

The background of the cover is a detailed anatomical illustration of the human torso, focusing on the abdominal cavity. The liver is prominently displayed in the upper right quadrant, colored in a realistic orange-brown hue. It shows its characteristic lobulated surface and internal branching of the portal and hepatic veins. Below the liver, the kidneys are visible, colored in a reddish-brown. The major blood vessels, including the inferior vena cava and aorta, are depicted in red and blue, running vertically through the center of the torso. The overall color palette is dominated by deep blues and purples, giving it a professional and scientific appearance.
