Illuminate Nancy Duarte,Patti Sanchez,2016-02-16 THE PEOPLE WHO ARE CRAZY ENOUGH TO THINK THEY CAN CHANGE THE WORLD ARE THE ONES WHO DO With these words Apple Inc and its leader Steve Jobs catalyzed a movement Whenever Jobs took the stage to talk about new Apple products the whole world seemed to stop and listen That s because Jobs was offering a vision of the future He wanted you to feel what the world might someday be like and trust him to take you there As a leader you have the same potential to not only anticipate the future and invent creative initiatives but to also inspire those around you to support and execute your vision In *Illuminate* acclaimed author Nancy Duarte and communications expert Patti Sanchez equip you with the same communication tools that great leaders like Jobs Howard Schultz and Dr Martin Luther King Jr used to move people Duarte and Sanchez lay out a plan to help you lead people through the five stages of transformation using speeches stories ceremonies and symbols This visual and accessible communication guidebook will show you how Apple Starbucks IBM charity water and others have mobilized people to embrace bold changes To envision the future is one thing getting others to go there with you is another By harnessing the power of persuasive communication you too can turn your idea into a movement

The World's Greatest Salesman Peter E Greulich,2011 The New York Times and Time Magazine called Thomas J Watson Sr founder of IBM the World s Greatest Salesman Newsweek wrote that he was a philanthropist where none gained more from his beneficence than his own employees President Eisenhower said he was a man marked by a deep seated concern for people The World s Greatest Salesman is an IBM employee s perspective of Tom Watson Sr s leadership during the Great Depression starting the day after Black Tuesday and ending soon after the Depression s trough In the midst of today s global economic turmoil it is time to reexamine the thoughts words and actions of IBM s founder who led a good company to greatness during the darkest economic time in world history

A View from Beneath the Dancing Elephant Peter E. Greulich,2014-06 Many IBMers see Louis V Gerstner as the savior of their company indeed Gerstner sees himself that way Who Says Elephants Can t Dance expresses this perspective quite well What Gerstner never realized is that much of his success came from accidentally tapping into an eighty year old culture that he never understood IBM s founders the Watsons created this culture in the 1910s and then codified it in the 1950s with the creation of three Basic Beliefs Respect Service and Excellence But today s IBM has lost its culture its constitution and its way Surely a century old corporation is more than its founding words but great leaders do not seek to abolish a people s constitution rather they seek a return to its original intent This book captures how that change occurred a view from beneath the dancing elephant
