Financialization and Government Borrowing Capacity in Emerging Markets I. Hardie,2012-03-05 Hardie investigates the link between the financialization defined as the ability to trade risk and the capacity of emerging market governments to borrow from private markets He considers the government bond markets in Brazil Lebanon and Turkey and includes interviews with 126 financial market actors **Annual Report** International Monetary Fund,2004 Sweden International Monetary Fund,2005-09-15 This Selected Issues paper for Sweden reports that the gradual introduction of a detailed fiscal framework accompanied the successful consolidation effort over the last decade in Sweden The framework includes a surplus target of 2 percent of GDP for the general government multiyear expenditure ceilings for central government and a balanced budget requirement for local governments Reliance on the expertise of an independent agency for the implementation of the fiscal framework could further enhance transparency and strengthen enforcement *Sovereign Debt Structure for Crisis Prevention* Mr.Eduardo Borensztein,Mr.Olivier Jeanne,Mr.Paolo Mauro,Mr.Jeronimo Zettelmeyer,Mr.Marcos Chamon,2005-01-26 The debate on government debt in the context of possible reforms of the international financial architecture has thus far focused on crisis resolution This paper seeks to broaden this debate It asks how government debt

could be structured to pursue other objectives including crisis prevention international risk sharing and facilitating the adjustment of fiscal variables to changes in domestic economic conditions To that end the paper considers recently developed analytical approaches to improving sovereign debt structure using existing instruments and reviews a number of proposals including the introduction of explicit seniority and GDP linked instruments in the sovereign context *World Economic Outlook, October 1998* International Monetary Fund,1998-11-12 The World Economic Outlook published twice a year in English French Spanish and Arabic presents IMF staff economists analyses of global economic developments during the near and medium term Chapters give an overview of the world economy consider issues affecting industrial countries developing countries and economies in transition to market and address topics of pressing current interest Annexes boxes charts and an extensive statistical appendix augment the text The Global Competitiveness Report 2003-2004 World Economic Forum,2004 The Global Competitiveness Report 2003 2004 is the 24th of the World Economic Forum s annual rankings of the world s leading economies Written in a non technical language and style this report aims to appeal to a broad audience consisting of policy makers business leaders and academics Economics and Finance in Indonesia ,2004 **The Europa World Year Book 2003** Europa Publications,2003 First published in 2003 Routledge is an imprint of Taylor Francis an informa company The Economic Government of the World Martin Daunton,2023-11-14 Foreign Affairs Best Books of the Year 2023 An epic history of the people and institutions that have built the global economy since the Great Depression In this vivid landmark history the distinguished economic historian Martin Daunton pulls back the curtain on the institutions and individuals who have created and managed the global economy over the last ninety years revealing how and why one economic order breaks down and another is built During the Great Depression trade and currency warfare led to the rise of economic nationalism a retreat from globalization that culminated in war From World War II came a new liberal economic order Squarely reflecting the interests of the West in the Cold War liberalism faced collapse in the 1970s and was succeeded by neoliberalism financialization and hyper globalization Now as leading nations are tackling the fallout from Covid 19 and threats of inflation food insecurity and climate change Daunton calls for a return to a more just and equitable form of globalization Western imperial powers have overwhelmingly determined the structures of world economic government often advancing their own self interests and leading to ruinous resource extraction debt poverty and political and social instability in the Global South He argues that while our current economic system is built upon the politics of and between the world s biggest economies a future of global recovery and the reduction of economic inequality requires the development of multilateral institutions Dramatic and revelatory The Economic Government of the World offers a powerful analysis of the origins of our current global crises and a path toward a fairer international order **Annual Report of the Executive Directors for the Fiscal Year** International Monetary Fund,2001 International Monetary Fund Annual Report 2002 International Monetary Fund,2002-10-21 This 2002 Annual Report describes world economic and financial developments in

FY2002 During FY2002 the IMF faced important new challenges in an unusually unsettled world environment After a period of strong expansion the global economy experienced a widespread slowdown during the 2001 calendar year By early 2002 however thanks in large part to actions taken by key central banks to lower interest rates there were encouraging signs that growth was recovering although serious concerns remained in a number of countries
