World War I began after the assassination of Austrian archduke Franz Ferdinand by South Slav nationalist Gavrilo Princip on June 28, 1914.

What countries fought in World War I?

The war pitted the Central Powers (mainly Germany, Austria-Hungary, and Turkey) against the Allies (mainly France, Great Britain, Russia, Italy, Japan, and, from 1917, the United States).

How was trench warfare used in World War I?

Why was the Lusitania important?

The British ocean liner's demise contributed indirectly to the United States' entry into World War I. However, German submarine warfare was cited when the United States declared war in 1917.

Who won World War I?

The Allies won World War I after four years of combat and the deaths of some 8.5 million soldiers as a result of battle wounds or disease.

The United States emerged as a world power, and new technology made warfare deadlier than ever before.

What were the main provisions of the Treaty of Versailles?

The Treaty of Versailles gave Germany new boundaries. Alsace-Lorraine was given to France and Eupen-Malmédy to Belgium. Territory in eastern Germany was awarded to a reconstituted Poland. Memelland was placed under French supervision, and Saarland was placed under the administration of the League of Nations, but France was given control of its coal. Congress. House. Committee on Veterans' Affairs. Subcommittee on Compensation and Pensions,1974 **Difficult Questions Have Easy Answers** Atina Hseham,2023-12-06 An inquiry made to obtain any information is known as an interrogation While asking the person tries to get an answer that allows him to satisfy his doubts The interviewers often ask simple questions in a very twisted fashion to confuse the candidates Difficult questions answers reflect the knowledge of the giver as well as his overall personality For example Which is heavier a kilogram of feathers or 1000 grams of lead Solution Both the weights are equal And What happened in Kolkata yesterday from 8 to 9 o clock Solution An hour had passed These questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not It can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices In some cases the answer is found in the question itself but in secret Tricky questions are also used for fun or as a mental activity of logical practice Like a truck driver passing down a street in the wrong direction some policemen saw him but they didn t say anything to him why Solution Because the truck driver was on foot He shaves all day but still has a beard who is he Solution Barber Some months have thirty days and others thirty one but how many months have twenty eight Solution Every month has at least twenty eight days Which object becomes wet When it dries Solution Towel How do you draw a square with three lines Solution draw the square first and then draw three lines inside the square Thus an answer to a tricky question can lead to confusion due to the confusion generated question These types of questions are very specific to the areas in which people s knowledge or behavior is evaluated Generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality However they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the question that he or she is saying I know In this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations Educart ICSE Class 10 Question Bank 2025 History & Civics One Shot for 2024-25 Exam
