The Producer —
The winery's name is no
obvious. Many bottles is
labeled after the region, but
it's also common to see
names, such as "The Pinot
Gris" or "The Pinot Noir".

The Vintage —
Every year, changes in
climate of wine grapes. It
tastes better than others.

Which Wine Guide 2004 Guides:

The Which? Wine Guide 2004 Simon Woods Claire Gordon-Brown, American Wine Tom Acitelli, 2015-09-01 James Beard Book Award Nominee 2016 Readable Feast Winner 2016 From the author of *The Audacity of Hops* *The History of America's Craft Beer Revolution* comes the triumphant tale of how America belted France from atop its centuries old pedestal as the world's top wine producing and wine drinking nation Until the mid 1970s most American wine was far from fine Instead it was fortified and sweet and came from grape varieties prized less for their taste than for their ability to ferment fast Even in big cities a bottle of domestically made Chardonnay or Merlot was hard to come by and most Americans thought wine like that was for the wealthy anyway not for them Then a series of game changing events and a group of plucky entrepreneurs transformed everything forever Within a generation America would stand unquestionably at the world vanguard of wine reversing centuries of Eurocentrism and dominating the Field This change spawned hundreds of thousands of jobs and billions of dollars in sales European vintners found themselves altering centuries old recipes and techniques to cater to these newly ascendant free spending tastes The most popular fine wines worldwide became big powerful and loud American in other words *American Wine* tells that story All the big players and milestones are here with never before told details and analyses based on fresh interviews Written in a fast moving engaging style free of wine jargon *American Wine* is the first of its kind a book focused solely on the rise of fine wine in the United States since the early 1960s in California and elsewhere and how that rise altered the way the world drinks for better or worse From Kansas to Kenya Wayne R. Schreiner, 2009-11 *From Kansas to Kenya An Uncommon Road for Wine Lovers* uses the over forty years of personal experiences and globetrotting travels of the author to suggest how the reader can become his or her own wine authority He has traveled to more than one hundred countries including every major and most minor wine producing nations Join him along old and new wine roads of the world to enjoy both the simple and exotic tastes of the vine and to share his appreciation of the history and foods that enhance the world's most renowned beverage The wine world has much more to offer than Chardonnay Pinot Grigio and Cabernet Sauvignon and this book casually introduces the reader to surprisingly affordable yet equally discriminating wine alternatives Consider the author's recommendations for wine related travel and wine choices to broaden your own wine knowledge This practical and equally humorous approach to wine appreciation will both educate and amuse The reader will gain confidence that their personal wine tasting experiences are the best guide to sensible and pleasurable wine consumption **Sourcebook for Research in Music, Third Edition** Allen Scott, 2015-06-01 Since it was first published in 1993 the *Sourcebook for Research in Music* has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of

Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come

Wine Markets Michael T. Hannan, Giacomo Negro, 2022-02-01 The world of wine encompasses endless variety Consumers want to understand what makes one bottle of wine different from another vintners need to know how to communicate what makes their product distinctive Drawing on a decade of fieldwork in Italy and France as well as interviews with critics and analysis of market data Giacomo Negro Michael T Hannan and Susan Olzak provide an unprecedented sociological account of the dynamics of wine markets They demonstrate how the concepts of genre and collective identity illuminate producers choices whether they are selling traditional or nonconventional wines Winemakers face a fundamental choice produce an existing style and develop an identity as a proponent of tradition or embrace foreign new or emerging categories and be seen as an innovator To explain this dilemma Negro Hannan and Olzak develop the notion of wine genres or shared understandings among producers and the public Genres emerge through the social structure of production including factors such as group solidarity social cohesion and collective action and become key reference points for critics and consumers Wine Markets features case studies of the creation of a modern wine genre and a countermovement against modernism in Piedmont the failure of producers of Brunello di Montalcino in Tuscany to define a clear collective identity and the emergence of the biodynamic wine movement in Alsace This book not only offers keen sociological insight into the wine world but also sheds new light on the logic of markets and organizations more broadly
