Venini Catalogue Raisonné 1921 1986:

Venini Glass, 1921-1986 Anna Venini Diaz de Santillana, 2000 Venini Catalogue Raisonné 1921 1986 offers an in depth account of the involving company history of the glassworks set up by Paolo Venini in 1921 and carried forward by members of the Venini family up until 1986 the year in which the business was sold off. Alongside the comprehensive catalogue containing some 250 descriptions detailing each item produced in over six decades of activity the book's curator Anna Venini Diaz de Santillana has traced the history of the Vetriere Venini glasshouse through each successive master craftsman's term as art director: Napoleone Martinuzzi, Carlo Scarpa, Paolo Venini himself, Tomaso Buzzi, Fulvio Bianconi and Ludovico Diaz de Santillana. The careful analysis underlying each critical essay and the breadth of topics covered make this book an invaluable reference work on the creative enterprise and outstanding achievements of Venini. Anna Venini Diaz de Santillana has numerous publications to her name and has curated various collections. Maria Novella Benzoni Graduated in the History of Art with a specialisation in modern glass at the University of Udine, presently a consultant of the Fondazione Giorgio Cini in Venice. Venini Anna Venini Diaz de Santillana, 2000 **Art Market Research** Tom McNulty, 2013-12-27 This book is for art market researchers at all levels. A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues: auction, commercial gallery etc. Library research skills are reviewed and advanced methods are explored in a chapter devoted to basic market research. Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works, two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts respectively and provide annotated bibliographies. Methods for assigning values for art objects are explored and sources of price data both in print and online are identified and described in detail. In recent years art historical scholarship increasingly has addressed issues related to the history of art and its markets; a chapter on resources for the historian of the art market offers a wide range of sources. Finally, provenance and art law are discussed with particular reference to their relevance to dealers, collectors, artists and other art market stakeholders. *Journal of Glass Studies*, 2009 Craft and Concept Matthew Kangas, 2006 Matthew Kangas captures the essence of the debate as to whether those working in craft media are artists or not, covering all crafts media with a special emphasis on ceramics. **New Glass Review**, 2001 **Glass**, 2004
