Why can't U teach me 2 read? Beth Fertig, 2025-10-16 Why can't U teach me 2 read is a vivid stirring passionately told

story of three students who fought for the right to learn to read and won only to discover that their efforts to learn to read had hardly begun A person who cannot read cannot confidently ride a city bus shop take medicine or hold a job much less receive e mail follow headlines send text messages or write a letter to a relative And yet the best minds of American education cannot agree on the right way for reading to be taught In fact they can hardly settle on a common vocabulary to use in talking about reading As a result for a quarter of a century American schools have been riven by what educators call the reading wars and our young people have been caught in the crossfire Why cant U teach me 2 read focuses on three such students Yamilka Alejandro and Antonio all have learning disabilities and all legally challenged the New York City schools for failing to teach them to read by the time they got to high school When the school system s own hearing officers ruled in the students favor the city was compelled to pay for the three students now young adults to receive intensive private tutoring Fertig tells the inspiring heartbreaking stories of these three young people as they struggle to learn to read before it is too late At the same time she tells a story of great change in schools nationwide where the crush of standardized tests and the presence of technocrats like New York s mayor Michael Bloomberg and his schools chancellor Joel Klein have energized teachers and parents to question the meaning of education as never before And she dramatizes the process of learning to read showing how the act of reading is nothing short of miraculous Along the way Fertig makes clear that the simple question facing students and teachers alike How should young people learn to read opens onto the broader questions of what schools are really for and why so many of America s schools are faltering Why cant U teach me 2 read is a poignant vital book for the reader in all of us

The Courage to Learn Marcia Eames-Sheavly,Paul Michalec,Catherine M. Wehlburg,2023-07-03 It takes courage to engage in the kind of deep transformational learning that so many people need in their lives and this book is designed to help find and nurture that courage in learners including those that are engaged in facilitating the courageous learning of others Inspired by Parker Palmer s classic book The Courage to Teach the authors have carefully examined the learning side of the teaching and learning relationship and this book shares the resulting wealth of knowledge and experience with readers This

book is informed by Palmer's observation that the conversations in teaching can be organized around four questions: what, how, why, and who. In this book, the authors center learning instead of teaching as they ask: What is the content of learning? How do we learn? Why is it necessary? What motivates us? And who is the self that learns? The authors have engaged in conversation with adult learners across the lifespan, representing different ages, social/economic levels, and approaches to learning. Drawing on these discussions, their own experiences, and the scholarly literature, they weave a tapestry with threads of learning and teaching, story and analysis that serve as warp and weft. The authors pay tribute to the learner's journey in the fullness of the process and name the distinct forms of courage that learning takes. In the concluding chapter, the authors explore the implications for educational practice and offer guidance for any educator wishing to bring a "Courage to Learn" conversation to their community.

A Woman at the Well Kate Handeviddt, 2003-07 Giving up is not in Kate's vocabulary; quitting is not an option, even when the injustices of abusive people appear to have control of her life. *A Woman at the Well* is a story of never quite fitting in and the struggle to get free from the long-term effects of child abuse. The healing journey is similar to a game of snakes and ladders: sometimes we take giant steps up the ladder, and sometimes we take massive slides down the snake's belly, leaving us feeling like we can never win. We search for truth only to find more lies and discover that sometimes the truth is more treacherous than the lies. The lies we believe about ourselves continue to keep us locked into the pain we experience now as adults in personal relationships, yet it is only the Truth that can set us free. This book is where the rubber meets the road for survivors and counselors. Warning: This book will be offensive to controlling, manipulative religious folk.

Just Kids From the Bronx Arlene Alda, 2024-06-04 Collected memories that evoke the history of one of America's most influential boroughs, the Bronx, through some of its many success stories. A down-to-earth, inspiring book about the American promise fulfilled. President Bill Clinton. Fascinating. Made me wish I had been born in the Bronx. Barbara Walters. The vivid oral histories in Arlene Alda's *Just Kids from the Bronx* reveal what it was like to grow up in the place that bred the influencers in just about every field of endeavor today. The Bronx is where Michael Kay, the New York Yankees play-by-play broadcaster, first experienced baseball, where J. Crew's CEO Millard Drexler found his ambition, where Neil deGrasse Tyson and Dava Sobel fell in love with science early on, and where music-making inspired hip-hop's Grandmaster Melle Mel to change the world of music forever. The parks, the pick-up games, the tough and tender mothers, the politics, the gangs, the food for people who grew up in the

Bronx childhood recollections are fresh Arlene Alda's own Bronx memories were a jumping off point from which to reminisce with a nun a police officer an urban planner and with Al Pacino Mary Higgins Clark Carl Reiner Colin Powell Maira Kalman Bobby Bonilla and many other leading artists athletes scientists and entrepreneurs experiences spanning six decades of Bronx living Alda then arranged these pieces of the past from looking for violets along the banks of the Bronx River to the wake up calls from teachers who recognized potential into one great collective story a film like portrait of the Bronx from the early twentieth century until today Entertaining and informative cherished memories from a diverse group from the Bronx
