

IS VOTING FOR YOUNG PEOPLE?

Fourth Edition

Martin P. Wattenberg

R

Voting Young People Martin Wattenberg

Russell J. Dalton

Voting Young People Martin Wattenberg:

Is Voting for Young People? Martin P. Wattenberg, 2024-03-29 *Is Voting for Young People* explores the reasons why young people are less likely to follow politics and vote in the United States and other established democracies no matter who the candidates are or what the issues may be This brief accessible and provocative book suggests ways of changing that Fully updated to include statistics and analysis from the 2020 and 2022 US elections this book argues that politics and voting have increasingly become the province of the elderly with a growing rift between politicians and young adults that weakens democracy Employing a wealth of cross national data Martin P Wattenberg shows how changes in media consumption neglect from politicians and changing attitudes towards civic duty have created a generation gap in voter turnout and ceded important decisions on youth concerns to those who have different values and interests Illustrating the critical importance of engaging young voters this book is an important read for students of democracy political participation elections and voter behavior

Is Voting for Young People? Martin P. Wattenberg, 2008 This accessible provocative and brief book explores the reasons why the young are less and less likely to follow politics and vote in the United States as well as in many other established democracies and suggests ways of changing that

Is Voting for Young People? Martin P. Wattenberg, 2020 In 2016 Hillary Clinton managed to win the Democratic nomination despite losing young voters to Bernie Sanders by a margin of 73 to 26 percent The fact that senior citizens were four times more likely to vote in the primaries than young people enabled her to survive her lack of youth appeal But in the general election Clinton s problems with young people turned into her Achilles heel Young people failed to come out to vote as much as she needed or to support her in sufficient numbers when they did vote What will happen in 2020 another history making election Already in late 2019 journalists are referring to the generation gap as the most important divide among Democratic voters *Is Voting for Young People* explores the reasons why young people are less likely to follow politics and vote in the United States as well as in many other established democracies no matter who the candidates are or what the issues may be This brief accessible and provocative book suggests ways of changing that For the first time since its original publication in 2006 each chapter has been thoroughly updated to reflect the most recent available data New to the Fifth Edition For the first time since its original 2006 publication the entire text has been updated with the most recent available data and analysis A new chapter has been added Young People and Politics in the Trump Era New chapter opening vignettes illustrate one of the key points in each chapter

Votes at 16 Niall Guy Michelsen, 2020-09-29 At a time when American political institutions are under intense criticism and facing internal and external pressures Americans must identify opportunities for changing the status quo Rather than reject the system as fatally flawed Niall Guy Michelsen argues that lowering the voting age to 16 will decrease the voting gap between the college and non college citizens Increasing voter turnout will make the American electorate more representative of the country and add needed voices to political debates Dr Michelsen analyzes the nature of voting habits and concludes

that too many citizens start their adult lives as non voters and become habitual non voters as a result Using voter turnout data and demographics Dr Michelsen shows that lowering the voting age to 16 would help both college attending and non college attending young adults develop voting habits and raise voter turnout **Young People and Political Participation** Jacqueline Briggs,2016-11-08 This book analyses the various ways and the extent to which young people participate in politics focusing primarily on the UK and including cross national comparisons where relevant It covers topics including what is meant by political participation youth political participation on a pan European basis new social media and youth political participation whether the voting age should be lowered to 16 youth participation at the local level and young women and political participation Written in a lively and engaging style the book provides a detailed investigation into the extent to which young people in the twenty first century are interested and participate in politics The author has included interviews with many young people as well as with academics and specialists in the field The book s greatest contribution is to the debate surrounding whether or not the voting age should be lowered to 16 a timely and thought provoking analysis

Compulsory Voting Jason Brennan,Lisa Hill,2014-06-12 Leading political theorists Jason Brennan and Lisa Hill debate the drawbacks and benefits of voter turnout **The Participation Gap** Russell J. Dalton,2017-10-13 The dilemma of democracy arises from two contrasting trends More people in the established democracies are participating in civil society activity contacting government officials protesting and using online activism and other creative forms of participation At the same time the importance of social status as an influence on political activity is increasing The democratic principle of the equality of voice is eroding The politically rich are getting richer and the politically needy have less voice This book assembles an unprecedented set of international public opinion surveys to identify the individual institutional and political factors that produce these trends New forms of activity place greater demands on participants raising the importance of social status skills and resources Civil society activity further widens the participation gap New norms of citizenship shift how people participate And generational change and new online forms of activism accentuate this process Effective and representative government requires a participatory citizenry and equal voice and participation trends are undermining these outcomes The Participation Gap both documents the growing participation gap in contemporary democracies and suggests ways that we can better achieve their theoretical ideal of a participatory citizenry and equal voice **2008 Election Preview** Daniel M. Shea,Bryan Reece,2008 Would you like your students to have a better understanding of the 2008 Presidential Campaign Do you wish your American Government text could cover this important race to the presidency Pearson Education is pleased to offer The 2008 Election Preview by Daniel M Shea and Bryan Reece This dynamic duo both of whom are active in the classroom and in the youth participation movement offer instructors a powerful teaching program to integrate campaign material into their courses What is in this teaching program The 2008 Election Preview is 92 full color pages of compelling editorials graphics and photos from the NY Times *Red, Blue, and Purple America* Ruy A. Teixeira,2008-09-22 Analyzes

changing patterns of immigration settlement demography family structure and religion describing trends and their impacts on 2008 politics and beyond Lays out implications for public policy and shows how these trends have shaped the Red and Blue divisions and might break apart those blocs in new and surprising ways Provided by publisher The New American Democracy Morris P. Fiorina, 2007 The New American Democracy Fifth Edition emphasizes the centrality of elections in American politics today and examines our country's evolution from a pluralist democracy to a more populist one helping you understand how both have profoundly changed the way our political system operates New to the Fifth Edition Complete up to date coverage and analysis of the following topics Historic 2006 congressional campaigns and elections Concerns about terrorism and the governmental steps to combat it Complexities of immigration legal and illegal Latest developments in the area of campaign finance Civil rights of Latinos Asian Americans and gays and lesbians *Conventional Wisdom and American Elections* Jody C Baumgartner, Peter L. Francia, 2016-03-17 Many students develop misinformed opinions about the American electoral process *Conventional Wisdom and American Elections Exploding Myths and Misconceptions* debunks some of the more common misunderstandings that have arisen about the electoral process in the past few decades This book engages students in elections and politics and teaches them to evaluate information like a political scientist The third edition looks forward to the 2016 election with new more contemporary myths addressed and a new chapter on voter fraud and identification **Laughing Matters** Jody C. Baumgartner, Jonathan S. Morris, 2008 This book examines the role of humor in modern American politics Written by a wide range of authors from the fields of political science and communication this book is organized according to two general topics how the modern media present political humor the various ways in which political humor influences politics *Laughing Matters* is an excellent text for courses on media and politics public opinion and campaigns and elections *American Government* Karen O'Connor, Larry Sabato, 2008 Guided by the belief that students must first understand how American government developed to fully understand the issues facing the United States in the 21st century O'Connor Sabato offers the strongest coverage of both history and current events of any college textbook devoted to American politics This best selling book provides the historical context students need to understand American government and the most crucial and controversial issues affecting the nation O'Connor Sabato has been extensively revised to provide the most in depth and current coverage of the 2006 midterm elections the second George W Bush administration the Iraq War and increasing controversies related to the conduct of the war on terrorism including renewed calls for additional congressional oversight of the Executive Branch The new edition also emphasizes the extent to which shared American values shape and affect policy and influence key political conflicts Reseña de "Is Voting for Young People?" de Martin P. Wattenberg Carlos Murillo González, 2006 **Where Have All the Voters Gone?** Martin P. Wattenberg, 2009-07-01 In this timely book Martin Wattenberg confronts the question of what low participation rates mean for democracy At the individual level turnout decline has been highest among the types of people who most need to have

electoral decisions simplified for them through a strong party system those with the least education political knowledge and life experience **Characteristics and Causes of America's Polarized Politics** Pietro S. Nivola, 2006 Analysts and pundits increasingly perceive a widening gulf between red states and blue states Yet the research to support that perception is scattered and sometimes difficult to parse America's polarized politics it is said poses fundamental dangers for democratic and accountable government Heightened partisanship is thought to degrade deliberation in Congress and threaten the integrity of other institutions from the courts to the media But how deep do the country's political divisions actually run Are they truly wreaking havoc upon the social fabric Has America become a house **Issues and Controversies on File**, 2004

Delusional Democracy Joel S. Hirschhorn, 2006 American democracy is crumbling but if citizens take back their sovereign power it can be fixed *Congress and Its Members, 11th Edition* Roger H Davidson, Walter J. Oleszek, Frances E. Lee, 2008 Explains what Congress is and how it works with quantitative data and qualitative descriptions *Classics in Voting Behavior* Richard G. Niemi, Herbert F. Weisberg, 1993 Now back in print this reader brings together the best work in the study of American voting behavior Its contents from the 1950s mid 1980s include election turnout political sophistication vote determinants congressional and state elections party identification and historical perspectives

Voting Young People Martin Wattenberg Book Review: Unveiling the Power of Words
