Tithing From A Laymans Perspective:

Tithing from a Layman's Perspective Joel M. Wilson, 2017-10-10 What is the biblical position about tithing When gathering together all individual verses and passages about tithing specific and about giving in general are Christian people commanded to tithe Many Christian people ardently believe so They bend over backwards to make sure that no expenses interfere with their tithe to their church This includes ordained pastors and Bible scholars such as seminary professors On the other hand most Christian people do not tithe And some pastors and scholars teach and preach that tithing is not a biblical norm or requirement for Christians In summary they say that Old Testament law does not apply to New Testament Christians and the New Testament giving emphasis is on ability and cheerfulness rather than on fixed percentages So what is the proper interpretation and application of tithing passages from the Holy Bible for New Testament Christians today In the first edition of this book I gathered together many passages about tithing analyzed them in their context and concluded that tithing is the proper standard for Christians In this second edition I have gathered material from authors who preach and write from a counter viewpoint These authors are degreed clergy and scholars I am just an ordinary church layman as you are What did I find after further research on the tithing subject Read and discover Give as you have prayerfully concluded that you should

Perspectives on Tithing David A. Croteau, 2011-04-14 David A Croteau Ken Hemphill Bobby Eklund Reggie Kidd and Gary North debate the varying views on how Christians are to give of their financial resources addressing the myriad of questions surrounding the complex issue

Tithing and Tithing Reminiscences Old covenanting and true Presbyterian layman, 1915

You Mean I Don't Have to Tithe? David A. Croteau, 2010-02-01 Tithing is a well known church practice in our day and age but do church goers really practice it When did the concept of tithing begin How is it justified What does the Bible say about it You Mean I Don't Have to Tithe is a detailed study on the controversial topic of tithing covering over 2 000 years of well known theologians regarding this topic Dr Croteau's intense tithing investigation will enable you to explore tithing and related topics in depth expounding many misconceptions of tithing as well as aiding in a correct understanding of this popular topic

Healing His Wounded Church John Black, 2004-08 Healing His Wounded Church exposes the roots of the problems in the Catholic Church and brings fresh thinking to bear for laying the axe to those roots It is plainspoken authentically Catholic and rich in content Having a vision of healing come from the spiritual journey of a common layman provides new and innovative thinking It serves a pressing need in today's Church Couples have been led into sinful practices in their marriages Two generations no longer know their Faith Few understand the spiritual life and how to pray This formation is presented with practical simplicity for clergy and lay apostles as well as for couples and families It leans heavily on John Paul II's Theology of The Body and teachings on family and spiritual life There are several deeply personal surprises included which are an inspiration According to the author Catholic Culture has run aground and must rise from the ashes of Pagan Modernism spawned in a camp of death The book calls for fidelity to Christ and to the teachings of

his Church Only the salve of Truth will Heal His Wounded Church setting us free from sin and error Hermeneutical Perspectives of Women in the Ordained Office of the Ekklesia E. L. Reed, 2010-08-18 Whose Church Is It Anyway? Peter Una, 2012-05-24 Whose Church is it Anyway A laymans perspective on popular church teachings and practices and their impact on revival in black majority churches This book looks at the role recent and emerging Biblical teachings have in shaping the church as it moves forward in its role as the Bride of Christ It also sheds some insight into revival How they come about the qualities of the people God uses to bring revival to a nation and the impact of revival in our lives the church and community Whose Church is it Anyway boldly addresses several issues that the average Christian shies away from in particular obedience to God and motives for doing what we do This book has been written for both lay members and church leaders in a none threatening friendly way and is easy to read It will challenge and inspire you as you read through its pages Pastor Roland Henshaw Word of Life Church London England I picked up this book to read and could not put it down Peter Una has written straight from his heart with passion fervour and deep cutting honesty The contents of these pages will challenge your life and drive you to your knees The truth outlined here will annoy church goers but bless followers of Jesus Christ This compelling book will help you build Gods Kingdom de clutter for destiny and stand ready for eternity Dr Jonathan Oloyede Convener of Global Day of Prayer London England **The Epworth Herald** ,1921 **A Life that Really Matters** Danny E. Morris, 1965 *Kleptomaniac: Who's Really Robbing God Anyway?* Frank Chase Jr, 2016-06-14 KLEPTOMANIAC Who s Really Robbing God Anyway is a trek through the pages of the Bible to find the untwisted truth about the centuries old teachings on tithes and offerings Every page of this book has information that will make you become an analyst in getting to the bottom line of what tithing is in the Old and New Testament It takes you on a journey to first define the word tithe and then breaks down the differences between giving and tithing as the Bible instructs The author attempts to expose what most people believe as fact to bring them to what the Bible actually teaches when it comes to true giving Are the arguments put forth today about tithing fact or fiction This book tackles tough questions like did God ever require a tithe of money Was the contents of the tithe always money in the Bible Who is really robbing God today Did God change the tithe at some point in biblical history Are first fruits money Is the tithe food money or both Is the church the storehouse Did Jesus Paul and the Disciples tithe Did the early church honor a money tithe system Are Christians really cursed for not tithing ten percent of their income These questions will be answered based on scholarship the land the language and the literature of the original Biblical people Not only will questions be answered for those confused about whether or not they are required to pay ten percent of their income to any religious institution they will learn what the Bible really teaches about money and stewardship The author meticulously examines the word tithe in both the Hebrew and Greek language To understand every Bible verse that contains the word tithe the author gives context and definitive definitions for clarity of the text This book also explains the concept of giving from a New Testament perspective without the mandate of ten percent and explains why the Apostle

Paul never mentioned tithing to any of the New Testament congregations From Genesis to Revelation this book is about how to properly interpret biblical terms to arrive at the proper interpretation of a biblical text that refers to money or tithing Because there are pros and cons about tithing the author examines both tithing and non tithing theological camps and presents analysis and conclusions so that the reader can make an informed choice as to how they will give in the future Since money is vital in every part of society and the church this book spends a considerable amount of time detailing how money was used in the Bible to help readers know the difference between tithes and money The tithing phenomenon has been around for centuries and this book is an expose into the how the current doctrine came into existence and who the culprits were who played a major role in what churches teach today Whether you agree or disagree with tithing as a viable doctrine KLEPTOMANIAC is a back to the past look at Israel s history and how they practiced tithing in a theocracy This book also questions how tithing practices of today affect people financially and how those practices are unlike tithing practices of yesterday Not only does this book challenge the accepted definitions of the tithe it also questions the sustainability of the current practices especially when economic times get tough for people who may not be able to give much From the very beginning to the end of the book everything is supported by Scripture and research You will know from the onset why the author Dr Frank Chase Jr wrote the book and learn about his personal story of what happened as a result of embracing New Covenant giving principles from the New Testament Not only does the book cover the Old Testament tithe it also unveils what the New Testament teaches about giving by analyzing some of the epistles of Apostle Paul concerning his views and instructions on charitable giving
