Theremin Ether Music And Espionage Music In American Life:

Theremin Albert Glinsky, 2000 LEON THEREMIN led a life of flamboyant musical invention laced with daring electronic stealth A creative genius and prolific inventor Theremin launched the field of electronic music virtually singlehandedly in 1920 with the musical instrument that bears his name The theremin the only instrument that is played without being touched created a sensation worldwide and paved the way for the modern synthesizer Its otherworldly sound became familiar in sci fi films and even in rock music This magical instrument that charmed millions however is only the beginning of the story As a Soviet scientist Theremin surrendered his life and work to the service of State espionage On assignment in Depression era America he became the toast of New York society and worked the engines of capitalist commerce while passing data on U S industrial technology to the Soviet apparatus Following his sudden disappearance from New York in 1938 Theremin was exiled to a Siberian labor camp He subsequently vanished into the top secret Soviet intelligence machine and was presumed dead for nearly thirty years Using the same technology that lay behind the theremin he designed bugging devices that eavesdropped on U S diplomatic offices and stood at the center of a pivotal cold war confrontation Throughout his life Theremin developed many other electronic wonders including one of the earliest televisions and multimedia devices that anticipated performance art and virtual reality by decades In this first full biography of Leon Theremin Albert Glinsky depicts the inventor's nearly one hundred year life span as a microcosm of the twentieth century Theremin is seen at the epicenter of most of the major events of the century the Russian Revolution two world wars America's Great Depression Stalin's purges the cold war and perestroika His life emerges as no less than a metaphor for the divergence of communism and capitalism Theremin blends the whimsical and the treacherous into a chronicle that takes in everything from the KGB to Macy's store windows Alcatraz to the Beach Boys Hollywood thrillers to the United Nations Joseph Stalin to Shirley Temple Theremin's world of espionage and invention is an amazing drama of hidden loyalties mixed motivations and an irrepressibly creative spirit

Kyle Gann author of Charles Ives s Concord Essays After a Sonata **American Music** ,2005 **The Psychology of Leadership** David M. Messick,Roderick M. Kramer,2004-09-22 In this book some of the world s leading scholars come together to describe their thinking and research on the topic of the psychology of leadership Most of the chapters were originally presented as papers at a research conference held in 2001 at the Kellogg School of Management of Northwestern University The contributions span traditional social psychological areas as well as organizational theory examining leadership as a psychological process and as afforded by organizational constraints and opportunities The editors goal was not to focus the chapters on a single approach to the study and conceptualization of leadership but rather to display the diversity of issues that surround the topic Leadership scholars have identified a host of approaches to the study of leadership What are the personal characteristics of leaders What is the nature of the relation between leaders and followers Why do we perceive some people to be better leaders than others What are the circumstances that evoke leadership qualities in people Can

leadership be taught And so on The contributions to this book examine these important questions and fall into three categories conceptions of leadership factors that influence the effectiveness of leadership and the consequences and effects of leadership on the leader All in all the chapters of this volume display part of a broad spectrum of novel and important approaches to the study of the psychology of leadership We hope that they are equally useful to those who are or would be leaders and to those who study the topic As recent events have served to remind us it is too important a topic to be ignored by psychologists

The Music of Bill Monroe Neil V. Rosenberg, Charles K. Wolfe, 2024-04-22 Spanning over 1 000 separate performances The Music of Bill Monroe presents a complete chronological list of all of Bill Monroe s commercially released sound and visual recordings Each chapter begins with a narrative describing Monroe s life and career at that point bringing in producers sidemen and others as they become part of the story The narratives read like a who s who of bluegrass connecting Monroe to the music s larger history and containing many fascinating stories The second part of each chapter presents the discography Information here includes the session s place date time and producer master matrix numbers song tune titles composer credits personnel instruments and vocals and catalog release numbers and reissue data The only complete bio discography of this American musical icon The Music of Bill Monroe is the starting point for any study of Monroe s contributions as a composer interpreter and performer

Esfir Shub Ilana Shub Sharp, 2021-12-30 Esfir Shub was the only prominent female director of nonfiction film present at the dawning of the Soviet film industry She was in fact the first woman both to write critical texts on cinema and then practically apply these theorisations in her own films As such her syncretism of cinema theory and praxis inspired her to ask questions regarding both the nature of nonfiction film such as the problem of authenticity and reality and the function of the artist in society issues which are still relevant in contemporary discussions about the documentary Accordingly this book demonstrates Shub s position not only as a significant filmmaker and recognised member of the early Soviet avant garde but also as a key figure in global cinema history Shub deserves recognition both as the founder and ardent promoter of the compilation film genre and as a pioneer of the theory and practice of documentary filmmaking
