What Teachers Need to Know About Language Carolyn Temple Adger, Catherine E. Snow, Donna Christian, 2018-07-10

Rising enrollments of students for whom English is not a first language mean that every teacher whether teaching kindergarten or high school algebra is a language teacher This book explains what teachers need to know about language in order to be more effective in the classroom and it shows how teacher education might help them gain that knowledge It focuses especially on features of academic English and gives examples of the many aspects of teaching and learning to which language is key This second edition reflects the now greatly expanded knowledge base about academic language and classroom discourse and highlights the pivotal role that language plays in learning and schooling The volume will be of interest to teachers teacher educators professional development specialists administrators and all those interested in helping to ensure student success in the classroom and beyond

Applied Linguistics and Language Teacher Education Nat Bartels, 2006-07-02 Applied Linguistics and Language Teacher Education is aimed at applied linguists who are interested in understanding more about the learning of novice teachers in their classes The 21 studies in this volume provide information on the complexity of novice teachers learning and use of knowledge in a variety of applied linguistics classes such as SLA Syntax Pragmatics Sociolinguistics Phonetics and Phonology L2 Reading and Writing Testing and Content Based Instruction These studies were conducted in a variety of contexts from North and South America to Europe Asia and Australia and look at the preparation of teachers of English Spanish and Chinese The book also includes a state of the art summary of research on knowledge acquisition and use which provides applied linguists with a solid basis for developing their ideas about their students learning and use of the knowledge presented in their classes

Formal Linguistics and Language Education Andreas Trotzke, Tanja Kupisch, 2020-06-10 This volume focuses on work that has its origin and motivation in formal linguistics and theory driven research on the acquisition of grammar and on this basis tries to establish links to language pedagogy including students and teachers beliefs about what grammar actually is The contributions to this volume cover a wide range of empirical linguistic domains and concern aspects of morphosyntax including word order inflectional morphology article systems pronouns compounding patterns as well as orthography and students general beliefs about grammar There are very few volumes which include work for language education by researchers in formal linguistics This volume does just that looking at grammar both in terms of the teaching of grammar in general and with treatment of specific areas of grammar As such it is a welcome contribution to our understanding of language education and the role of grammar in language teaching Melinda Whong The Hong Kong University of Science and Technology Hong Kong

Language in Language Teacher Education H. R. Trappes-Lomax, Gibson Ferguson, 2002-01-01 This volume explores the defining element in the work of language teacher educators language itself The book is in two parts The first part holds up to scrutiny concepts of language that underlie much practice in language teacher education yet too frequently remain under examined

These include language as social institution language as verbal practice language as reflexive practice language as school subject and language as medium of language learning The chapters in the second part are written by language teacher educators working in a range of institutional contexts and on a variety of types of program including both long and short courses both pre service and in service courses and teacher education practice focusing variously on metalinguistic awareness for teachers language improvement and classroom communication The unifying factor is that collectively they illuminate how language teacher educators research their practice and reflect on underlying principles
