Transformers More Than Meets The Eye Volume 6:

Graphic Novels Michael Pawuk, David S. Serchay, 2017-05-30 Covering genres from adventure and fantasy to horror science fiction and superheroes this guide maps the vast terrain of graphic novels describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read alike. New subgenres, new authors, new artists and new titles appear daily in the comic book and manga world joining thousands of existing titles, some of which are very popular and well known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase and which to recommend to teen and adult readers? This updated guide is intended to help you start, update or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic super hero comics and other classic and contemporary crime fighter based comics, action and adventure comics including prehistoric heroic explorer and Far East adventure as well as Western adventure science fiction titles that encompass space opera, fantasy, aliens, post apocalyptic themes and comics with storylines revolving around computers, robots and artificial intelligence. There are also chapters dedicated to fantasy titles, horror titles such as comics about vampires, werewolves, monsters, ghosts and the occult, crime and mystery titles regarding detectives, police officers, junior sleuths and true crime comics on contemporary life covering romance, coming of age stories, sports and social and political issues, humorous titles and various nonfiction graphic novels. *Transformers: More Than Meets the Eye Volume 6* James Roberts, 2014-12-23 Originally published as *The Transformers more than meets the eye* issues 28-33. Wynonna Earp #5 Beau Smith, 2016-06-29 In order to confront the dangerous enemy that's been stalking her, Wynonna Earp needs to go to the one place she's avoided for years: home. Wynonna heads to Tombstone, Arizona, to discover the truth behind this supernatural foe and come to terms with the legacy of the Earp name. **Transformation: A Personal Journey**

Through the British Transformers Comic Volume 2: 1987-1989 Stuart Webb, 2017-07-11 By 1987 the British Transformers was at the peak of its powers. Alternating between US reprints showing the struggle for leadership within the Autobot and Decepticon forces and UK material dealing with the insane future Decepticon Galvatron's attempts to rule yesterday, what had started as a toy advert had become a sprawling space opera seared into the minds of an entire generation. Stuart Webb was one such reader and in 2012 he began a journey looking through every single issue of the series, commenting on its highs and lows. He became the first person to look at every backup strip and editorial and how they worked together to create the most thorough exploration of a publishing phenomenon ever undertaken. It's also highly personal, full of humour and silliness and even the occasionally thoughtful moment. The final result is an essential read, not just for Transformers fans but also for those interested in the history of Marvel UK and the impact this simple little comic had on an entire generation. **The Complete WWF Video Guide Volume V** James Dixon, Arnold Furious, Lee Maughan, Bob Dahlstrom, Rick Ashley, 2014-04-03 An invaluable resource for any wrestling fan of the era.
