To Feel What Others Feel Social Sources Of The Placebo Effect:

Placebo Talks Amir Raz, Cory S. Harris, 2016 This volume provides various perspectives on how psychosocial parameters such as interpersonal rapport historical and contemporary context corporate memory expectation empathy hope conditioning symbolic thinking and suggestion play a role in forming placebo responses and placebo effects *The Nocebo Effect* Stewart Justman, 2016-04-30 The Nocebo Effect documents the transformation of normal problems into medical ones and brings out the risks of this inflationary practice One notable risk is that people labeled as sick may find themselves living up to their label through the alchemy of the nocebo effect

How Do You Know? J.M. Beach, 2017-11-13 This book defines the concept and practices of literacy through a discussion of knowledge information media culture subjectivity science communication and politics Examining the ways in which the spread of literacy and education have caused culture wars in pluralist societies since the 16th century the author reviews an interdisciplinary array of scholarly literature to contend that science and more broadly evidence based inductive arguments offer the only reliable source information and the only peaceful solution to cultural conflict in the 21st century With a focus on the multifaceted practice of literacy as communication as embedded within larger social and political processes this book offers a comprehensive study of literacy through five core topics knowledge psychology culture science and arguing over truth in pluralist democracies The central thesis of the book argues that we require a new literacy that incorporates reading and writing with advanced cognitive and epistemological skills Today's citizens need to be able to understand the basic cognitive and cultural processes through which knowledge is created and they need to know how to evaluate knowledge peacefully debate knowledge and productively use knowledge for both personal decisions and public policy How Do You Know The Epistemological Foundations of 21st Century Literacy is an interdisciplinary study that will appeal to scholars across the sciences and humanities especially those concerned with pedagogy and the science of learning

Histories of Science David Alff, Danielle Spratt, 2025-06-30 Spreading the news of scientific breakthroughs in the eighteenth century Histories of Science shows how different forms of media communicated scientific breakthroughs during the long eighteenth century bringing together eighteen humanities scholars to discuss the representation reception and application of natural philosophy in the Atlantic world In particular the authors focus on descriptions of scientific discoveries in popular print with essays on topics as varied as placebo pills irrigation systems and navigational technology And while each contributor advances a discrete argument the collection coheres in its shared questions of methodology historicity and ethics Histories of Science expands our record of the past our understanding of the present and our ability to imagine the future
