Velocities New And Selected Poems 19661992:

Velocities Stephen Dobyns,1994-01-11 Stephen Dobyns is one of the very finest poets writing in America today His poems are brave ravenous intensely moving and utterly his own Thomas Lux Velocities presents a selection of poems spanning more than twenty five years in the career of Stephen Dobyns one of the finest and most original poets of our age This volume brings together new poems and a generous selection of work from Dobyns s seven previously published collections

Velocities Stephen Dobyns,1994 A collection of poetry draws from the poet s eight published volumes and includes several new poems In the Pines Alice Notley,2007-10-02 A bold and strikingly original new work from one of America s greatest living poets Alice Notley is considered by many to be among the most outstanding of living American poets Notley s work has always been highly narrative and her new book mixes short lyrics with long expansive lines of poetry that often take the form of prose sentences in an effort to change writing completely The title piece a folksong like lament makes a unified tale out of many stories of many people the middle section The Black Tractor is a compilation of noir fictions and reflections while the shorter poems of Hemostatic range from tough lyrics to sung dramas Full of curative power music and the possibility of transformation In the Pines is a genre bending book from one of our most innovative writers **It Shouldn't**

Have Been Beautiful Lia Purpura,2015-09-29 A powerful new collection from poet essayist and frequent New Yorker contributor Lia Purpura Lia Purpura has won national acclaim as both a poet and an essayist The exquisitely rendered poems in this her fourth collection reach back to an early affinity for proverbs and riddles and the proto poetry found in those forms Taking on epic subjects time and memory metamorphosis and indeterminacy the complicated nature of beauty wordless states of being each poem explores a bright crisp singular moment of awareness or shock or revelation Purpura reminds us that short poems never merely brief nor fragmentary can transcend their size like small dogs espresso a drop of mercury

Excerpts from a Secret Prophecy Joanna Klink,2015-03-31 New work from an awardwinning poet Joanna Klink has won acclaim for poetry of bracing emotional intensity Of her most recent book Raptus Carolyn Forché has written that she is a genuine poet a born poet and I am in awe of her achievement The poems in Klink s new collection offer a closely keyed meditation on being alone on a self fighting its way out of isolation toward connection with other people and a vanishing world

Organs of Little Importance Adrienne Chung,2023-10-10 Mind detritus becomes the stuff of great art in the hands of poet Adrienne Chung a poet in complete command of her craft NPR.org Organs of Little Importance is a riotous feat Ferocious Funny Deeply intelligent Adrienne Chung leaves a charred wake Solmaz Sharif author of Customs and Look From National Poetry Series winner Adrienne Chung a debut poetry collection about psychology love and memory Taking its title from Darwin s On the Origin of Species Adrienne Chung s debut collection asks why we cling so dearly to the vestigial parts of our psychologies residues of first impressions thought spirals to nowhere memories that persist despite outliving their usefulness The speaker in these poems tries to wear more color indulges in Y2K nostalgia and falls in and out of love a

Jungian psychoanalyst has a field day with her dreams While Darwin was perplexed and ultimately dismissive of these seemingly useless body parts *Organs of Little Importance* reframes and repositions the apparent uselessness of our compulsions superstitions errant thoughts and other selves In diptychs and ghazals sonnets and lullabies Chung collects and preserves pieces of psychological debris as one would care for precious heirlooms revealing their surprising potential to become sites of meaning and connection

Is This My Final Form? Amy Gerstler, 2025-04-01 A poet renowned for her wit and complexity Poetry Foundation explores the endless evolution and malleability of life on earth in her most curious inventive collection to date Aren't we all shape shifters Is any animal vegetable or mineral even a commonplace object what it seems to be at any given moment Who isn't juggling constant transformations conflicting roles changing loyalties loves perceptions and selves all while being pummeled by shifting devotions emotions and obsessions Do even the dead continue to evolve in surprising ways Reveling in these questions Gerstler's latest protean poetry collection includes loose sonnets shapely praise of Mae West the lament of an actor who can't shed his costume dramatic monologues whiffs of gender slippage a love lyric to the bride of Frankenstein and a ten minute play

How to Be Drawn Terrance Hayes, 2015-03-31 A finalist for the 2015 National Book Award and the National Book Critics Circle Award In *How to Be Drawn* his daring fifth collection Terrance Hayes explores how we see and are seen While many of these poems bear the clearest imprint yet of Hayes's background as a visual artist they do not strive to describe art so much as inhabit it Thus one poem contemplates the principle of blind contour drawing while others are inspired by maps graphs and assorted artists The formal and emotional versatilities that distinguish Hayes's award winning poetry are unified by existential focus Simultaneously complex and transparent urgent and composed *How to Be Drawn* is a mesmerizing achievement

Fear of Description Daniel Poppick, 2019-10-01 From Midwestern bars to Brooklyn apartments narrative poems that find millennials adrift in political upheaval and personal crisis and trying to find their way back to one another Winner of the 2018 National Poetry Series competition selected by Brenda Shaughnessy These poems tell the story of a generation in crisis at odds with its own ideals precariously or just unemployed and absolutely terrified of seeing itself in the planet's future Is our contemporary moment pure tragedy or a dark joke Can it be both Cutting back and forth in time and ranging between elegiac lyrics and autobiographical accounts of a group of poets moving from Iowa to Brooklyn in the years just before and after the 2016 election *Fear of Description* reinvigorates the prose poem exploring the slippery terrain between grief and friendship artifice and technology writing and ritual hauntings and obsessions searching for joy in art but instead finding it in pitch darkness

The Second Sex Michael Robbins, 2014-09-30 A second collection from a poet of sheer joy and dizzy command The New York Times Upon its publication in 2012 *Alien vs Predator* the debut collection by Michael Robbins became one of the hottest and most celebrated works of poetry in the country winning acclaim for its startling freshness and originality and leading critics to say that it was the most likely book in years to open up poetry to a new readership Robbins's poems are strange

wonderful wild and irrationally exuberant mashing up high and low culture with a sky blue originality of utterance The New York Times The thirty six new poems in The Second Sex carry over the music attitude hilarity and vulgarity of Alien vs Predator while also working deeper autobiographical and political veins **Forage** Rose McLarney,2019-09-03 Winner of Weatherford Award for Best Poetry Book about Appalachia A poet acclaimed for uncompromising honest poems that sound like no one else The Rumpus now offers considerations of the natural world and humans place within it in ecopoetry of both ambitious reach and elegant refinement Rose McLarney has won attention as a poet of impressive insight craft and a constantly questioning and enlarging vision Andrew Hudgins In her third collection Forage she continues to weave together themes she loves home heritage the South animals water the environment These intricately sequenced poems take up everything from animals symbolic roles in art and as indicators of ecological change to how water can represent a large troubled system or the exceptions of smaller purer tributaries At the confluence of these poems is a social commentary that goes beyond lamenting environmental degradation and disaster to record and augment the beauty of the world in which we live May Day Phillis Levin,2008-04-29 A sensuous and musical new collection from acclaimed poet Phillis Levin May Day is a work of a visionary imagination In tones playful and celebratory in gestures both intimate and international Levin s poems explore how tenderness and violence change our lives From a flood overtaking the Prague zoo to the joy of a maypole dance from a mural of the Trojan War in a Greek diner in New York to the noiseless explosions of time in the opening of a flower these poems are rhapsodies of the senses and the intellect disclosing new thresholds of meaning *The American Humanities Index* Stephen H. Goode,1997 **The New York Times Book Review** ,1995 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **New England Review** ,1995 **Contemporary Poets** Thomas Riggs,1995 This reference work combines bibliographical biographical and critical information on 900 living poets writing in the English language Entries are arranged alphabetically and this edition includes 120 new entrants including Wendy Cope Benjamin Zephaniah and Rachel McAlpine **CURRENT CONTENTS** ,1995 **American Writers** Jay Parini,2004-10 Contains biographical and critical essays on the work of important American writers Presents scholar signed essays prepared by experts in the field *The Seneca Review* ,1994 **The Porcupine's Kisses** Stephen Dobyns,2002 Stephen Dobyns is one of America s most respected poets his manner is tart and often sardonic his language tough funny yet at heart profoundly humane In his eleventh book of poetry he pushes the boundaries of conventional collections presenting an intriguing two part volume The first section contains ruminative prose poems dealing with a man who is looking back over the successes and failures of his life that are intercut with short considerations in the manner of the Maxims of La Rochefoucauld The second section presents an alphabetical selection of words defined by Dobyns in evocative one line phrases Punctuating the text throughout are woodcuts and line drawings by the artist Howie Michels A compelling exploration of attitudes words and

concepts this is an important addition to Doybns s body of work
