Steven B. Sherman

The Younger Evangelicals Facing The Challenges Of The New World:

The Younger Evangelicals Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture The Younger Evangelicals explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely The Younger Evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context *Inerrancy and the Spiritual Formation of Younger Evangelicals*

Carlos R. Bovell, 2007-03-01 In *Inerrancy and the Spiritual Formation of Younger Evangelicals* readers are urged to consider their pastoral responsibilities toward students Evangelical leaders and teachers in particular should be more sensitive to the fact that not all younger evangelicals are convinced of the Bible s inerrancy Some are earnestly searching for an orthodox alternative but in the process becoming spiritually unravelled As responsible shepherds of God s people evangelical leaders must better understand the negative effect of presenting inerrancy as a doctrine crucial for faith **DEFENDING**

EVANGELICALISM William C. Roach, 2020-11-15 This book is an important part of the historical record of Dr Norman L Geisler It displays Geisler s intellectual gifts and devotion to the Lordship of Christ in his defense of Christianity and classic evangelicalism This book written by one of Geisler s long time and trusted assistants will be of importance to those who want a first hand interpretation of Geisler and the significance of Geisler s method for present day evangelicalism It provides a clear assessment of the impact of Geisler s embrace of classical realism classical theism the doctrine of inerrancy in the context of twentieth century evangelical theology while providing a way forward to apply Geisler s method in the twenty first century

Liturgical Theology Simon Chan, 2009-09-20 Bad worship produces bad theology and bad theology produces an unhealthy church In *Liturgical Theology* Simon Chan issues a call to evangelicals to develop a mature theology of the church an ecclesiology that is grounded in the church s identity as a worshiping community Evangelicals he argues are confused about the meaning and purpose of the church in part because they have an inadequate understanding of Christian worship As a remedy for this ailment Chan presents a coherent theology of the church that pays particular attention to the liturgical practices that have constituted Christian worship throughout the centuries With a seasoned eye and steady hand he guides

the reader through these practices and unpacks their significance for theology spirituality and the renewal of evangelicalism in the postmodern era Chan s proposal advances the conversation among evangelicals regarding the relationship between theology and worship In contrast to some theologians who have tended to emphasize a sociological analysis Chan argues that we need to consider what is essential to the church s theological identity Drawing on the larger Christian tradition Chan argues that we discover that identity primarily in the structure and significance of Christian worship *Marking the Church* Greg Peters,Matt Jenson,2016-12-09 More than one person has joked over the years that Evangelical believers do not have an ecclesiology In one sense that is absurd Evangelical churches especially if you include Pentecostals in that group are some of the fastest growing most vibrant churches in the world Evangelicals are proclaiming the gospel praising the Lord reading the Bible and loving the poor But there is a case to be made that the Evangelical devotion to the mission of the church has left Evangelicals with little time to reflect on the church itself In this collection of essays first given at annual meetings of the Evangelical Theological Society the authors take time to reflect on the nature of the church in an Evangelical context asking after the way in which it is one holy catholic and apostolic **Worship with Teenagers** Eric L. Mathis,2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean *Secularization and Its Discontents* Rob Warner,2010-10-21 *Secularization and Its Discontents* provides an illuminating overview of major current debates in the sociology of religion exploring changing patterns of religious practice in the West during the past 150 years Examining classical secularization theory as well as modified versions that allow for difference between national and social contexts Rob Warner also explores the proposed post secularization paradigm as well as its close offshoot rational choice theory Possibilities for a spiritual revolution and the feminisation of religion are scrutinised and also theories of the durability of conservative religion The author goes on to develop a new interpretation of resilient religion from an analysis of 21st century trends in religious participation These are categorised as entrepreneurial and experiential therapeutic before the volume finally focuses upon individual identity construction through autonomous religious consumption This book provides a clear and penetrating overview of theoretical frameworks and develops a new theoretical synthesis derived from fresh examination of empirical data and will be of interest to academics and students in religious studies practical theology and the sociology of religion

A Critical Examination of the Doctrine of Revelation in Evangelical Theology Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash s study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward

Evangelical America Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U S politics Readers of *Evangelical America* An Encyclopedia of Contemporary American Religious Culture will learn the answers to these questions and many more through this single volume work s coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture It also illustrates the Evangelical movement s influence internationally in key issues such as human rights environmentalism and gender and sexuality

Promise Unfulfilled Rolland McCune, 2017-07-17 The New Evangelicalism was conceived if not born with the formation of the National Association of Evangelicals in 1942 This new group was in the main led by younger professing fundamentalist scholars and leaders who had become dissatisfied with their heritage and wanted to carve out some evangelical middle ground between fundamentalism and neo orthodoxy This book is an analysis of the break away movement in terms of the issues ideas and practices that led to its beginning its expansion to an apogee in the 1970s its subsequent loss of biblical and doctrinal stability and its slide toward virtual irrelevancy in a postmodern world culture of the 21st century The twenty five chapters are grouped under nine main sections Historical Antecedents the Formation of the New Evangelicalism Ecumenism Ecclesiastical Separation The Bible and Authority Apologetics Social Involvement Doctrinal Storms and Evaluations and Prospects It will be a valuable addition to the pastor s library and a strategic resource for theological education in Bible colleges and seminaries

Finding Faith Richard Flory, Donald Miller, 2008-02-04 Despite the masses still lining up to enter mega churches with warehouse like architecture casually dressed clergy and pop Christian music the Post Boomer generation those ranging in age from twenty to forty is having second thoughts In this perceptive look at the evolving face of Christianity in contemporary culture sociologists Richard Flory and Donald E Miller argue that we are

on the verge of another potential revolution in how Christians worship and associate with one another Just as the formative experiences of Baby Boomers were colored by such things as the war in Vietnam the 1960s and a dramatic increase in their opportunities for individual expression so Post Boomers have grown up in less structured households with working often divorced parents These childhood experiences leave them craving authentic spiritual experience rather than entertainment and also cause them to question institutions Flory and Miller develop a typology that captures four current approaches to the Christian faith and argue that this generation represents a new religious orientation of expressive communalism in which they seek spiritual experience and fulfillment in community and through various expressive forms of spirituality both private and public

Everything You Know about Evangelicals Is Wrong (Well, Almost Everything) Steve Wilkens, Don Thorsen, 2010-08-01 While evangelicals make up a significant portion of American society they still constitute a mystery for many They exert considerable influence on virtually every aspect of American life and culture yet by those who don't appreciate them they're seen as rednecks crypto fundamentalists and people without education Wilkens and Thorsen contend that evangelicals are tired of being caricatured and provide an insider's look at myths and realities surrounding the movement They winsomely and sometimes humorously assess the breadth and depth of evangelical beliefs values and practices arguing that evangelicalism is identifiable by a family resemblance vitality and relevance that transcends particular theological and political stereotypes that arise inside as well as outside of it The book provides a synthetic presentation of contemporary evangelical Christianity as well as critiques of it

The Great Tradition - A Great Labor Philip Harrold, D H Williams, 2012-05-31 At a recent conference entitled Ancient Wisdom Anglican Futures theologians from across the denominational spectrum considered the question What does it mean to inhabit the Great Tradition authentically As an expression of what C S Lewis called Deep Church Anglicanism offers a test case of Tradition with a capital T in late modernity Of particular interest is the highly dynamic transmission that has preserved a recognizable Anglican Way over the centuries The process has been enlivened through constant negotiation and exchange with surprising convergences that have brought new life and direction The contributors to this volume show how profitable and commodious as Richard Hooker has said the Great Tradition can be in nurturing the worship communal life and mission of the Church But it often demonstrates how hard it is to uphold the varied integrities of historic faith in the contemporary marketplace of religion and especially among evangelicals who continue to follow the Canterbury Trail

Heavenly Participation Hans Boersma, 2011-02 Surveying the barriers that contemporary thinking has erected between the natural and the supernatural between earth and heaven Hans Boersma issues a wake up call for Western Christianity Both Catholics and evangelicals he says have moved too far away from a sacramental mindset focusing more on the here and now than on the then and there Yet as Boersma points out the teaching of Jesus Paul and St Augustine indeed of most of Scripture and the church fathers is profoundly otherworldly much more concerned with heavenly participation than with earthly enjoyment In Heavenly Participation Boersma draws on

the wisdom of great Christian minds ancient and modern Irenaeus Gregory of Nyssa C S Lewis Henri de Lubac John Milbank and many others He urges Catholics and evangelicals alike to retrieve a sacramental worldview to cultivate a greater awareness of eternal mysteries to partake eagerly of the divine life that transcends and transforms all earthly realities Hans Boersma makes a superb contribution to evangelical theological reflection in this well designed book and it goes a long way to drawing us back from the brink of a fashionable evangelical tendency to reductive historicism His re-situation of the doctrine of the Incarnation in its historic sacramental language and thought opens up the way to a deeper understanding of the truths of faith that evangelicals and Catholics alike seek to comprehend and nurture David Lyle Jeffrey Baylor University

Theology at its best says Hans Boersma is less interested in comprehending the truth than in participating in it Skillfully marshalling passages from the church fathers and medieval theologians and drawing judiciously on contemporary evangelical and Catholic thinkers Boersma shows that theology is not primarily an intellectual enterprise but a spiritual discipline by which one enters into the truth and is mastered by it Though this sacramental tapestry as he calls it is as old as the church it is refreshing to have it presented anew in this engaging book Robert Louis Wilken University of Virginia *Towards Baptist Catholicity* Steven R. Harmon, 2006-08-01 *Towards Baptist Catholicity* Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity's dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today **The**

Theology of Dallas Willard Gary Black Jr., 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard's unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional

Christians to reconsider their faith Reclaiming the Center Millard J. Erickson, Paul Kjos, Helseth, Justin Taylor, 2004-11-09 Reclaiming the Center is a valuable contribution to the study of contemporary evangelicalism. It is a guide for how evangelicals can move forward with wisdom and discernment without succumbing to the spirit of this age **The Contemporary Church and the Early Church** Paul A. Hartog, 2010-02-01 As evangelicals face future challenges many are turning back to the ancient church for inspiration. But these ancient future approaches remain diverse and sometimes even at odds with one another. This volume demonstrates and analyzes the complexity of such contemporary church early church engagements. Six scholars share diverse insights from the Patristic period including lessons on evangelism and discipleship, community formation and maintenance, use of the rule of faith, the preaching of social ethics, responses to cultural opposition and Christological development. The volume closes with two critical responses from confessional Lutheran and Baptist perspectives. These collected essays will remind contemporary readers of the importance of a reflective and responsible ressourcement of Patristic wisdom *Revitalizing Theological Epistemology* Steven B. Sherman, 2008-01-01 A rather acrimonious divorce is underway between evangelical theology and foundationalism, especially among younger evangelical proteges less directly connected with the modernist fundamentalist controversy than are their professors. These primarily younger evangelical thinkers are almost certainly reading and engaging more of Derrida than Descartes, more interested in doing theology and philosophy for the church than for the academy, more in tune with Wesley's than Warfield's theology, more interested in applying the Bible than defending it, more concerned with the hermeneutics of Gadamer and Ricoeur than Arno Gabelein and A. T. Robertson, more occupied with the philosophical method of Heidegger than Hegel, more moved by the epistemology of Kierkegaard and Barth than by Kant and Bultmann, and finally more comfortable with postmodern than modern culture. Such major moves are undoubtedly altering the face of evangelical theology, or more accurately, theology done by evangelicals, even more particularly for this study, theological epistemology written by evangelicals. In *Revitalizing Theological Epistemology*, Steven B. Sherman addresses questions about what evangelical theology ought to be doing in light of the changing cultural situation. Should the Christian faith continue to be presented and defended mainly according to Enlightenment principles when growing criticism of modern thought is affecting virtually every discipline? Is this critique merely a matter of the latest societal trend, or is this a much larger phenomenon virtually encompassing the West? Ought evangelicalism and its intellectual leaders to wait it out, or should they re-vision their theology? And if something does require reconsideration, exactly what is it and what might this re-examination entail? This book is about contemporary evangelical approaches to the knowledge of God, considering and suggesting ways Christian philosophers and theologians envision and make use of theological knowledge in the postmodern context **Living on the Boundaries** Nicola Hoggard Creegan, Christine D. Pohl, 2005-10-06 Nicola Hoggard Creegan and Christine D. Pohl tell their own stories and draw from the experiences of ninety other women scholars to helpfully and hopefully address the boundary between the evangelical world

and the concerns of feminism found in the academy
