features Authored by noted experts in solution focused education and practice Facilitates a reframing of casework and case management around client strengths and resources Provides specific case examples that allow readers to troubleshoot and apply solution focused principles to practice Includes student exercises
