

Therapeutic Work *with* Sexually Abused Children

RANDALL EASTON WICKHAM AND JANET WEST

Therapeutic Work With Sexually Abused Children

Robert Ciottone, John Madonna

Therapeutic Work With Sexually Abused Children:

Therapeutic Work with Sexually Abused Children Randall Easton Wickham, Janet West, 2002-05-24 This book is a practical and supportive guide for the professionals facing this traumatic subject It is easily readable Journal of Child and Adolescent Mental Health Therapeutic Work With Sexually Abused Children locates the practice experience of the authors within a rigorous theoretical framework and is a readable and useable guide to the complexities of helping children and adolescents who have suffered the trauma of sexual abuse Youth Policy It is refreshing to find child therapists ready to engage with sexually abused children by incorporating trauma theory and research addressing child protection and seeing themselves as part of a team that includes the carers The authors provide an overview of phases of treatment theoretical considerations and essential skills They emphasize the importance of relationship and explore its impact on the therapist Their approach is creative and child centered Case vignettes poems and exercises promote empathy with the child s perspective There is a useful chapter on cultural issues and the needs of children in alternative care this is an excellent primer for the child s helping network Community Care This is an excellent book for workers seeking to respond more effectively to child victims of abuse David Pearson Caring Magazine Therapeutic Work with Sexually Abused Children is a creative and practical guide for professionals working directly with those who have suffered sexual abuse and for their carers The trauma of sexual abuse experienced in childhood can be severe and enduring Therapeutic support is offered to help both the child and the family cope with psychological or emotional difficulties both currently and in later life Therapists must be able to respond effectively to the child victim in a sensitive and timely way which prioritizes the needs of each child Drawing on their experience as practitioners the authors explore the reactions which children commonly experience following abuse and examine the tasks of the therapist in responding to them This book explores the counselling of children who have been abused rather than adult survivors of child abuse The book will benefit from the combined experiences of one US author and one UK author

Group Work with Sexually Abused Children Lynn Grotzky, Caryl Camerer, Lynn Damiano, 2000 This easy to follow manual presents techniques for working with groups of children who have been sexually abused It begins with an overview of the theory and literature of group therapy with children and then offers seven sections on psycho social skill building techniques trust building self esteem identifying and expressing feelings healing the inner child relationships boundary setting and prevention skills

Play Therapy with Sexually Abused Children Robert Ciotto, John Madonna, 1996-06-01 Here is a disguised but tragically accurate account of a 7 year old boy who was repeatedly victimized by two uncles who penetrated him required him under threat of violence to act upon them and forced him to have sexual contact with his sister for their entertainment Before his ongoing abuse was discovered the child made several serious suicide attempts Verbatim accounts of the child s therapy are used to illustrate a new treatment approach for abused children Synergistic Play Therapy which follows the work of Haim Ginott and Heinz Werner Much that is written about play

therapy focuses on theoretical notions or intuitive impressionistic judgment Seldom does a work make clear the rationale by which play strategies and techniques are derived from underlying constructs This book links theoretical reasoning with the specific dos and don ts of clinical practice The purpose rationale and impact for interventions are woven into session transcripts and related to the concepts upon which Synergistic Play Therapy is based Topics covered include rapport building and the beginning of restoration of the child s trust in an adult male therapeutic contact negotiation the introduction of metaphor indirect referencing of the trauma and the process building toward explicit emotional disclosure and metaphoric retribution the restoration of self esteem emotional inoculation against regression and the emergence of a future oriented perspective characterized by confidence and hopefulness Therapists need a clearly defined and well documented set of guidelines for the treatment of sexually abused children Abused children become adult perpetrators in numbers disproportionate to the rest of the population but this dire statistic holds true only for those victims who have not been effectively helped as children This book offers a means to provide such treatment **The Healing Power of Play** Eliana Gil,1991-03-16 This book describes how therapists can both facilitate constructive play therapy and intervene in posttraumatic play to help children who have been traumatized by abuse or neglect achieve a positive resolution Traditional techniques of play therapy are reviewed for their application to this population Throughout numerous therapeutic aids are described to enhance the child s capacity to communicate verbally or symbolically To help clinicians translate theory into daily practice the book presents six detailed clinical vignettes of trauma from among different types of abuse or neglect including severe parental neglect sexual abuse neglect compounded by hospitalization and one case features a child suffering from multiple personality disorder Presenting step by step guidelines for assessment and intervention these cases clearly illustrate treatment planning and how to tailor responses to the particular child Group Treatment for Sexually Abused Children ,1989-09-01 The treatment of sexually abused children between the ages of 7 and 12 present a unique clinical challenge These victims are in the developmental phase of latency where post traumatic discomfort and internal conflict are often manifested in self destructive sexually inappropriate and aggressive behavior toward adults and peers Often unresponsive to interventions that require direct verbal communication these children need special therapeutic approaches to master feelings of shame helplessness responsibility anger and sadness which are concomitant with sexual abuse and disclosure Group treatment has been shown to be an important component of healing for these children This volume is the first book on the treatment of sexual abuse that is devoted exclusively to a group treatment approach GROUP TREATMENT FOR SEXUALLY ABUSED CHILDREN considers the impact of sexual molestation and disclosure on latency aged children and provides a step by step guide to a comprehensive program for victims and their non offending caretakers Establishing a therapeutic framework that enables both children and adults to deal with anxiety producing material themes addressed in a sequence of progressive difficulty More than a description of a program this manual offers actual interventions to be used

with children and their non offending caretakers including guidelines for anticipating and responding therapeutically to expected resistances The structured curriculum which consists of ten modules presents a variety of activities that assist children and adults to begin to identify and express their conflicts and feelings Each module delineates the Purpose Objectives Therapeutic Considerations Activities and Treatment Challenges for children and their caretakers Each activity for children incorporates group topics for the caretakers group which parallel the material presented in the children s group This approach integrates the treatment increasing the likelihood of a successful experience for the children Illustrative case examples are offered to demonstrate how children and adults respond to the activities Unique features of this program include its attention to the important developmental tasks for children as well as the sequelae of sexual molestation its respect for the ways in which boys and girls respond differently to sexual trauma and its inclusion of over 40 original handouts for children and caretakers which may be photocopied for use in your practice An ideal resource the structure and variety of original materials in this outstanding volume provide direction and focus for all therapists who are dedicated to the recovery of sexually abused children and their families Further many of the handouts are useful for individual and family treatment and with some modifications can also be used in work with adolescents As an added convenience all the forms in this manual may be photocopied for use in your practice

Art Therapy with Young Survivors of Sexual Abuse Jenny Murphy, 2003-09-02 Contains a range of illustrative case material from both individual and group therapy The book addresses important issues faced by professionals

Choosing to Heal Laura Ellsworth, 2007-04-06 The number of sexual abuse disclosures by children has been increasing at a steady rate Therapists are faced with the dilemma of limited resources and training to help them best serve this vulnerable population *Choosing to Heal* breaks new ground as the first resource to use Reality Therapy and Choice Therapy in focusing on the treatment of sexually abused children Mental health professionals are provided with numerous techniques and strategies to utilize during the treatment process Parents caretakers teachers and anyone helping children heal from sexual abuse can obtain an understanding of the process in simple and understandable language *Choosing to Heal* is a must have resource for anyone helping a child heal from sexual abuse

Treating the Aftermath of Sexual Abuse Margaret Osmond, 1998 *Treating the Aftermath of Sexual Abuse* is a handbook for working with children in care who have been sexually abused The authors review the impact of sexual abuse on a child s physical and emotional development and describe the effect of abuse on basic life experiences What distinguishes the authors approach is the importance they place on the child s story This handbook can guide caregivers and other professionals as they learn to understand children s stories by the signs and signals that they give through their behavior

The Use of the Creative Therapies with Sexual Abuse Survivors Stephanie L. Brooke, 2007 This book is a useful reference for anyone seeking to provide therapy to survivors of sexual abuse The approach represented here is a holistic one that utilizes various approaches to heal the various manifestations of sexual abuse trauma Since the acts associated with such abuse are often so difficult to

discuss this book presents several methods of communicating these unspeakable horrors nonverbally allowing the survivor to express their trauma with less difficulty This approach seeks to use the actions of the body to heal the mind This text contains information relevant to treatment for children adolescents and adults as well as male or female and in group or individual settings Many useful activities are outlined and illustrations are provided as examples **Psychotherapy with Sexually Abused Boys** William N. Friedrich,1995-05-02 A groundbreaking therapeutic model to assist practitioners treat sexually abused children effectively is presented in this pragmatic volume While the model is applicable to both male and female children the author focuses on boys In so doing Friedrich cites pertinent gender and sociocultural issues that are critical to understanding boys an understanding which is in turn essential for the provision of adequate and effective individual group and family therapy **Reaching the Vulnerable Child** Janie Rymaszewska,Terry Philpot,2006 This guide to working with abused children and young people will be valued by professionals and therapists from a range of backgrounds including psychotherapists play therapists and arts therapists as well as those responsible for children s services BOOK JACKET Creating a Safe Place NCH Children and Families Project,Mooli Lahad,2001 Highlighting the importance of a safe place as the foundation of the healing process for those affected by child sexual abuse this practical book details the factors that contribute to a secure therapeutic climate where recovery can take place The Children and Families Project draws on the perspectives of those who have been abused to show how a person centred approach to establishing a sense of safety can enable children and their relatives to regain trust and self esteem The book demonstrates how therapeutic services can be improved through feedback from service users and how creative activities such as storytelling painting and drama can encourage the expression of experiences The need for preventative work is also addressed Of particular relevance to professionals is the exploration of some of the difficulties that may be encountered in this field of work such as the tension that can arise between therapeutic work and the child protection system This is an invaluable resource for anyone working with abused children and adults **Handbook on Sexual Abuse of Children** Lenore E. Walker,1988 Treating Sexually Abused Children and Their Families Beverly James,Maria Nasjleti,1983 Including therapeutic strategies information on essential techniques and encyclopedia of effective approaches this book is a resource for professionals who work with sexual abuse victims and victimizers *Opening The Door* Adrienne Crowder,2014-02-24 The first book available to comprehensively address the treatment of sexually abused males Opening the Door A Treatment Model for Therapy with Male Survivors of Sexual Abuse is based on current research and the carefully evolved techniques of 41 therapists who have developed expertise in working with sexually abused males It discusses both the approaches that these therapists bring to their work and presents interventions they have successfully applied in treatment Written in clear concise language Opening the Door features a four phase treatment model and presents in detail the therapeutic tasks necessary for each phase This model makes clear the significant parallels and distinctions between the

processes of therapy and abuse These processes are discussed throughout the text to ensure that therapy will be a healing rather than a harmful experience The volume presents information about the frequency of male sexual victimization the impact of this victimization on the individual primary differences between male and female victimization and the issues victims typically bring into therapy The four phase treatment model for male survivors and the therapeutic tasks of each stage is then addressed This model serves as a framework for presenting specific therapeutic interventions Chapters examine such areas as the essential processes that pertain to all therapeutic modalities individual group etc when treating male survivors of sexual abuse contracting with clients assessment guidelines and methods of evaluation individual therapy with male survivors a two stage group treatment model for male survivors which discusses contraindications for group treatment screening criteria general ground rules for the group and effective interventions critical issues in treating male survivors including engagement strategies therapeutic impasses and client therapist gender dynamics and the therapeutic process as it applies to adolescent male survivors with particular emphasis on how treatment must be carefully tailored to the developmental needs of this group Included are guidelines for working with adolescents and several interventions that contributors have successfully used with this population Since working extensively with abuse survivors can exact significant personal costs the book provides important self care strategies for therapists to incorporate into their work and lives and discusses seven ways in which to recognize and manage counter transference The volume also contains a highly comprehensive list of written video and training resources that will provide therapists with numerous avenues to expand their clinical practice and knowledge as well as seven appendices that include the DES Questionnaire and the Dean Adolescent Inventory Scale Opening the Door will be an invaluable resource for all mental health practitioners who help male victims of sexual abuse to transcend survivorship and learn to live healthy productive and vital lives Handbook for the Treatment of Abused and Neglected Children P. Forrest Talley, 2014-01-21 Practical solutions for difficult clinical situations With many chapters written by some of the field s best known contributors this handbook was developed for the practitioner who wants practical and effective guidance for helping abused children Each major area of clinical practice is discussed by experienced professionals providing you with new insights and ideas regarding medical findings clinical assessment individual group and family therapy testifying in court the role of medication in treatment and much more To make the application from the written page to your practice even more compelling every clinical chapter is followed by a patient vignette that demonstrates how the principles just described can be successfully applied in the working world of therapists Whether abused children number only a few or many on your caseload this is a handbook to which you will often refer over the years The Handbook for the Treatment of Abused and Neglected Children pulls together a wide range of practical information for therapists on how to effectively work with abused and neglected children Unlike other volumes on the subject this book puts the information in context with a big picture overview of how the therapist fits into the larger system into

which the child has been swept up Child Protective Services legal proceedings medical issues disputes regarding custody etc Inside you ll find effective strategies for conducting individual therapy with abused children how to begin therapy identify distortions effectively challenge ingrained patterns of behavior and constructively bring therapy to a close navigating the maze of Child Protective Services knowing what resources are available what obstacles are likely to arise and how to work with social workers understanding the medical findings of maltreated children how information from a child s physician can provide critical insights into the child s experience and often into children s expectations of future relationships testifying in court as a therapist how the court works and how to prepare to give effective testimony facilitating parent interventions how to help mothers and fathers develop relationships with their children to the fullest and nurture each child s potential as his or her personality develops The Handbook for the Treatment of Abused and Neglected Children will prove valuable for students and educators as well as novice and experienced therapists Whether you see children only occasionally or focus your practice on maltreated children this one of a kind resource deserves a place in your professional collection

Play Therapy with Sexually Abused Children Robert Ciottone, John Madonna, 1996-06 Here is a disguised but tragically accurate account of a 7 year old boy who was repeatedly victimized by two uncles who penetrated him required him under threat of violence to act upon them and forced him to have sexual contact with his sister for their entertainment Before his ongoing abuse was discovered the child made several serious suicide attempts Verbatim accounts of the child s therapy are used to illustrate a new treatment approach for abused children Synergistic Play Therapy which follows the work of Haim Ginott and Heinz Werner Much that is written about play therapy focuses on theoretical notions or intuitive impressionistic judgment Seldom does a work make clear the rationale by which play strategies and techniques are derived from underlying constructs This book links theoretical reasoning with the specific dos and don ts of clinical practice The purpose rationale and impact for interventions are woven into session transcripts and related to the concepts upon which Synergistic Play Therapy is based Topics covered include rapport building and the beginning of restoration of the child s trust in an adult male therapeutic contact negotiation the introduction of metaphor indirect referencing of the trauma and the process building toward explicit emotional disclosure and metaphoric retribution the restoration of self esteem emotional inoculation against regression and the emergence of a future oriented perspective characterized by confidence and hopefulness Therapists need a clearly defined and well documented set of guidelines for the treatment of sexually abused children Abused children become adult perpetrators in numbers disproportionate to the rest of the population but this dire statistic holds true only for those victims who have not been effectively helped as children This book offers a means to provide such treatment

Treating Sexually Abused Boys Lisa Camino, 1999-11-19 A Practical Hands On Resource Treating Sexually Abused Boys is a much needed resource that offers clinical guidelines for addressing the unique needs of this population Written by an expert in the field of childhood sexual abuse the book contains a wealth of exercises and activities that can be effectively applied in individual and

group therapy settings The techniques and exercises outlined are specifically designed to help sexually abused boys overcome feelings of helplessness fear and vulnerability and regain a sense of personal power Treating Sexually Abused Boys offers relevant and comprehensive guidance for all mental health professionals who work with children and adolescents The ready to use therapeutic activities make it an invaluable resource for today's busy clinician Tim Bynum program director Sexual Abuse Treatment Services for YWCA of Kauai Hawaii Camino has written a practical easily understood guide for those who work with boys affected by sexual abuse Both the experienced therapist and the newcomer will find it helpful Mic Hunter author of Abused Boys The Neglected Victims of Sexual Abuse and editor of The Sexually Abused Male Volumes I II If you have ever shrunk away from working with boy victims of sexual abuse out of fear of the subject's complexity or your own uncertainty this book is a must read It combines practicality with a refreshing directness in teasing apart some of the intricacies of power and vulnerability as those issues play out with this tragically underserved population Eugene Porter author of Treating the Young Male Victim of Sexual Assault Working with Child Sexual Abuse Kieran O'Hagan, 1989 **Art Therapy with Sexual Abuse Survivors** Stephanie L. Brooke, 1997
