Voyage In Destiny Voyage In Destiny:

Destiny's Obligation J. Kannegieter, 2004 We are intuitively interested in the history and future of human civilization Most people sense that the distant future will not be determined by fantastical circumstances sometimes depicted in contemporary Science Fiction but rather by decisions made by us and our descendants *Destiny's Obligation* is a realistic tale of intense drama on Earth and in Space set in the 29th century when typical human fallibility and selfish territorial interests have destroyed civilization in most places The principals are part of a group of space travelers who return to Earth after a 600 year voyage to a nearby star system What these descendants of the original explorers find is as much a surprise to them as it will be to the reader They cannot leave and must first deal with the aggressive inhabitants of a large earth satellite They visit Earth eventually and play a significant role in defeating the feuds that are threatening the survival of human society everywhere

Close Encounters of the Divine Kind Che Ahn, 2007 Using analogies from popular science fiction movies *Close Encounters of the Divine Kind* shows you a world that will satisfy these longings A world that is more real than this physical world A world with a real extraterrestrial who is waiting to be contacted *Close Encounters of the Divine Kind* is not about religion It is about having a real encounter that will transform your life So if you are searching for truth and meaning if you want purpose in your life read on and may you too have an encounter with God the ultimate extraterrestrial Welcome to the real world Book jacket

Heartbeats Manan Verma, 2024-03-10 In the realm of words where emotions are painted across the canvas of pages I present to you my debut poetry collection *Heartbeats* This journey began not with the familiar paths of self help books that I've wrote but with a single whisper of love So I embarked on a voyage of discovery of weaving emotions into verses of capturing life's intricacies and presenting them in the form of beautiful words From the delicate strings of destiny that bind souls together to the profound significance of trust in relationships from the sweet symphony of love to the steadfast importance of balance and the myriad emotions that shape our lives These poems will take you on a journey that mirrors the spectrum of human experience While writing this book I found myself venturing into new territory weaving emotions into words and crafting poems out of pure feelings *Heartbeats* is a collection of poems that speaks about the depths of human emotions For those familiar with my work in the realm of decision making goal setting and time management this poetic endeavour might come as a surprise Yet within the verses of *Heartbeats* you'll discover the same underlying principles that guide us toward purposeful living now expressed through the lens of emotion and experience You might wonder why after focusing on self improvement books I embarked on this poetic venture The answer lies in the belief that emotions are an intrinsic part of our decision making and goal setting processes By exploring emotions through poetry we gain a deeper understanding of ourselves and others enhancing our capacity to navigate life's complexities *Heartbeats* is an exploration of the human experience in its entirety designed to touch your heart and enrich your soul Each verse has been carefully crafted to capture the essence of human feelings and to reflect the shared experiences that unite us all In this collection you will

discover a medley of thoughts and sentiments that have surfaced from the depths of heart I invite you to read these poems with an open heart and mind Share these poems with your loved ones allowing the verses to resonate with their hearts as well As you turn these pages may the verses bring you clarity warmth and a renewed perspective on life s beauty and complexity So dear reader as you embark on this poetic odyssey open your heart and mind to the symphony of emotions that Heartbeats presents Let pages offer insights comfort and inspiration May these verses remind you that each heartbeat is a precious note in the grand melody of existence Blue As the first light of dawn paints the sky in hues of blue so too do the pages of Heartbeats open to reveal the universal emotions that form the backdrop of our lives As you delve into the blue you ll be greeted by verses that resonate with the core of our existence These poems explore themes of destiny love friendship and the joys that light up our lives Red Just as the setting sun paints the sky in shades of red so too do the red pages of Heartbeats bring to light the emotions we often dare not acknowledge Anger can be the fuel that drives change manipulation the tool for unity doubt the catalyst for growth These pages are the door to understanding and embracing the complex shades of human experience that can eventually lead to togetherness Gold Just as the sun sets casting a warm golden glow over the world the Golden pages offer a sense of closure and reflection These verses remind us that life is woven from threads of diverse emotions These pages hold the secrets to forging unbreakable bonds to raising relationships to new heights of meaning and fulfilment

Destiny's Journey Alfred Döblin, 2019-08-16 *Destiny s Journey* is a memoir reconstructed partly from notebooks that D blin kept from the time he worked in the French Ministry of Information in the spring of 1940 and partly written without notes in Los Angeles where he took refuge during the Second World War It tells the personal and generational story of the flight of Jewish and anti Nazi intellectuals from Europe to America their fear and frustration isolation and inability to work D blin s story differs from that of other Jewish intellectuals and artists in that his family converts to Catholicism in Los Angeles Unlike most of them he returns to Europe as an officer with the French forces and works on denazifying German literature The conversion narrative bridges the departure from and return to Europe To critic John Simon the latter part of the book often reads like a shrill piece of Christian homiletics But even this is not without interest as it traces the transformation of an anarchic outsider into a dogmatic insider The first part of *Destiny s Journey* about D blin s departure from Paris in 1940 is magisterial acidly observed saturated in telling detail grimly comic and harrowing with an exemplary introduction by Peter Demetz an important nourishing book John Simon *The New York Times*

Voyage in Destiny Francesco Alessandrini, 2011-05-26 Every one of us has a destiny Writing this book is part of my destiny that places knowledge among the priorities of my work This text is dedicated to what the Masters of Light of high level have been transmitting to me for around three years Its main feature is to make man understand that we are at a moment in our history in which we need to return to true knowledge or more so to a way of seeing and interpreting the reality of creation which does not start solely from mans point of view but from a wider vision which comes from the spirit

world This book talks about a re opening to a different way of knowing and begins to retrieve some aspects of this true knowledge Among them certain tools of knowledge shall be rediscovered such as the voyages of the mind in a non rational setting or intuition or the recognition and interpretation of signs which a wider reality continually shows us The main features of human knowledge will be analyzed its limits its openings and the urgings it is subjected to in order to continuously exceed itself miracles the sense of mystery It attains the understanding of what should be true knowledge the use of the symbol and the possibility of fitting into a time which is beyond the linear time we are so used to Some aspects of this knowledge such as the mental and energetic dynamics of thought a new concept of truth a new concept of the relationship between good and evil love death union and path will be introduced This book should entice us to intuit the existence of a much vaster Creation than the one we are used to and to lay the basis for a more correct interpretation of it

Destiny's Bride Jane Peart, 2009-08-30 Even while Randall was speaking it was Pietro I saw the tenderness in his dark eyes looking at me the caress in his soft voice In Randall s voice there was not a shred of emotion nor was there any in his expression How should I respond What should I say I knew this was the hardest decision I would ever have to make Either choice would demand a different price Was I prepared to pay it Was love enough in the one to bridge all the other differences of nationality religion and heritage Was family loyalty future security enough to decide for the other What was my destiny The heroine of *Destiny s Bride* is Druscilla Montrose who first meets Randall Bondurant when she is a bridesmaid at his wedding to her cousin Alair Chance Eight years later after Alair s mysterious death they meet again in a chance encounter This leads to a strange series of events in which Druscilla debates then accepts the position offered her by Alair s widower Against all advice Dru becomes governess to her two motherless little cousins a difficult decision because of the suspicions and accusations of family and friends that Randall might have been responsible for his wife s death She travels with the family to Italy Here against the romantic background of nineteenth century Europe Druscilla receives two unexpected offers One is a love that will mean giving up her heritage the other requires a decision more important than any she has ever had to make before Dru s choices bring her into conflicts of loyalty challenges of faith and duty and threatened danger as well as romance
