

VOYAGERS *of the* CHILCOTIN

A painting of a log cabin in a wilderness setting. The cabin is made of dark wood and has a gabled roof. It is situated on a dirt path that leads from the foreground towards the cabin. In the background, there are dense evergreen trees and a body of water. The scene is illuminated by a warm, golden light, suggesting a sunset or sunrise. The overall mood is peaceful and nostalgic.

Voyagers Of The Chilcotin:

Voyagers of the Chilcotin Carolyn Foltz, 2021-11-03 *Voyagers of the Chilcotin* by Carolyn Foltz is a thrilling memoir of how she and her city bred husband made a life among the grizzlies moose and lumberjacks What would it be like to live in the wilderness Carolyn Foltz grew up in California wondering that very thing When she met and married the love of her life a man born and raised in the Bay area of San Francisco she quickly convinced him to leave behind their comfortable lifestyle on the West Coast and embark on what would become the adventure of their lives They both soon found that stepping into Bella Coola British Columbia was like going back in time a hundred years Told in warm engaging prose Foltz paints an indelible picture of a life far from the complexities of the modern world Besides dealing with wild animals Foltz and her husband had to learn to live without running water and electricity They used a hand ringer phone which had a party line with 24 other people But what Foltz learned was far greater than just how to survive in an isolated community She discovered that valuable lessons could be learned from a simpler lifestyle and that following your heart could lead to unimagined riches This is a tale so high spirited that excerpts ran in Canada's Coast Mountain News to great acclaim Unforgettable humorou and gorgeously written *Voyagers of the Chilcotin* is a Valentine to the great outdoors and to the pioneer spirit **Chilcotin**

The Archive of Place William Turkel, 2011-11-01 *The Archive of Place* weaves together a series of narratives about environmental history in a particular location British Columbia's Chilcotin Plateau In the mid 1990s the Chilcotin was at the centre of three territorial conflicts Opposing groups in their struggle to control the fate of the region and its resources invoked different understandings of its past and different types of evidence to justify their actions These controversies serve as case studies as William Turkel examines how people interpret material traces to reconstruct past events the conditions under which such interpretation takes place and the role that this interpretation plays in historical consciousness and social memory It is a wide ranging and original study that extends the span of conventional historical research *American Book Publishing Record*, 1997 **The Letters and Journals of**
