Peter Singer

Too Beautiful For Words 10th Anniversary Edition:

Power of the Creed (10th Anniversary Edition) James M. Rankin, 2017-11-29 The Power of the Creed was a book written in 2000 that explored in depth the Optimist Creed The book documented the writings of the author of the creed Christian L Larson and provided insights into each tenet The book is one of two options for required readings for Optimist International s Personal Growth and Involvement PGI program *Seven Days that Divide the World, 10th Anniversary Edition* John C. Lennox, 2021-10-12 Now revised and updated John Lennox s acclaimed method of reading and interpreting the first chapters of Genesis without discounting either science or Scripture What did the writer of Genesis mean by the first day Are the seven days in Genesis 1 a literal week or a series of time periods If I believe that the earth is 4.5 billion years old as cosmologists believe am I denying the authority of Scripture With examples from history a brief but thorough exploration of the major interpretations and a look into the particular significance of the creation of human beings Lennox suggests that Christians can heed modern scientific knowledge while staying faithful to the biblical narrative He moves beyond a simple response to the controversy insisting that Genesis teaches us far more about the God of Jesus Christ and about God s intention for creation than it does about the age of the earth With this book Lennox offers a careful and accessible introduction to a scientifically savvy theologically astute and Scripturally faithful interpretation of Genesis Since its publication in 2011 this book has enabled many readers to see that the major controversy with which it engages can be resolved without compromising commitment to the authority of Scripture In this newly revised and expanded edition John clarifies his arguments responds to comments and critiques of the past decade since its first publication In particular he describes some of the history up to modern times of Jewish scholarly interpretation of the Genesis creation narrative as well as spelling out in more detail the breadth of views in the Great Tradition of interpretation due to the early Church Fathers He shows that contrary to what many people think much of the difficulty with understanding the biblical texts does not arise from modern science but from attempting to elucidate the texts in their own right 10th Anniversary Edition The Life You

Can Save Peter Singer, 2019-12-01 In this Tenth Anniversary Edition of The Life You Can Save Peter Singer brings his landmark book up to date In addition to restating his compelling arguments about how we should respond to extreme poverty he examines the progress we are making and recounts how the first edition transformed the lives both of readers and the people they helped Learn how you can be part of the solution doing good for others while adding fulfillment to your own life
