The SAGE Handbook of Tourism Studies Tazim Jamal, Mike Robinson, 2009-07-01 The strongest overview I have encountered of the scope and the current state of research across all the fields involved in advancing our understanding of tourism For its range of topics depth of analyses and distinction of its contributors nothing is comparable Professor Dean MacCannell University of California Davis The breadth of vision and sweep of accounts is remarkable and range of topics laudable a rare combination of the authoritative the challenging and stimulating Professor Mike Crang Durham University Tourism studies developed as a sub branch of older disciplines in the social sciences such as anthropology sociology and economics and newer applied fields of study in hospitality management civil rights and transport studies This Handbook is a sign of the maturity of the field It provides an essential resource for teachers and students to determine the roots key issues and agenda of tourism studies

exploring The evolution and position of tourism studies The relationship of tourism to culture The ecology and economics of tourism Special events and destination management Methodologies of study Tourism and transport Tourism and heritage Tourism and postcolonialism Global tourist business operations Ranging from local to global issues and from questions of management to the ethical dilemmas of tourism this is a comprehensive critically informed constructively organized overview of the field It draws together an inter disciplinary group of contributors who are among the most celebrated names in the field and will be quickly recognized as a landmark in the new and expanding field of tourism studies

Issues in Cultural Tourism Studies Melanie K. Smith, 2015-10-14 The third edition of Issues in Cultural Tourism Studies provides a vital framework for analysing the complexity of cultural tourism and its increasing globalization in existing as well as emergent destinations of the world It focuses in particular on the need for even more creative tourism strategies to differentiate destinations from each other using a blend of localized cultural products and innovative global attractions The book explores many of the most pertinent issues in heritage arts festivals indigenous ethnic and experiential cultural tourism in urban and rural environments alike Since the second edition of this book there have been many important developments in this field and this third edition has been completely revised and updated to include New content on demand and motivation for cultural tourism sustainable cultural tourism and ethnic cultural tourism New and updated case studies from an even wider global perspective A revised up to date framework for global cultural tourism studies in the light of recent research publications and industry developments New pedagogical features within the text to aid understanding and critical thinking including questions at the end of case studies and a further reading section At the interface between the global and the local a sustainable and people centred approach to cultural tourism planning and development is advocated to ensure that benefits are maximized for local areas a sense of place and identity are retained and the tourist experience is enhanced to the full The text is unique in that it provides a summary and a synthesis of all of the major issues in global cultural tourism which are presented in an accessible way using a diverse range of international case studies It is essential and valuable reading for all tourism students

OPERATIONS MANAGEMENT AND STRATEGIES IN TRAVEL INDUSTRY CUNEYT MENGÜ, Ph.D., 2020-11-01 When overseas travel agency owners and directors predominantly from Middle Eastern countries visited my Istanbul office and saw my Travel Management book published in 2018 in Turkish insisted that I publish the same book in English These comments made me excited and encouraged to publish the book in English with some revisions and additions Travel and tourism industry is one of the world's largest industries and a dynamic engine of economic development of the countries It is a great source of income and employment for countries that receive more international tourists For this reason the countries have increased their investment in the travel and tourism industry Tour operators and travel agencies have the major role for the development of tourism Their business has vastly changed in the past 20 years They have to continuously adapt and redefine their roles to the changing environment and technology As a result of this change different approaches in

management operation and marketing strategies in the travel industry have emerged From tourism products and services to operation and destination management from management functions to the distribution channels from reservation systems to marketing functions almost all travel concepts have changed shape In travel agency business besides the traditional classical system used for many years neoclassical system and modern contemporary systems such as online travel agencies OTA s and destination management companies DMC s have emerged intermediaries diversified and increased Pursuant to these developments travel operators who can keep up with these changes have created a wide academic and practical concept theoretical discussions and most importantly different industrial structures This book provides a wide perspective with modern concepts to the operation management and marketing strategies in travel industry and it is divided into 12 chapters Each chapter starts with learning outcomes Basic principles and concepts of subjects are mentioned both theoretically and practically supported by tables graphs and figures for a better understanding of specific chapters

Tourism, Land Grabs and Displacement Andreas Neef, 2021-05-09 This book examines the global scope of tourism related grabbing of land and other natural resources Tourism is often presented as a peaceful and benevolent sector that brings people from different cultural backgrounds together and contributes to employment poverty alleviation and global sustainable development This book sheds light on the lesser known and much darker side of tourism as it unfolds in the Global South While there is no doubt that tourism has been an engine of economic growth for many so called developing countries this has often come at the cost of widespread dispossession and displacement of Indigenous and non indigenous communities In many countries of the Global South tourism development is increasingly prioritised by governments businesses international financial institutions and donors over the legitimate land and resource rights of local people This book examines the actors drivers mechanisms discourses and impacts of tourism related land grabbing and displacement drawing on more than thirty case studies from Latin America and the Caribbean sub Saharan Africa South and Southeast Asia the Middle East and the Southwest Pacific The book provides solid grounds for an informed debate on how different actors are responsible for the adverse impacts of tourism on land rights infringements what forms of resistance have been deployed against tourism related land grabs and displacement and how those who have violated local land and resource rights can be held accountable Tourism Land Grabs and Displacement will be essential reading for students and scholars of land and resource grabbing tourism studies development studies and sustainable development more broadly as well as policymakers and practitioners working in those fields
