The Cultures of Alternative Mobilities Phillip Vannini, 2016-03-16 *The Cultures of Alternative Mobilities* presents a series of ethnographic studies focusing on the local cultures of mobilities and immobilities emphasizing the everyday sense of contingency and heterogeneity that accompanies them Compensating for the excess of theory and criticism based on the notion of hypermobilities this book sheds light on the nuanced differences and idiosyncrasies of mobility with a view to rediscovering meanings and lifestyles marked by movement and immobility Original empirical and global case studies are presented by an international team of scholars exploring the complex negotiated and contingent nature of the social worlds of movement By avoiding sweeping generalizations on the deeply connected and readily mobile nature of society as a whole this volume sheds light on the diversity of mobility modes in an accessible and interdisciplinary form that will be of key interest to sociologists geographers and scholars of human mobility communication and culture *Turtles in Our Wake*

Sandra Clayton, 2012-01-03 Most people at some point long to escape from the weather the commute the routine Sailing off in a forty foot boat called *Voyager* comes at a price however Indeed for David and Sandra Clayton it meant selling their house and possessions with a lifetime's collection of memories and emotions attached to them But the result proved life enhancing With her eye for detail and vivid descriptions Sandra carries the reader with her through some of the Mediterranean's loveliest islands Charmed by tranquil anchorages ancient harbours and the people they meet they also develop a fascination with the sea and its wildlife And whilst questioning the things we value and the nature of happiness this book reveals the growing and sometimes amusing interdependence of two people alone at sea This is the sequel to the popular *Dolphins under my Bed* which charted Sandra and David's first long journey a 2 000 mile voyage from England down the Atlantic coast and into the warm waters of the Mediterranean *Reeds Nautical Almanac 2025* Perrin Towler, Simon Jollands, 2024-08-22
