Understanding and Teaching Reading Comprehension Jane Oakhill, Kate Cain, Carsten Elbro, 2014-08-21 The ultimate aim of reading is not the process but to understand what we read and comprehension can take place at many different levels There has been an increasing emphasis on the importance of reading comprehension in recent years but despite this there is very little written on this vital topic accessible to trainee and practicing teachers The Handbook of Reading Comprehension presents an overview of recent findings on reading comprehension and comprehension problems in children It provides a detailed examination of the characteristics of children who have reading comprehension difficulties and examines ways in which comprehension can be supported and improved It is accessibly written for students and professionals with no previous background in the psychology of reading or reading problems This indispensable handbook asks the question what is comprehension The authors consider comprehension of different units of language understanding single words sentences and connected prose and outline what readers and listeners have to do to successfully understand an extended text This book also considers comprehension for different purposes in particular reading for pleasure and reading to learn and explores how reader characteristics such as interest and motivation can influence the comprehension process Different skills contribute to successful reading comprehension These include word reading ability vocabulary knowledge syntactic skills memory and

discourse level skills such as the ability to make inferences knowledge about text structure and metacognitive skills The authors discuss how each one contributes to the development of reading comprehension skill and how the development of these skills or their precursors in pre readers provides the foundation for reading comprehension development Areas covered include Word reading and comprehension Development of comprehension skills Comprehension difficulties Assessment Teaching for improvement Throughout the text successful experimental and classroom based interventions will be highlighted practical tips for teachers and summary boxes detailing key points and explaining technical terms will be included in each chapter Research-Based Methods of Reading Instruction, Grades K-3 Sharon Vaughn, Sylvia Linan-Thompson, 2004-08-15 A concise overview of the research on reading plus dozens of effective reading activities and lesson plans that teachers can use immediately with beginning readers **NAEP 1994 Reading Report Card for the Nation and the States** Jay R. Campbell, 1996 This report describes students reading achievements at grades 4 8 and 12 and within various subgroups of the general population State level results are presented for individual states that chose to participate in the 1994 Trial State Assessment Chapter 1 presents an overview of the 1994 NAEP reading assessment and sample questions and responses Chapter 2 provides overall average proficiency results for the nation regions subgroups of students and jurisdictions participating in the Trial State Assessment Chapter 3 describes students reading performance in terms of achievement levels Chapter 4 focuses on cross state comparisons of proficiency results from the state by state assessment at grade 4 Chapter 5 describes contextual factors related to students reading achievement Chapter 6 describes specific abilities demonstrated by students in the NAEP reading assessment and reports student performance when reading for different purposes The most striking finding from the 1994 assessment is that the average reading proficiency of 12th grade students declined significantly from 1992 to 1994 Other major findings include 1 the decline in average proficiency among 12th graders between 1992 and 1994 was concentrated among lower performing students 2 reading proficiency at all three grade levels was higher on average for students whose parents had more education 3 at all three grade levels female students had higher average reading proficiencies than male students and 4 students who reported having a greater array of literacy materials in their homes displayed higher average reading achievement Contains 38 tables and 23 figures of data Appendixes provide an overview of procedures used in the 1994 assessment and describe students reading performance cross state proficiency and achievement level results and sample texts and questions RS *Successful Strategies for Reading in the Content Areas, Grades 1-2* Shell Education, 2007-07-17 To be successful students must be able to comprehend the nonfiction material they encounter in textbooks reference materials and testing situations The ability to interpret nonfiction information depends on the development of several key skills and strategies Main Idea Supporting Details Using Text Organizers Summarizing Paraphrasing Using Parts of the Book Developing Vocabulary Making Inferences Prior Knowledge Making Connections Setting the Purpose Author s Point of View Questioning Structural Patterns Visualizing This
