Charles Fort Jim Steinmeyer, 2008-05-01 The seminal biography of the twentieth century's premier chronicler of the paranormal Charles Fort a man whose very name gave rise to an adjective fortian to describe the unexplained By the early 1920s Americans were discovering that the world was a strange place Charles Fort could demonstrate that it was even stranger than anyone suspected Frogs fell from the sky Blood rained from the heavens Mysterious airships visited the Earth Dogs talked People disappeared Fort asked why but even more vexing he also asked why we weren't paying attention Here is the first fully rendered literary biography of the man who more than any other figure would define our idea of the anomalous and paranormal In **Charles Fort The Man Who Invented the Supernatural** the acclaimed historian of stage magic Jim Steinmeyer goes deeply into the life of Charles Fort as he saw himself first and foremost a writer At the same time Steinmeyer tells the story of an era in which the certainties of religion and science were being turned on their heads And of how Fort significantly was the first man who challenged those orthodoxies not on the grounds of some counter fundamentalism of his own but simply for the plainest of reasons they didn't work In so doing Fort gave voice to a generation of doubters who would neither accept the straight story of scholastic science nor credulously embrace fantastical visions Instead Charles Fort demanded of his readers and admirers the most radical of human acts Thinking

S. Volpe, 2018-09-05 Two years have passed since the fateful events of Book One Now sophomores in college Calvin and Cynthia investigate a campus murder linked to the legendary Ur Tarot the original Tarot cards created by a psychic monk a millennium ago Along the way the duo befriends Kaarina Nurmi a beautiful bisexual Finnish girl who helps out with the investigation Unfortunately Kaarina s involvement might prove to be more trouble than it s worth given that Calvin is straight Cynthia is gay and both of them are frustrated virgins who see their sensual new friend as the answer to their lonely prayers Will the duo s ensuing rivalry for the delectable Finn derail both the investigation and their friendship Then again considering the way the dead bodies are piling up they might not be alive long enough for it to matter *Science Fact and Science Fiction* Brian Stableford, 2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings *Science Fact and Science Fiction* examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed Weirder Shadows Over Innsmouth Stephen Jones, 2015-01-27 More spine tingling tales of Lovecraftian horror inspired by the classic novella *The Shadow Over Innsmouth* with stories from Caitlín R Kiernan Ramsey Campbell Brian Lumley and more Respected horror anthologist Stephen Jones edits this collection of 17 stories inspired by the 20th century s master of horror H P Lovecraft s *The Shadow Over Innsmouth* in which a young man goes to
