The Spider and the Fly; or, An Undesired Love Charles Garvice, 2021-05-19 In *The Spider and the Fly or An Undesired Love* Charles Garvice unfurls a poignant narrative that captures the complexities of unrequited affection and the intricacies of human relationships. Garvice's literary style is marked by his vivid characterizations and melodramatic prose resonating with readers familiar with Victorian sensibilities. Set against a backdrop of societal expectations and personal desires, this tale intricately weaves themes of longing, deception, and the fragile nature of love, inviting readers to navigate the emotional tapestry of its characters. The interplay of light and darkness, metaphorically represented by the spider and the fly, serves as a captivating motif throughout the narrative, highlighting the dualities of attraction and restraint. Charles Garvice, an author well-versed in the intricacies of romantic fiction, produced a body of work that reflects the zeitgeist of the early 20th century. His life experiences and keen observations of societal norms allowed him to explore the human psyche with remarkable depth. Garvice's background in storytelling, particularly in the realm of romance and drama, undoubtedly contributed to the passionate and often tragic undertones found in this novel. Readers seeking a richly layered exploration of love's complexities and challenges will find *The Spider and the Fly or An Undesired Love* to be a compelling narrative. Awe for the Tiger, Love for the Lamb Rod Preece, 2006-06-19 Respect for animals has always been a part of human consciousness. Poets, thinkers, philosophers, scientists, and statesmen have long celebrated our compassion towards Earth's other beasts. *Awe for the Tiger, Love for the Lamb* compiles the most significant statements of sensibility to animals in the history of thought. From the myths of the ancient world to the Middle Ages to Darwin and beyond, Preece captures the most telling and fascinating accounts of humankind's relationship to the wild world, placing them in historical context. Jung called it an unconscious identity with animals, while Wordsworth saw it as the primal sympathy which having been must ever be. Linking the diverse chords of human experience that are touched by the animal world, Preece shows that despite a historical thread of cruelty, there still remains in all humanity a constant underlying concern for other beings as an integral part of the moral community. With musings and meditations from Lao Tse to Mohammed, from Plato to Jane Goodall, from classical religion to parliamentary proceedings, *Awe for the Tiger, Love for the Lamb* is an original, superbly researched history that deepens our understanding of all living beings.
