Toutankhamon Marc Gabolde:

Toutankhamon Marc Gabolde, 2015-09-30T00:00:00+02:00 Toutankhamon est sans conteste le plus connu des pharaons et cette réputation n'est pas usurpée. On lui doit le plus fabuleux trésor archéologique jamais découvert et son règne clôt la période amarnienne dominée par les figures emblématiques d'Akhenaton et de Nefertiti. Aussi bien du point de vue de l'histoire vnementielle que de celui de l'histoire des idées ou l'histoire de l'art, la vie de Toutankhamon baigne dans une ambiance romanesque où l'on rencontre tour tour Dieu, l'amour, la beauté, la mort. Grâce des enquêtes minutieuses, il est possible aujourd'hui d'claircir ses origines en s'aidant des tudes ADN de retrouver quelques fragments de sa vie de prince et de roi et d'avoir une vision plus précise de l'administration de l'gypte et de la Nubie sous son règne. En suivant la trace des tapes de la découverte de son tombeau, on peut encore enrichir son trésor de pièces insoupçonnées dispersées dans les collections et faire un sort définitif à la malédiction qui lui est associée. Entre la mystérieuse reine pharaon qui régna avant lui et l'arrivée au pouvoir de ses successeurs Aet Horemheb, les dix années qu'il passa sur le trône s'avèrent en fin de compte riches en productions architecturales, textuelles et artistiques, trop souvent éclipsées par les merveilles et les mystères de sa tombe.

Akhenaten and the Origins of Monotheism James K. Hoffmeier, 2015-02-13 Pharaoh Akhenaten remains one of the most fascinating and studied figures of ancient history. Akhenaten and the Origins of Monotheism focuses on Akhenaten's preoccupation with worshipping the sun disc Aten and the implications of this unique religion in foundationally shaping monotheism.

Egypt's Golden Couple John Darnell, Colleen Darnell, 2022-11-01 Two celebrated Egyptologists bring to vivid life the intriguing and controversial reign of King Tut's parents. Akhenaten has been the subject of radically different even contradictory biographies. The king has achieved fame as the world's first individual and the first monotheist, but others have seen him as an incestuous tyrant who nearly ruined the kingdom he ruled. The gold funerary mask of his son Tutankhamun and the painted bust of his wife Nefertiti are the most recognizable artifacts from all of ancient Egypt. But who are Akhenaten and Nefertiti? And what can we actually say about rulers who lived more than three thousand years ago? November 2022 marks the centennial of the discovery of the tomb of Tutankhamun, and although King Tut is a household name, his nine-year rule pales in comparison to the revolutionary reign of his parents, Akhenaten and Nefertiti, became gods on earth by transforming Egyptian solar worship, innovating in art and urban design, and merging religion and politics in ways never attempted before. Combining fascinating scholarship, detective suspense, and adventurous thrills, Egypt's Golden Couple is a journey through excavations, museums, hieroglyphic texts, and stunning artifacts. From clue to clue, renowned Egyptologists John and Colleen Darnell reconstruct an otherwise untold story of the magnificent reign of Akhenaten and Nefertiti.

The Trojan War: Chronological, Historical and Archaeological Evidence Gerard Gertoux, 2015 The Trojan War is the foundation of Greek history If Greek historians had little doubt of its existence they remained extremely sceptical regarding its mythological origin Archaeology has confirmed one essential point there was indeed a general conflagration in the Greek world around 1200 BCE the assumed period of that war which caused the disappearance of two powerful empires Mycenaean on one hand and Hittite with its vassals on the other hand The inscriptions of Ramses III's year 8 describe actually a general invasion of the Mediterranean by the Sea Peoples A precise chronological reconstruction shows that there was a confrontation between a Greek heterogeneous confederation consisting of pirates and a set of vassal kingdoms of the Hittite empire such as Troy and Ugarit which ended with their complete mutual destruction in 1185 BCE the climax of the Trojan War This conclusion was already that of Eratosthenes

The Unknown Tutankhamun Marianne Eaton-Krauss, 2015-12-17 The reign of Tutankhamun was of major significance in the history of ancient Egypt Following Howard Carter's discovery of the king's tomb in 1922 the story of the boy who became Pharaoh died young and was buried in splendor at the height of Egyptian civilization captivated generations But there exists a wide discrepancy between that saga and what scholarship has discovered in the last few decades about Tutankhamun's reign A truer story is revealed not by objects from his tomb but by statuary reliefs paintings and architecture from outside the Valley of the Kings Marianne Eaton Krauss a leading authority on the boy king and the Amarna Period guides readers through the recent findings of international research and the relevant documentation from a wide variety of sources to create an accessible and comprehensive biography Tracing Tutankhamun's life from birth to burial she analyzes his parentage his childhood as Prince Tutankhaten his accession and change of name to Tutankhamun his role in the restoration of the traditional cults and his own building projects his death and burial and the attitudes of his immediate successors to his reign Illustrated with color and black and white images the book includes extensive endnotes and selected bibliography which will make it essential reading for students and scholars as well as anyone interested in Tutankhamun

Helmets and Body Armour in New Kingdom Egypt Alberto Maria Pollastrini, 2024-06-13 This book examines the dynamics around the introduction and spread of helmets and body armour throughout Egypt during the 18th 19th and 20th

Dynasties It argues that the word introduction is the best term to define this phenomenon because these types of military equipment were not in fact Egyptian technological innovations but initially appeared at the end of the Bronze Age following the Hurrian expansion in the Middle East before being dispersed throughout the surrounding territories The analysis focuses particularly on a survey of iconographic archaeological and lexicographic attestations from a wide range of surviving material evidence and literary sources On the basis of the collated data it provides as accurate a perspective as possible on how the helmet and the cuirass were introduced and propagated their impact on warfare and their possible role in ideology across the chronological span of the New Kingdom Pollastrini also draws productive comparisons between the Egyptian data and contemporary attestations from the Middle East and the Aegean region in order to underpin the international dynamics at play In doing so it both encourages a broader ancient historical perspective that sets New Kingdom Egypt within its contemporary context and sheds new light on developments in the military history and warfare of the period **Akenatón**

handmaiden to oral and aural exchange but a communication system that is richly layered and experienced To exploit this aspect of visual code scholars from the fields of Egyptology Sinology Hittitology and Assyriology together with Mesoamericanists art historians and a sign language specialist are brought together in this volume In its pages these contributors incorporate into their analyses methods more commonly used in linguistics and semiotics communication studies art historical analysis and traditional philology to new ends in order to form original trajectories of inquiry Each contribution either lays bare explicit exploitation of visuality in scribal production as a means to cement power reveal the mystical induce humor or expose clandestine views or it locates implicit knowledge schemes and cultural maps underlying and informing these same productions The pioneering investigations presented in *Seen Not Heard* reveal that although writing may be heard the fact that it can also be seen affects its reception and therefore the meaning of any transported phonological units
