Your Child And The New Age:

Children of the New Age Steven Sutcliffe, 2003 As the first true social history of New Age culture this presents an unrivalled overview of the diverse varieties of New Age belief and practise from the 1930s to the present day *The New Age*, 1928 New Age and Neopagan Religions in America Sarah M. Pike, 2004 Sarah Pike traces the history of New Age and Neopagan religions in the United States from their origins in the nineteenth century to their reemergence in the 1960s counterculture She also considers the differences and similarities between the New Age and Neopagan movements as well as the antagonistic relationship between these two practices and other religions in America particularly Christianity Covering such topics as healing gender and sexuality millennialism and ritual experience she offers a sympathetic yet critical treatment of religious practices often marginalized yet soaring in popularity Her book is a rich analysis of these spiritual worlds and social networks and questions why these faiths are flourishing at this point in American history *Raising Our Vibrations for the New Age* Sherri Cortland, ND, 2015-12-16 A group of entities on the other side of the veil came together for the specific purpose of dictating this material to Sherri through automatic writing This was originally introduced in her first book *Windows of Opportunity* As they stated The purpose of this book is simple It is to help people make it through the Shift with as little stress and drama as is humanly possible during a sensation of this type and it is sensational as it is something that beings are gathering from all corners of the universe to see It is something that entities would give their soul teeth to be part of because it is so juicy and so new and so historic Being on your side and having to worry about weather changes and storms and disasters isn't fun and we all know that but on this side we know that every one of you who is there signed up for it and you were chosen to be there It is not something that you are part of because of bad luck American Feminism and the Birth of New Age Spirituality Catherine Tumber, 2002-09-18 Contrary to popular thought New Age spirituality did not suddenly appear in American life in the 1970s and 80s In *American Feminism and the Birth of New Age Spirituality* Catherine Tumber demonstrates that the New Age movement first flourished more than a century ago during the Gilded Age under the mantle of New Thought Based largely on research in popular journals self help manuals newspaper accounts and archival collections *American Feminism and the Birth of New Age Spirituality* explores the contours of the New Thought movement Through the lives of well known figures such as Mary Baker Eddy Madame Helena Petrovna Blavatsky and Edward Bellamy as well as through more obscure but more representative New Thinkers such as Abby Morton Diaz Emma Curtis Hopkins Ursula Gestefeld Lilian Whiting Sarah Farmer and Elizabeth Towne Tumber examines the historical conditions that gave rise to New Thought She pays close attention to the ways in which feminism became grafted with varying degrees of success to emergent forms of liberal culture in the late nineteenth century progressive politics the Social Gospel humanist psychotherapy bohemian subculture and mass market journalism *American Feminism and the Birth of New Age Spirituality* questions the value of the new age movement then and now to the pursuit of women's rights and democratic renewal
