The Treatment of Disease by Acupuncture Felix Mann,1963 **The Treatment of Disease by Acupuncture** Felix Mann,1967 *The Treatment of Disease by Acupuncture* Mann,1967 *The Treatment of Disease by Acupuncture* Felix Mann,1967 *The Treatment of Disease by Acupuncture* ,1974 **The Treatment of Disease by Acupuncture** Felix Mann,1968 *A Complete Course in Acupuncture: Treatment of disease with acupuncture* ,1984 **The Practice of Chinese Medicine** Elsevier Ltd,2021-05-03 *The Treatment of Modern Western Medical Diseases with Chinese Medicine* Bob Flaws,Philippe Sionneau,2001 This book is a textbook and clinical manual on the treatment of modern Western medical diseases with Chinese medicine By modern Western medical diseases we mean all the disease categories of Western medicine excluding gynecology and pediatrics By Chinese medicine we mean standard contemporary professional Chinese medicine as taught at the two dozen provincial Chinese medical colleges in the People s Republic of China The two main therapeutic modalities used in the practice of this style of Chinese medicine are acupuncture moxibustion and the internal administration of multi ingredient Chinese medicinal formulas Treatment plans for each disease discussed herein are given for each of these two main modalities **The Practice of Chinese Medicine** Giovanni Maciocia,2008 The new edition of this popular clinical text describes the application of traditional Chinese medical theory to the diagnosis and treatment of up to 48 diseases conditions and disorders In addition to the existing 34 covered in the first edition 14 new conditions and symptoms have been added **The Treatment of External Diseases with Acupuncture and Moxibustion** Cui-lan Yan,1997 A well known acupuncturist specializing in external diseases from Tangshan Hebei wrote this clinical manual with Western practitioners in mind It covers the treatment of traumatic injuries muscle joint problems dermatological conditions and postoperative complaints Practitioners will find this book a useful addition to their library allowing them to treat an even wider variety of diseases **Acupuncture Therapy for Neurological Diseases** Ying Xia,Xiaoding Cao,Gen-Cheng Wu,Jieshi Cheng,2010-09-08 Acupuncture therapy has been practiced in China and other Asian countries for more than two thousand years Modern clinical research has confirmed the impressive therapeutic effect of acupuncture on numerous human ailments such as controlling pain nausea and vomiting However the biological mechanisms of acupuncture are still under debate In Traditional Chinese Medicine TCM the mechanism of acupuncture therapy is explained by a meridian model According to this model acupuncture is believed to treat the diseased organs by modulating two conditions known as Yin and Yang which represent all the opposite principles that people find in the universe both inside and outside the human body Yin and Yang complement each other and are subjected to changes between each other The balance of Yin and Yang is thought to be maintained by Qi an energy substance flowing constantly through the meridian a network connecting all the organs of the body The illness according to this theory is the temporary dominance of one principle over the other owing to the blockade of the Qi from flowing through the meridian under certain circumstance The axiom of No stagnation No pain in TCM summarizes this concept Thus the goal of

acupuncture treatment is to restore the balance of Yin and Yang conditions in the diseased organs. This theory has been considered to be useful to guide this ancient therapy such as carrying out diagnosis deciding on the principle and selecting the acupoints.
