Vril: The Power of the Coming Race Edward Bulwer Lytton, 2018-11-02 I have spoken so much of the Vril Staff that my reader may expect me to describe it This I cannot do accurately for I was never allowed to handle it for fear of some terrible accident occasioned by my ignorance of its use and I have no doubt that it requires much skill and practice in the exercise of its various powers It is hollow and has in the handle several stops keys or springs by which its force can be altered modified or directed so that by one process it destroys by another it heals by one it can rend the rock by another disperse the vapour by one it affects bodies by another it can exercise a certain influence over minds It is usually carried in the convenient size of a walking staff but it has slides by which it can be lengthened or shortened at will When used for special purposes the upper part rests in the hollow of the palm with the fore and middle fingers protruded
