Having mastered the arts and sciences of his age Elizabethan magus Dr John Dee 1527-1608 resolved that worldly knowledge could no longer provide him the wisdom he desired and as did so many other learned men of the day he turned his attention to magick. In 1582 he and his clairvoyant partner Edward Kelley made magical contact with a number of spiritual entities who identified themselves as angels the same that communicated with Enoch and the patriarchs of the Old Testament. Over the next 3 years they revealed to Dee and Kelley three distinct magical systems of vision magick. The third and last of these incorporated a series of calls to be recited in an angelic language in order to raise the consciousness of the magician to a level where angelic contact is possible. In *Enochian Vision Magick* Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity not only to see the big picture of the full system but also the practical means by which he or she can become attuned in the same step by step manner that first prepared Dee and Kelley. First published by Weiser in 2008 this new edition includes a new introduction and new back matter by the author as well as a new foreword by Jason Louv. **Subject Guide to Books in Print** ,2001 **Modern Magick** Donald Michael Kraig,2010-11-08 For over two decades Donald Michael Kraig's *Modern Magick* has been the world's most popular step by step guide to working real magick.
