Tournament of Shadows Karl E. Meyer, Shareen Blair Brysac, 2009-03-17 From the romantic conflicts of the Victorian Great Game to the war torn history of the region in recent decades *Tournament of Shadows* traces the struggle for control of Central Asia and Tibet from the 1830s to the present The original Great Game the clandestine struggle between Russia and Britain for mastery of Central Asia has long been regarded as one of the greatest geopolitical conflicts in history Many believed that control of the vast Eurasian heartland was the key to world dominion The original Great Game ended with the Russian Revolution but the geopolitical struggles in Central Asia continue to the present day In this updated edition the authors reflect on Central Asia's history since the end of the Russo Afghan war and particularly in the wake of 9 11

The Secret World Christopher M. Andrew, 2018-01-01 The first ever detailed comprehensive history of intelligence from Moses and Sun Tzu to the present day The history of espionage is far older than any of today's intelligence agencies yet the long history of intelligence operations has been largely forgotten The codebreakers at Bletchley Park the most successful World War II intelligence agency were completely unaware that their predecessors in earlier moments of national crisis had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada Those who do not understand past mistakes are likely to repeat them Intelligence is a prime example At the outbreak of World War I the grasp of intelligence shown by U S President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and leading eighteenth century British statesmen In this book the first global history of espionage ever written distinguished historian Christopher Andrew recovers much of the lost intelligence history of the past three millennia and shows us its relevance *Tournament of Shadows Collection* Tilly

golden age of exploration Here the mighty Tsangpo funnels into an impenetrable canyon three miles deep walled off from the outside world by twenty five thousand foot peaks Like the earthly paradise of Shangri La immortalized in James Hilton s classic 1933 novel *Lost Horizon* the Tsangpo River Gorge is a refuge revered for centuries by Tibetan Buddhists and later in Western imagination as a sanctuary in times of strife as well as a gateway to nirvana The *Siege of Shangri La* tells the story of this fabled land s exploration as both a geographical and spiritual destination and chronicles the discovery at the end of the last millennium of the truth behind the myths and rumors about it Veteran journalist Michael McRae traces the gorge s exploratory history from the clandestine missions of surveyor spies called pundits and botanical expeditions of naturalists in the early twentieth century to the recent investigations of scholars adventurers and pilgrims seeking the Hidden Falls of the Tsangpo which purportedly rivals Niagara in size and serves as the gateway to paradise Each explorer s narrative provides increasing evidence of why the gorge has been mythologized in Eastern and Western lore as one of the world s most alluring blanks on the map and a supreme test of human will Taking readers on a guided tour of the gorge s landscape physical and metaphysical McRae presents an insightful look at the pursuit of glory and enlightenment that has played out in this mysterious land with sometimes disastrous consequences The *Siege of Shangri La* is a fascinating journey through the inner recesses of a remote mystical world and the minds of those who have attempted to reach it From the Hardcover edition

The China Collectors Karl E. Meyer, Shareen Blair Brysac, 2025-06-25 Thanks to Salem sea captains Gilded Age millionaires curators on horseback and missionaries gone native North American museums now possess the greatest collections of Chinese art outside of East Asia itself How did it happen *The China Collectors* is the first full account of a century long treasure hunt in China from the Opium Wars and the Boxer Rebellion to Mao Zedong s 1949 ascent The principal gatherers are mostly little known and defy invention They included foreign devils who braved desert sandstorms bandits and local warlords in acquiring significant works Adventurous curators like Langdon Warner a forebear of Indiana Jones argued that the caves of Dunhuang were already threatened by vandals thereby justifying the removal of frescoes and

sculptures Other Americans include George Kates an alumnus of Harvard Oxford and Hollywood who fell in love with Ming furniture The Chinese were divided between dealers who profited from the artworks removal and scholars who sought to protect their country's patrimony Duanfang the greatest Chinese collector of his era was beheaded in a coup and his splendid bronzes now adorn major museums Others in this rich tapestry include Charles Lang Freer an enlightened Detroit entrepreneur two generations of Rockefellers and Avery Brundage the imperious Olympian and Arthur Sackler the grand acquirer No less important are two museum directors Cleveland's Sherman Lee and Kansas City's Laurence Sickman who challenged the East Coast's hegemony Shareen Blair Brysac and Karl E Meyer even handedly consider whether ancient treasures were looted or salvaged and whether it was morally acceptable to spirit hitherto inaccessible objects westward where they could be studied and preserved by trained museum personnel And how should the US and Canada and their museums respond now that China has the means and will to reclaim its missing patrimony

Mannerheim Jonathan Clements,2012-12-11 Baron Gustaf Mannerheim was one of the greatest figures of the twentieth century and the only man to be decorated by both sides in the Second World War As a Finnish officer in Russian service he witnessed the coronation of the last Tsar and was both reprimanded for foolhardiness and decorated for bravery in the Russo Japanese War He spent two years undercover in Asia as an agent in the Great Game posing as a Swedish anthropologist He crossed China on horseback stopping en route to teach the 13th Dalai Lama how to shoot with a pistol and spying on the Japanese navy on his way home He escaped the Bolsheviks by the skin of his teeth in 1917 arriving in the newly independent Finland just in time to lead the anti Russian forces in the local revolt and civil war During Finland's darkest hour he led the defence of his country against the impossible odds of the Winter War This major new life of Gustaf Mannerheim the first to be published for over a decade includes new historical material on Mannerheim's time in China

Global Geostrategy Brian Blouet,2020-09-23 This is a new examination of Halford Mackinder's seminal global geostrategic work from the perspective of geography diplomatic history

political science international relations imperial history and the space age Mackinder was a man ahead of his time He foresaw many of the key strategic issues that came to dominate the twentieth century Until the disintegration of the Soviet Union western defence strategists feared that one power or alliance might come to dominate Eurasia Admiral Mahan discussed this issue in *The Problem of Asia* 1900 but Mackinder made the most authoritative statement in *The Geographical Pivot of History* 1904 He argued that in the closed Heart Land of Euroasia was a strategically placed region with great resources that if controlled by one force could be the basis of a World Empire James Kurth in *Foreign Affairs* has commented that it has taken two World Wars and the Cold War to prevent Mackinder's prophecy becoming reality In World War I and World War II Germany achieved huge territorial gains at the expense of the Russian empire and the Soviet Union In the former conflict the Russian empire was defeated by Germany but the western powers insisted that the territorial gains made by Germany at the treaty of Brest Litovsk be given up In World War II Britain and the US gave material support to Stalin's totalitarian regime to prevent Nazi Germany gaining control of the territory and resources that might have been a basis for world domination The west highly conscious of Mackinder's dictum 1919 that Who rules East Europe commands the Heartland quickly adopted policies to contain the Soviet Union History has therefore proved Mackinder's work to be of vital importance to generations of strategic thinking and he remains a key influence in the new millennium This book will be of great interest to all students and scholars of strategic studies and military history and of geopolitics in particular
