Entertaining Tucson Across the Decades" Volume 1 Robert E. Zucker, 2014-04-12 Entertaining Tucson Across the Decades features thousands of local Tucson Arizona musicians and entertainers from the 1950s through the early 2000s Hundreds of articles published in the Entertainment Magazine Tucson Teen and Newsreal newspapers Interviews original photographs reviews and profiles that follow five decades of music in the Tucson entertainment scene **The Art of Psychotherapy and the Liberation of the Therapist** Dr. Len Bergantino Ed.D. Ph.D., 2019-05-30 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotheraphies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P The Art of Psychotherapy and the Liberation of the Therapist This is a book for professional psychotherapists psychoanalysts and counselors students in those areas of specialty and lay persons who are interested in the essence of effective therapy and how some of the people who do it best practice their art For professionals the book presents a personal way of viewing therapy that can add pleasurable options Each of the therapists with whom I worked and myself all had a feeling of enjoyment that we hope will carry over to the office and practices of the readers For students of therapy the book offers a search for a professional stature and working posture that may be of value in the development of each student's unique personal style For lay persons the book speaks of therapy that can make an impact and speaks of how some of the most potent therapists practice I wrote the book with the intention of having it be both an experience and an explanation I have presented it according to my developmental needs while maturing personally and professionally This was

done so the book might be informative at the conscious level entertaining at the child level and persuasive at the unconscious level The existential moment is the thread that ties the book together it is a moment of therapeutic potency While all moments are existential by definition there are certain moments that are more powerful in helping patients live happier and healthier lives Positive results whether they be from one session or over the long haul are partially if not fully a result of existential moments
