Your Childs Road To Success Begins At Home

Gary S. Goodman

Your Child's Road To Success Begins At Home:

The Forty Plus Entrepreneur: How to Start a Successful Business in Your 40's, 50's and Beyond Gary S.

Goodman, 2018-10-09 At age 90 Jack Smiley wasn't thrilled with the community in which he retired so he built his own. Today it provides him with a net income of 40,000 each month. Famously KFC's 65-year-old Kentucky Colonel Harlan Sanders supplemented a paltry Social Security check by franchising his unique recipe for fried poultry. Past 50 McDonald's Ray Kroc made a similar trek in multiplying by many thousands a few popular golden arched hamburger stands from San Bernardino, California. Contrary to popular mythology, entrepreneurship is not spearheaded mostly by baby-faced technology savvy postadolescents whose brands include Facebook and Apple. According to a recent study, fully 80 percent of all businesses are started up by people over 35. Amy Groth of Business Insider cites these reasons that fortune favors the old. First, older entrepreneurs have more life and work experience. In some cases, they have decades of industry expertise and a better understanding of what it truly takes to compete and succeed in the business world. Second, they also have much broader and vaster networks. Even if older entrepreneurs are seeking to start businesses in entirely different industries, they have deep connections from all walks of life. For example, a brother-in-law could be the perfect COO. Third, those over 50 have acquired more wealth and better credit histories, which helps with securing loans and are smarter with their finances. In this book from best-selling author Gary Goodman, you'll discover: Supporters are everywhere. Your age cohort is the wealthiest. Now is the time to cash in your wisdom. Overcoming false beliefs and self-sabotage: why the only person holding you back is you. The Giraffe Syndrome: why the first step is the scariest. Busting age myths: Nobody will work with me at my age. My best years are behind me. It takes money to make money and more.

A Parent's Guide to a Peaceful Home Patricia Braxton, 2013-06
Parents serve as their children's first teachers. What they learn at home helps them build on their learning and education at school. In *A Parent's Guide to a Peaceful Home*, author Patricia Braxton provides a guide to helping parents manage their home in a peaceful, loving way in order to ensure success for their children at home and at school. This handbook presents Braxton's TAD (Toward Affective Development) model, which gives practical advice to help parents teach their children responsibility, respect, discipline, and other positive character traits. It also teaches parents how to relate to each other properly and how to affect change from within. Through TAD, Braxton works to change the face of families in a positive way. The steps detailed in *A Parent's Guide to a Peaceful Home* can facilitate an atmosphere where love, compassion, respect, and other virtues are taught by example and reinforced to produce a lasting peaceful home.
