he believed was a golden artifact resting on the ocean's floor. Without the resources to investigate further, he snapped some photos and flew home. Years later, he makes a startling discovery. While watching an interview on TV, he sees an exact duplicate of the symbol he photographed, now displayed on a set of ancient tablets reported to be 7,000 years old. With his curiosity piqued, he knows he must return. Jack's new adventure leads him back to the Caribbean Sea in search of the golden artifact. While diving, he finds other ancient relics that point to the first real evidence of Atlantis. Excited and energized, he returns to the dive zone once more. Tragedy strikes, and Jack is now forced to fight for his life. Violent storms and vicious predators force him beyond even his own endurance as he clings to an improvised raft, driven not just to survive but to solve the 7,000-year-old mystery of Atlantis.
