The Lost Words Pete May, 2012-10-15 Philip Howard s legendary Lost Words column has been appearing weekly in The Times for many years wittily illuminating a raft of the most obscure esoteric words the English language has to offer At the same time his Word Watching puzzles have provided readers with the chance to pit their lexicographical skill against his tongue in cheek multiple choice conundrums This unique collection bringing together the very best of all these is a feast for word lovers Here we can lament the disappearance of words like accismus an insincere and feigned refusal of something that is earnestly desired and wonder why we ever thought we could do without zoilus a censorious malignant or envious critic And once we have completed our journey through the dictionary entries time has forgotten there s more fun to be had as we ponder whether having a tirrit means one is in possession of a trumpet throwing a fit or the proud owner of a type of bird and if the charge of being spissid is a comment on one s girth sobriety or resemblance to a javelin either literal or metaphorical Endlessly fascinating Lost Words continues Philip Howard s amusing and informative tour of words that enrich the English language and would otherwise have been lost forever
