Voyage Of A Summer Sun Canoeing The Columbia River:

Voyage of a Summer Sun Robin Cody, 1996-01-01 At the centre of this wonderful book is the great Columbia River rich with history myth and riverfolk as well as progress and its effects Cody's canoe trip from the Columbia's Canadian headwaters to where it meets the Pacific Ocean churns up a lively portrait of the river and the land through which it courses The Los Angeles Times Book Review praised the hardcover edition with Voyage is neither an environmental treatise nor a search for Cody's own soul It's about the taming of a river and from water level what that taming has meant Cody is a clear writer with strong descriptive powers The hardcover edition was awarded the 1996 PNBA Award

Voyage of a Summer Sun Robin Cody, 2012 **Death of Celilo Falls** Katrine Barber, 2011-07-01 For thousands of years Pacific Northwest Indians fished bartered socialized and honored their ancestors at Celilo Falls part of a nine mile stretch of the Long Narrows on the Columbia River Although the Indian community of Celilo Village survives to this day as Oregon's oldest continuously inhabited town with the construction of The Dalles Dam in 1957 traditional uses of the river were catastrophically interrupted Most non Indians celebrated the new generation of hydroelectricity and the easy navigability of the river highway created by the dam but Indians lost a sustaining center to their lives when Celilo Falls was inundated Death of Celilo Falls is a story of ordinary lives in extraordinary circumstances as neighboring communities went through tremendous economic environmental and cultural change in a brief period Katrine Barber examines the negotiations and controversies that took place during the planning and construction of the dam and the profound impact the project had on both the Indian community of Celilo Village and the non Indian town of The Dalles intertwined with local concerns that affected the entire American West treaty rights federal Indian policy environmental transformation of rivers and the idea of progress

Paddling the Tennessee River Kim Trevathan, 2001 In late August 1998 Kim Trevathan and his dog Jasper set out by canoe on a long slow trip down the 652 miles of the Tennessee River the largest tributary of the Ohio Trevathan wanted to experience the river in its entirety from Knoxville's narrow winding channel which flows past rocky bluffs to the wide open waters of Kentucky Lake at its lower end Over the course of the five week voyage Trevathan rediscovered the people and places that made history on the Tennessee's banks He crossed the path of the explorer Meriwether Lewis along the Natchez Trace noted the sites of Ulysses S Grant's Civil War battles and passed Hiwassee Island the spot where a teenaged runaway named Sam Houston lived with Cherokee Chief Jolly Trevathan also came to know the modern river's dwellers including a towboat pilot two couples who traded in their landlocked homes for life on the river a campground owner and a meteorologist for NASA He placed his life in the hands of U S Army Corps of Engineers lock operators as he and Jasper navigated the river's nine dams Paddling the Tennessee River is a powerful travel narrative that captures the river's wild turbulent and defiant past and confronts what it has become an overused and overdeveloped series of lakes But first and foremost the book is the story of a man and his dog riding low enough to smell the water and to discover the promise of a

slow river running through the southern heartland The Author Kim Trevathan who earned his M F A in creative writing at the University of Alabama works as a new media writer and producer and writes a column for the Maryville Daily Times His essays and short stories have been published in The Distillery New Millennium Writings The Texas Review New Delta Review and Under the Sun He lives in Rockford Tennessee
