Waterland By Graham Swift:

Waterland Graham Swift, 2012-09-19 Set in the bleak Fen Country of East Anglia and spanning some 240 years in the lives of its haunted narrator and his ancestors *Waterland* is a book that takes in eels and incest, ale making and madness, the heartless sweep of history and a family romance as tormented as any in Greek tragedy. *Waterland* like the Hardy novels carries with all else a profound knowledge of a people, a place and their interweaving. Swift tells his tale with wonderful contemporary verve and verbal felicity. A fine and original work. Los Angeles Times [Waterland](#) Graham Swift, 2013-10-15

Graham Swift's extraordinary masterpiece, a finalist for the Booker Prize, *WATERLAND* weaves together eels and incest, ale making and madness, the heartless sweep of history and a family romance as tormented as Greek tragedy into one epic story. In the flat, watery Fen Country of East Anglia, a passionate history teacher named Tom Crick is being forced into early retirement from the school where he has taught for thirty years. When a student rebelliously questions the value of the subject to which Tom has devoted his life, Tom responds with his own personal retrospective. His story, intertwined with the stories of the local wetlands, the French Revolution and World War II among other things, throws light onto the dark circumstances of the current day, revealing how his wife's tragic youth led to the events surrounding his forced retirement. A monumental tribute to the past, a gripping multigenerational family saga and a powerful affirmation of the history of self, this exceptional novel illuminates the cycles of time in which we live. Introduction by Tim Bunting [Waterland](#) Graham Swift, 2002

First published in 1983, Graham Swift's multilayered chronicle set in the Cambridgeshire Fens is widely regarded as one of the finest British novels of the 1980s. Tom Crick is a history teacher, but the history that absorbs him is his own and his family's. The past, with its secrets and oddities, hangs heavy on him, pushing him towards a heartbreaking new crisis in his life. Swift's powerful psychological drama takes in life and death, betrayal and compassion. His setting, the brooding landscape of the marshy Fens, is utterly compelling. **A Study Guide for Graham Swift's "Waterland"** Cengage Learning

"*The Waters Return*" Laura Schrock, 2008 The following chapter will engage *Waterland* in isolation from Swift's other novels and collection of short stories, not because these texts do not mutually illuminate one another but because *Waterland* deserves a treatment of the kind of depth that warrants an extended, concentrated study. That chapter seeks specifically to counter several of the blatant misreadings of the narrator's posture and intent within the novel and to adequately evaluate

that posture and intent as they emerge within the full context of the wealth of literary devices Swift employs including irony mythical imagery and scriptural allusion The mythical images and allusions that are touched upon by other critics comprise here the central study close reading biblical hermeneutics and specific strains of French feminism will interact to allow for a reengagement of *Waterland* beyond the exhausted circular terms of deconstructive relativism *An Analysis of Graham Swift's Waterland* Kovács Zsuzsanna,1996 *Waterland* Graham Swift,2015-01-01 With an introduction by John Burnside Shortlisted for the 1983 Booker prize winner of the Guardian Fiction Prize Children only animals live entirely in the Here and Now Only nature knows neither memory nor history But man let me offer you a definition is the story telling animal Tom Crick is a passionate teacher but before he is forced into retirement by scandal he has one last history lesson to deliver his own Spanning more than 200 years in the lives of its haunted narrator and his ancestors *Waterland* is a visionary tale of England s mysterious Fen country Taking in eels and incest ale making and madness the discovery of a body and a tragic family romance this is an extraordinary novel about the heartless sweep of history and man s changing place within it In the years since its first publication in 1983 Graham Swift s *Waterland* has established itself as a much loved classic of twentieth century British literature It was shortlisted for the Booker prize won the Guardian Fiction Prize and has been adapted into a film starring Jeremy Irons and Ethan Hawke *Cat's cradle* Regula Staub,1992 **History and Storytelling in Graham Swift's *Waterland*** Andrew Colcord Curtis,1992 The "Mystery of History", its Functionalisation and Disintegration in Graham Swift's "Waterland" Thorben Höppner,2023-05-02 Seminar paper from the year 2021 in the subject English Language and Literature Studies Literature grade 1.0 language English abstract This paper investigates how the ambivalent perhaps even ambiguous definition of *historia* relates to the representation of history in the novel and how this representation again relates to its functionalisation by Tom Crick To answer this question this paper will primarily work with Linda Hutcheon s notion of historiographic metafiction while also pointing out similarities to the reading of *Waterland* as a trauma narrative In taking a closer look at the protagonist narrator himself this paper argues that the protection from chaos and disorder which Landow addresses is only achieved through a form of historical escapism Superficially speaking Graham Swift s *Waterland* is a novel about a history teacher who having lost his job forsakes the formal teaching of history and embarks on an extracurricular journey into his own past However upon closer examination *Waterland* is more than that a novel about history itself It explores the whole mystery of history as Swift himself puts it in the introduction to the novel *Waterland* xv Thus it is only logical that the novel prefaces its narrative with an insightful epigraph a dictionary definition of the Latin word *historia* from which the English word history originates As can be seen above however said definition is ambivalent it is inherently polysemantic as Judith Ryan notes James Acheson has likewise pointed out that the fact that *historia* can mean either history or fiction is significant for the historian and the writer of fiction must deal with similar problems in writing about the past The natural tendency of language towards proliferation of its meaning aside the epigraph

leaves us with a very ambivalent concept of history which the narrative of *Waterland* in its dealing with history then builds on. Since such a prominent theme in *Waterland*, the novel's representation of history has been thoroughly examined in secondary literature particularly against the theoretical background of what Linda Hutcheon has identified as historiographic metafiction. *Paying the Symbolic Price* Ryan Siemers, 2010. *Allegories of Telling* Lynn Wells, 2021-11-22. *Allegories of Telling: Self-Referential Narrative in Contemporary British Fiction* has as its founding premise Ross Chambers's notion that one of the important powers of fiction is its power to theorize the act of storytelling in and through the act of storytelling. In this critical study Lynn Wells presents detailed readings of novels by five prominent British authors: John Fowles, Angela Carter, Graham Swift, A.S. Byatt, and Salman Rushdie, with an emphasis on how the texts' self-referential aspects illuminate the acts of reading and writing fiction in contemporary Britain and by extension around the world. The book begins by situating contemporary British fiction historically as the product of an aesthetics of compromise arising from the realism versus experimentalism debate that consumed the English literary establishment during the 1960s. In her discussion of the texts, Lynn Wells then draws on a wide range of theoretical approaches from narrative and psychoanalytic theory to existentialist philosophy and the historiographic ideas of thinkers such as Walter Benjamin, Michel Foucault, and Giambattista Vico. These original readings challenge superficial postmodern interpretations of contemporary British fiction as pessimistically anti-historical and reassert the value of readerly engagement and narrative reconstruction of the past. **Study Guide**
