Von Bismarck Hitler Ein R Ckblick:

Von Bismarck zu Hitler Sebastian Haffner, 1989 *Bismarck, the Man and the Statesman* Otto Von Bismarck, 2005-01-01
Politics is the art of the possible Otto Von Bismarck famously said and here in his own words the art of politics is laid bare by one of the most prominent and influential European statesmen of the nineteenth century These This second volume of what must be considered an essential historical document details the beginnings of Bismarck s attempts to consolidate the German states and his confrontations with the military through the political intrigues of the young nat AUTHOR BIO OTTO EDUARD LEOPOLD VON BISMARCK 1815 1898 was born into a family that had belonged to the nobility from the fourteenth century He studied law at the Universities of Gvttingen and Berlin and later served as prime minister of Prussia from 1862 to 1

Von Hitler zu Bismarck Sebastian Haffner, 1987 *Bismarck's Shadow* Richard Frankel, 2004-12-01 History is a tale often told by ghosts and demi gods and our relationship to these figures often determines the shape of the narratives we weave about the past Bismarck s Shadow targets this idea as it is a book that unearths a fascinating phenomenon of German political culture the elevation of a dead political figure Otto von Bismarck to the level of a demi god and the effects of such deification on the course of German politics during the first half of the 20th century Already a central national symbol during his lifetime after his death Bismarck became the object of a political religion what Frankel regards as a Bismarck Cult This book examines how certain ritual practices and a particular historical understanding a Bismarckian gospel provided its followers meaning and direction Extending beyond the cultural as well Bismarck s Shadow also looks at how the cult of Bismarck translated into political practice In Frankel s estimation the logic of the Bismarckian political religion contributed to the right s progressive radicalization from the turn of the century to the triumph of the Nazis The image of the deceased figure of Bismarck serves as a tool to investigate the transformation of the German right from a traditional state supporting group to a populist radical nationalist movement like Nazism Timely and compelling Bismarck s Shadow raises long overdue questions about the political religion of National Socialism Germans perceptions about Bismarck and the relationship between Otto von Bismarck and Adolf Hitler *The Kaiser Vs.
