## **Wounded Children Healing Homes How Traumatized Children Impact Adoptive And Foster Families:**

Wounded Children, Healing Homes Jayne Schooler, Betsy Keefer Smalley, Timothy Callahan, 2014-02-27 Why doesn't our child return our love? What are we failing to understand? What are we failing to do? These questions can fill the minds of adoptive parents caring for wounded, traumatized children. Families often enter into this experience with high expectations for their child and for themselves but are broadsided by shattered assumptions. This book addresses the reality of those unmet expectations and offers validation and solutions for the challenges of parenting deeply traumatized and emotionally disturbed children.

Building Self-Esteem in Children and Teens Who Are Adopted or Fostered Sue Cornbluth, 2014-07-28 In *Building Self Esteem in Children Who Are Adopted or Fostered* Dr. Sue offers useful advice and outlines proven techniques for those supporting children aged 7 to help them grow up to be confident and successful.

**Telling the Truth to Your Adopted or Foster Child** Betsy Keefer Smalley, Jayne E. Schooler, 2015-09-15 Many adopted or foster children have complex, troubling, often painful pasts. This book provides parents and professionals with sound advice on how to communicate effectively about difficult and sensitive topics, providing concrete strategies for helping adopted and foster children make sense of the past so they can enjoy a healthy, well-adjusted future. Approximately one of every four adopted children will have adjustment challenges related to their separation from the birth family, earlier trauma, attachment difficulties, and/or issues stemming from the adoption process. Common complicating issues of adopted children are feelings of rejection, abandonment, or confusion about their origins. While many foster and adoptive parents and even many professionals are reluctant to communicate openly about birth histories, silence only adds to the child's confusion and pain. This revised and significantly expanded edition of the award-winning *Telling the Truth to Your Adopted or Foster Child* equips parents with the knowledge and tools they need to communicate with their adopted or foster child about their past. Revisions include coverage of significant new research and information regarding the importance of understanding the child's trauma history to his or her well-being and successful adjustment in his foster or adoptive family. The authors answer such questions as: How do I share difficult information about my child's adoption in a sensitive manner? When is the right time to tell my child the whole truth? How do I obtain more information on my child's history? Detailed descriptions of actual cases help the parent or caregiver find ways to discover the truth, particularly in closed and international adoption cases, organize the information, and explain the details of the past gently to a toddler child or young adult who may find it frightening or confusing.

*Parenting in Transracial Adoption* Jane Hoyt-Oliver Ph.D., Hope Haslam Straughan Ph.D., Jayne E. Schooler, 2016-02-12 An essential resource for transracially adoptive parents and the professionals who serve them, this book offers practical strategies for helping a transracially adopted child through the challenges he or she may face. Anchored in a qualitative study of parents who have adopted children identified as being of a different race, this book draws from real-life experiences to raise and respond to questions that arise before, during, and after transracial adoption. Its goal is to help adoptive parents and child

welfare professionals understand the underlying racial challenges in a transracial adoption so they can help their children cope. The book addresses questions from the obvious for example how to respond to comments from family and community members to the practical how a Caucasian mother can learn to help her African American daughter groom her hair. Topics include parental understanding of race while growing up, parental understanding of the challenges within the community and communicating within the adoptive family. The book also shares advice from practitioners about preparing and supporting families in transracial adoption. A highlight of this book is a chapter written by three adult adoptees who grew up within transracial families. Equipped with the information in this helpful volume, readers will be prepared to parent in ways that empower rather than impede their child's social, emotional, and identity development. This book will enable children welfare professionals to better help and support parents involved in these processes. *Called to Care* Bill Blacquiére, Kris

Faasse, 2019-09-17. More and more individuals, families, and churches are seeking ways they can respond to the biblical mandate to care for the least of these. The desire to help children coming from difficult situations is a necessary starting point, but what comes next? You need to know the steps for getting involved and what will truly help. Filled with real-life stories and practical advice, *Called to Care* starts by helping you honestly assess your motivation to help; sometimes the wrong motivation sets the stage for an unsuccessful experience. From there, the book shows what adoption and foster care really look like in a variety of situations, from domestic and international adoptions to short-term foster care and foster-to-adopt arrangements. Also included is how churches and individuals can minister to refugees. Rounding out this comprehensive yet concise book are tips for assessing your preparedness, how to meet common emotional and physical challenges, and the most effective ways to help families stay together and thrive. Bethany is a global nonprofit that supports children and families with world-class social services, all designed to help families thrive. We believe every child deserves to be loved, connected, and empowered through family. **Securely Attached** Kristin Berry, Mike Berry, 2020-10-06.

**Has Trauma Affected the Child You're Caring For?** Just as you prepared your home to welcome a new child, it is important to prepare your heart and mind, especially if the child has suffered from a background of trauma. Perhaps your invitation for love is met with hostility, and you find that this new member of your family rejects connection. If so, then it's critical to acknowledge the effects of trauma on a child's ability to attach. Mike and Kristin Berry realized this when they became adoptive and foster parents. In their twenty-year marriage, they have had the joy of adopting eight children and fostering twenty-three. They now offer guidance from their own journey to others parenting a child who has experienced past trauma. In *Securely Attached*, they offer practical insights that are supported by therapeutic and medical facts so all parents can provide best for the children in their care. You'll learn how trauma changes the brain, how to identify trauma-induced behaviors, how to identify attachment disorders, how to advocate for your child in the community, get the help you need to better care for the children in your home, discover how you can create a family and home that is safe and supportive so your children can grow to trust and become securely attached.

**Replanted** Jenn Ranter Hook, Joshua N. Hook, Mike Berry, 2019-01-07 Many people embark on the journey of adoption and foster care but are unprepared for the challenges that await them along the way Replanted takes an honest look at the joys and hardships that come with choosing this journey and provides a model of faith based support made up of three parts to help families thrive Soil Sunlight and Water Soil or emotional support addresses the need for grace filled settings where families can connect with other families who understand their experience Sunlight or informational support focuses on obtaining helpful training to raise children who may have unique needs or challenges Water or tangible support deals with concrete resources such as medical care child care and financial support Throughout the book the Replanted model is brought to life by stories and examples based on the clinical work and personal experiences of the authors Their candid insight will serve families who are actively involved in adoption or foster care as well as people who are eager to help support those families Replanted affirms that with the right support system in place parents can answer this sacred call not only with open hearts but also with their eyes wide open

**Denied! Failing Cordelia: Parental Love and Parental-State Theft in Los Angeles Juvenile Dependency Court** Simon Cambridge, 2019-09-17 Climbing the Broken Judicial Ladder continues the author's journey of exploring the heartbreak and loss of first adopting Cordelia with severe reactive attachment disorder RAD in Washington state and then of nearly losing her to the draconian and confused child welfare legal complex in Los Angeles In this third volume of his Denied Failing Cordelia trilogy Cambridge climbs the broken California judicial ladder from the California Court of Appeals Second Appellate District based in Los Angeles to the California Supreme Court Cambridge concludes that in appeals relating to dependency cases the ladder is broken for parents seeking to advocate for themselves and for the true best interests of their children Policies relating to child welfare are flawed Cambridge argues because of the preemptive and prejudicial response to the issues raised during the detention of children As with his two earlier books Cambridge explores issues connected with how best to parent his adopted daughter and advocate for her needs in the context of a dependency case Cordelia's reactive attachment disorder would surface throughout the judicial struggle as would the author's own struggles with Asperger syndrome Each would feed negatively into the overall trauma and drama of the author's unrelenting quest to reunite his forever family Cambridge believes that dependency proceedings are ill equipped on many levels to elicit a proper understanding of RAD or of the therapeutic parenting needed to address it Cambridge believes that adoptive parents of children with special needs need to be understood by more sympathetic social workers and by therapists trained in attachment disorders Cambridge's persistent efforts to reunite his forever family would leave him increasingly isolated as he climbs the judicial ladder Based on his experiences Cambridge explores areas for reform in Los Angeles dependency proceedings and evokes Shakespeare's King Lear by arguing that social workers need to see better and that the Los Angeles Juvenile Dependency Court needs to encourage a broader understanding of the issues raised through more effective legal advocacy from assigned dependency lawyers Cambridge argues that parents should be allowed to

address the court directly Cambridge also relates how he and his daughter have found many positive and healthy ways to heal in the years since their dependency case ended Much trauma could have been avoided if those around them had seen better and had recognized the value in their dramatic and loving adoption journey A Call to Love Julie
