Fracturing of America In this terrific piece of scholarly journalism Jon Wiener imaginatively combines scholarship on the Cold War contemporary journalism and his own observations of various sites commemorating the era to describe both what they contain and just as importantly what they do not By interrogating the standard conservative brand of American triumphalism Wiener offers an interpretation of the Cold War that emphasizes just how unnecessary the conflict was and how deleterious its aftereffects have really been Ellen Schrecker author of *Many Are The Crimes McCarthyism in America* New York Magazine ,1980-06-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *BMJ* ,2000
