Creative Intelligence in the 21st Century Don Ambrose, Robert J. Sternberg, 2016-07-15 How can creative individuals and societies adapt to complex 21st century conditions Will civilizations thrive or collapse in the decades to come if they are not creative enough or if they are too creative Interest in these questions is growing however until now there has been inadequate understanding of the socioeconomic and cultural trends and issues that influence creativity This book provides that understanding while yielding insights from many of the world's leading creativity researchers and educational experts The book begins with a big picture interdisciplinary overview of the socioeconomic cultural and technological pressures emerging from 21st century globalization and describes some ways in which those pressures simultaneously suppress distort and invigorate creativity in general and creative education in particular After that prominent scholars of creativity and education use their impressive knowledge bases to clarify how we can adjust our thoughts and actions in order to give ourselves the best possible chances for success in this complex world The world's problems are complex messy and seemingly intractable

but history tells us that human creativity finds solutions to even the most daunting problems This book collects perspectives on creative development from many of the most respected scholars and educators working in creativity and innovation today helping chart a path forward for creativity in the 21st century Jonathan Plucker Julian C Stanley Endowed Professor of Talent Development Johns Hopkins University A volume taking on macro opportunities and macroproblems by editors Ambrose and Sternberg is a treat for readers who want to think big and think forward Kick back for an imaginative journey that reaches back to early global insights but propels us solidly into the 21st century and beyond Ann Robinson Past President National Association for Gifted Children

Challenging the Internationalisation of Education Lucy Bailey, 2023-07-07 This book presents a searing critique of the global take on education questioning why the idea that education should be international has come to dominate the field and positing that the discourse of internationalisation has altered the way we conceptualise education Using diverse examples from the Middle East the UK and South East Asia the book gathers insights from international schooling refugee education and the internationalisation of higher education to argue that the global gaze renders other ways of looking at education as invisible It suggests that an oversaturation of international comparison amongst individuals and institutions alike creates a culture of powerlessness exclusion and silencing Furthermore this volume also debates the issues that are caused when education is required to transcend national boundaries Ultimately questioning the global education system in its current form this book will be an important contribution for academics researchers and students in the fields of higher education education policy and politics and education and development more broadly

Creative Mavericks: Beacons of Authentic Learning Sue Haynes, 2007-06-29 For over thirty years Sue Haynes has taught highly creative children who resist standardized learning and who are often mislabeled ADD and or learning disabled Through supporting their creative expression she has developed an alternative lens through which she sees their unique strengths Through this lens Sue sees not disabled learners but talented intuitive individuals who exhibit a passion for learning what intrigues them and a drive to express their learning in creative ways These learners are compelled to be true to their inner agendas and thus resist curriculums that lack personal relevance Sue has discovered that creatively gifted learners and indeed all learners need the freedom and support to learn through intuitive knowing and creative expression in order to maximize their potential Sue's book about her theories and experiences Creative Mavericks Beacons of Authentic Learning consists of three sections Section One includes Who is the Creatively Gifted Learner which explores the attributes

of highly creative learners and Seeing Through a Different Lens Facilitating the Creatively Gifted Learner which describes her teaching Section Two Heartsongs The Struggles and Triumphs of Creatively Gifted Learners includes the stories of twelve individuals who share reflections on their schooling and the fruition of their creative empowerment Section Three Implications of Education for Creatively Gifted Learners Awakening Passion and Authenticity in All Learners further explores the conditions which foster learning empowerment through the reflections of nine innovative classroom teachers These teachers reveal that the passion and creative expression so evident in highly creative learners are seeded within all learners and can be awakened by teaching which honors the uniqueness of each individual Sue s hope is that Creative Mavericks may inspire an exploration of teaching and learning that moves beyond the confines of standardized education and empowers our true potential
