Marianne Steele

Trauma To Tango Dancing Through The Shadows Of Unforgiven Dreams:

Trauma to Tango Aydan Dunnigan, 2013-06-30 Haunted by ghosts of the recent and distant past the author abandons his faith his marriage and his career as a pastor and heads off to the tango salons of Buenos Aires He is compelled by the irrational hope that immersing himself in this seamy sensual dance will transform his inner turmoil into something of elegance and beauty and passion This memoir is a sensitive but frequently light hearted account of healing from childhood trauma In alternating attempts to avoid and confront these formative wounds the author stumbles on and off of divergent life paths including religious fundamentalism the parish ministry a mismatched marriage New Age Paganism and ultimately Argentine tango This reflective treatment of the effect of abuse on the developing psyche will be an engaging read for anyone seeking understanding into the courageous and difficult journey of healing

Tango Lessons Meghan Flaherty, 2018-06-19 From a dazzling new literary voice a debut memoir about a young woman learning to dance tango becoming comfortable in her own skin and in the arms of others Tango was an unlikely choice for Meghan Flaherty A young woman living with the scars of past trauma she was terrified of being touched and shied away from real passion But by her late twenties she knew something had to change She dug up an old dream and tried on her dancing shoes In tango there s a leader and a follower and traditionally the woman follows As Meghan moved from beginner classes to the late night dance halls of New York s vibrant tango underground she discovered that more than any footwork the hardest and most essential lesson of the dance was to follow with strength and agency to find her balance regardless of the lead And as she broke her own rule never mix romance and tango she started to apply those lessons in every corner of her life Written in wry lyrical prose and beautifully enriched by the vivid history and culture of the dance *Tango Lessons* is a transformative story of conquering your fears living your dreams and enjoying the dizzying freedom found in the closest embrace

Dancing with Shadows Marianne Steele, 2025-09-18 *Dancing with Shadows* Healing from Trauma and Finding Wholeness is a courageous memoir that chronicles one woman s extraordinary journey from the depths of trauma to the discovery of her authentic self From early experiences of childhood sexual abuse to the harrowing years of exploitation in Asia s entertainment underworld the author reveals with unflinching honesty how shadows of the past can shape a life She recounts surviving coercion navigating dangerous worlds and making heartbreaking choices including leaving behind her young daughter decisions that haunted her with shame and despair Her story is both raw and vulnerable a testament to how far the human spirit can be pushed and yet still survive *Dancing with Shadows* is not only a memoir of survival it is a journey toward transformation The author takes readers across continents California Japan Taiwan and Europe as she searches for meaning belonging and a sense of self Along the way she discovers the healing power of touch and bodywork becoming a shiatsu practitioner who offers comfort and relief to survivors of war trauma and conflict Her clients range from U S military personnel in Germany to young people from Bosnia Palestine and Israel reminding readers that healing is a universal human need that transcends borders The

turning point comes later in life when at sixty a profound breakdown forces her to finally confront her own unresolved trauma With the guidance of the right therapist and her willingness to face her shadows she begins a deep journey of self reclamation It is here that she learns wholeness is not the absence of pain but the integration of it transforming wounds into wisdom At once heart wrenching and inspiring Dancing with Shadows is a testament to resilience courage and the possibility of redemption It offers hope to survivors and valuable insight to therapists coaches and anyone dedicated to the work of healing More than a memoir it is a story of survival transformation and the unbreakable strength of the human spirit
