Theories Of Personality Understanding Persons 6th Edition:

The Alchemical Harry Potter Anne J. Mamary,2021-01-05 When Harry Potter first boards the Hogwarts Express he journeys to a world which Rowling says has alchemy as its internal logic The Philosopher's Stone known for its power to transform base metals into gold and to give immortality to its maker is the subject of the conflict between Harry and Voldemort in the first book of the series But alchemy is not about money or eternal life it is much more about the transformations of desire of power and of people through love Harry's equally remarkable and ordinary power to love leads to his desire to find but not use the Philosopher's Stone at the start of the series and his wish to end the destructive power of the Elder Wand at the end This collection of essays on alchemical symbolism and transformations in Rowling's series demonstrates how Harry's work with magical objects people and creatures transfigure desire power and identity As Harry's leaden existence on Privet Drive is transformed in the company of his friends and teachers the Harry Potter novels have transformed millions of readers inspiring us to find the gold in our ordinary lives

Introduction to Psychology and Behaviour Science Vidya Bhagat,2017-05-07 In the field of psychology there are many books which are of interest to the students of psychology However I had felt a need for a book which offers a comprehensive account of topics related to the introduction to psychology and behavioural science to the best possible extent which emphasises on easy and understandable language for undergraduate students Working in Malaysia and being a part of the health and medical education system here I was inspired by the support and encouragement prevailing in the atmosphere which was conducive for expressing my ideas in simple form of this book for the benefits of our students I considered it apt to use my knowledge to meet this dire need which led to the penning of this book It will hopefully serve as a very useful aid to students in their curriculum The students will benefit from the information covered in this book which articulates thoughts and ideas related to the subject matter This effort is aimed at helping the students gain knowledge effectively

Psychology: The Science of Mind and Behaviour 6th Edition Richard Gross, 2012-03-30 500 000 students later, Gross continues to set the standard for Psychology textbooks. This thoroughly updated edition is colourful, engaging, and packed with features that help students to understand and evaluate classic and contemporary Psychology. Gross is the bible for students of Psychology and anyone in related fields such as Counselling, Nursing, and Social Work who needs a reliable catch-all text. All the major domains of Psychology are covered in detail across 50 manageable chapters that will help you get to grips with anything from the nervous system to memory, from attachment to personality and everything in between. A final section on issues and debates allows students to cast a critical eye on the research process to explore the nature of Psychology as an evolving science and understand some of the ethical issues faced by Psychologists. Brings contemporary Psychology alive with brand new double-page features which showcase contributions from Psychology's leading figures. Packed with features: Introductions and Summaries, Ask Yourself Questions, Key Studies, Critical and Cross-Cultural material. Improved coverage throughout of work from neuroscience, neuropsychology, and evolutionary psychology. Covers everything you need to know in the depth in which you need to know it. Explicitly links different areas of Psychology to help more able students get better grades. New for this edition, Gross is supported by an extensive and interactive Dynamic Learning resource package. Just as Gross the book does everything, this comprehensive online resources package will help students to learn and course leaders to deliver that learning. A free Dynamic Learning resources website supports students in revision, essay writing, and matching the book content to their course. A separately available set of multimedia-rich online resources can be tailored to the varied needs of course leaders. **Man-Machine**
