Alphabet Inc is an American multinational technology company It was founded in September 1998 by Larry Page and Sergey  
Brin while they were Ph D students at Stanford University Initially it started as a research project to develop a search engine  
but it rapidly grew into one of the largest and most influential technology companies in the world Google is primarily known  
for its internet related services and products with its search engine being its most well known offering It revolutionized the  
way people access information by providing a fast and efficient search engine that delivers highly relevant results Over the  
years Google expanded its portfolio to include a wide range of products and services including Google Maps Google Drive  
Gmail Google Docs Google Photos Google Chrome YouTube and many more In addition to its internet services Google  
ventured into hardware with products like the Google Pixel smartphones Google Home smart speakers and Google Nest  
smart home devices It also developed its own operating system called Android which has become the most widely used  
mobile operating system globally Google s success can be attributed to its ability to monetize its services through online  
advertising The company introduced Google AdWords a highly successful online advertising program that enables businesses  
to display ads on Google s search engine and other websites through its AdSense program Advertising contributes  
significantly to Google s revenue along with other sources such as cloud services app sales and licensing fees The dataset  
used in this project starts from 19 Aug 2004 and is updated till 11 Oct 2021 It contains 4317 rows and 7 columns The
