Worlds Apart Bosnian Lessons For Global Security:

WORLDS APART; BOSNIAN LESSONS FOR GLOBAL SECURITY SWANEE HUNT., 2011 Worlds Apart tells of a well meaning foreign policy establishment often deaf to the voices of everyday people Its focus is the Bosnian War but its implications extend to any situation that prompts the consideration of military intervention on humanitarian grounds Ambassador Swanee Hunt served in Vienna during the Bosnian War and was intimately involved in American policy toward the Balkans During her tenure as ambassador and after she made scores of trips throughout Bosnia and the rest of the former Yugoslavia attempting to understand the costly delays in foreign military intervention To that end she had hundreds of conversations with a wide range of politicians refugees journalists farmers clergy aid workers diplomats soldiers and others In Worlds Apart Hunt s eighty vignettes alternate between those living out the war and the internationals deciding whether or how to intervene From these stories most of which she herself witnessed she draws lessons applicable to conflicts throughout the world These lessons cannot be learned from afar Hunt says with insiders and outsiders working apart Only by bridging those worlds can we build a stronger paradigm of inclusive international security Worlds Apart Swanee Hunt, 2011-09-02 Tells of a well meaning foreign policy establishment often deaf to the voices of everyday people **The**

Routledge History of World Peace since 1750 Christian Philip Peterson, William M. Knoblauch, Michael Loadenthal, 2018-10-10 The Routledge History of World Peace since 1750 examines the varied and multifaceted scholarship surrounding the topic of peace and engages in a fruitful dialogue about the global history of peace since 1750 Interdisciplinary in nature the book includes contributions from authors working in fields as diverse as history philosophy literature art sociology and Peace Studies The book crosses the divide between historical inquiry and Peace Studies scholarship with traditional aspects of peace promotion sitting alongside expansive analyses of peace through other lenses including specific regional investigations of the Middle East Africa Latin America and other parts of the world Divided thematically into six parts that are loosely chronological in structure the book offers a broad overview of peace issues such as peacebuilding state building and or conflict resolution in individual countries or regions and indicates the unique challenges of achieving peace from a range of perspectives Global in scope and supported by regional and temporal case studies the volume is an essential resource for educators activists and policymakers involved in promoting peace and curbing violence as well as students and scholars of Peace Studies history and their related fields **Women and Gender in International**

History Karen Garner, 2018-06-28 Most governments and global political organizations have been dominated by male leaders and structures that institutionalize male privilege As Women and Gender in International History reveals however women have participated in and influenced the traditional concerns of international history even as they have expanded those concerns in new directions Karen Garner provides a timely synthesis of key scholarship and establishes the influential roles that women and gender power relations have wielded in determining the course of international history From the early 20th

century onward women have participated in state to state relations and decisions about when to pursue diplomacy or when to go to war to settle international conflicts Particular women as well as masculine and feminine gender role constructs have also influenced the establishment and evolution of intergovernmental organizations and their political social and economic policy making regimes and agencies Additionally feminists have critiqued male dominated diplomatic establishment and intergovernmental organizations and have proposed alternative theories and practices This text integrates women and gender and feminist analyses into the study of international history in order to produce a broader understanding of processes of international change during the 20th and 21st centuries

Peace Works Frederick D. Barton, 2018-04-20 Bosnia Rwanda Haiti Afghanistan Iraq and Syria a quarter century of stumbles in America's pursuit of a more peaceful and just world American military interventions have cost thousands of lives and billions of dollars yet we rarely manage to enact positive and sustainable change In *Peace Works* America's Unifying Role in a Turbulent World ambassador and global conflict leader Rick Barton uses a mix of stories history and analysis for a transformative approach to foreign affairs and offers concrete and attainable solutions for the future Drawing on his lifetime of experience as a diplomat foreign policy expert and State Department advisor Rick Barton grapples with the fact that the U S is strategically positioned and morally obligated to defuse international conflicts but often inadvertently escalates conflicts instead Guided by the need to find solutions that will yield tangible results Barton does a deep analysis of our last several interventions and discusses why they failed and how they could have succeeded He outlines a few key directives in his foreign policy strategy remain transparent with the American public act as a catalyzing not colonizing force and engage local partners But above all else he insists that the U S must maintain a focus on people Since a country's greatest resource is often the ingenuity of its local citizens it is counterproductive to ignore them while planning an intervention By anchoring each chapter to a story from a specific conflict zone Barton is able to discuss opportunities pursued and missed areas for improvement and policy recommendations This balance between storytelling and concrete policy suggestions both humanizes distant stories of foreign crises and provides going forward solutions for desperate situations The book begins and ends in Syria the ultimate failure of our current approach to foreign policy and with devastating consequences

Women Waging War and Peace Sandra I. Cheldelin, Maneshka Eliatamby, 2011-08-18

British Foreign Policy in former Yugoslavia 1989-1999 John P. McCumiskey, 2023-12-06 *British Foreign Policy in former Yugoslavia 1989-1999* Brotherhood and Unity Lost gives a broad analysis of Britain's foreign policy during the wars of Yugoslav secessions from 1992 to 1999 Normative approaches to Britain's foreign policy during this period have tended to place it in to two halves The notion there was a new morality in Britain's foreign policy appeared after New Labour's election landslide on 1 May 1997 Robin Cook declared shortly after the victory there would be an ethical dimension to Labour's foreign policy and this appeared to chart new territory As a result this would be a departure from what former US Assistant Secretary of State James Rubin believed was the hyper realism of

the traditional British kind under British Prime Minister John Major The book includes interviews with key actors provides new archive material and re examines claims by the New Orthodoxy which became prevalent after 1999 *Conflict*

Intervention and Transformation Ho-Won Jeong,2019-03-14 This book is aimed at both professionals and students who desire to deepen their understanding of the processes involved in conflict intervention and resolution effectively Reflecting on multi disciplinary traditions it throws new light on discursive processes that facilitate or hamper a dialogue essential for conflict transformation The book covers a broad range of topics and themes for those studying introductory and advanced level courses on conflict resolution including the principles of intervention prevention of violence local practice of peacemaking identify politics and conditions for conflict resolution as well as peace negotiation While comprehensive in scope this edited volume s main theme is a transformation of inter group dynamics as well as the process for conflict resolution It gives a systematic coverage of ways people try to overcome the limitations of the existing approaches to conflict management and peacemaking

Women, War, and Violence Mariam M. Kurtz,Lester R. Kurtz,2015-08-28 This set of original articles probes the breadth of vital issues surrounding the impact of war and violence on women globally and examines what is being done to mitigate their effects The story of men s roles in war and violence fills headlines and history books but the women s narrative too often goes unnoticed This two volume work brings women s voices to the fore highlighting new scholarship and

journalism to offer a realistic understanding of this timely topic Including both historical context and contemporary issues the volumes explore types of violence affecting women and girls as victims of war and as combatants in and perpetrators of war Equally important it provides an in depth look at resistance movements and peacemaking efforts examining how these issues can and should be addressed The two volumes bring together a wide range of articles by experts from various fields and backgrounds to provide the first all inclusive overview of women war and violence Other works on the subject tend to be focused on Western nations offering a narrow view of a global issue This compendium in contrast takes a truly international approach It provides general readers policymakers students and scholars with a compelling collection of insights from around the world exposing the varied experiences women have had and continue to have with violence and war Righting the Balance Daniel Paul Serwer,2013 Civilians are troops in meeting today s needs **Abuses of the Erotic** Josh Cerretti,2019-07-01 Events ranging from sexual abuse at Abu Ghraib to the end of Don t Ask Don t Tell hint that important issues surrounding gender and sexuality remain at the core of political and cultural problems Nonetheless intersectional analyses of militarism that account for questions of race class and gender remain exceedingly rare **Abuses of the Erotic** fills this gap by offering a comprehensive picture of how military values have permeated the civilian cultural sphere and by investigating connections between sexuality and militarism in the United States since the late 1980s Josh Cerretti takes up the urgent task of applying an interdisciplinary transnational framework to the role of sexuality in promoting expanding and sustaining the war on terror to understand the links between what Cerretti calls domestic militarism and later projects of state backed violence and intervention This work brings together scholarship on domestic and international militarization in relation to both homosexuality and heterosexuality to demonstrate how sexual and gender politics have been deployed to bolster U S military policies and by tracking over a decade of militarized sexuality how these instances have foundationally changed how we think of sexual and gender politics today **Shining Humanity** Zilka Spahić Šiljak,2014-09-18 **Shining Humanity** Life Stories of Women Peace Builders in Bosnia and Herzegovina is a collection of biographies of eleven local peace leaders from varying ethnic religious and non religious backgrounds As these stories begin to illuminate the women s deep faith in humanity they can help to teach us how to become fully human beings in difficult wartime and post war situations The women selected for inclusion in this book showed genuine humanity ljudskost in the darkness of war and suffering but dared to imagine a life beyond the imposed boundaries of violence and fear This book sheds light on the women s side of peace work and on women s efforts to re build to heal to reconcile to empower and to embrace all the challenges and complexities of the post war Bosnian realm These women hope to teach the next generation that each and every person has the capacity to do something good and for this to happen young people need only have faith that it is indeed possible to change things for the better The author examines how moral imagination functioned in the lives of women peace builders as they proceeded to make progress in their efforts to bring peace to their communities and discusses the social history of

Bosnia and Herzegovina BiH its special dynamics values and norms the role of religion in peace building in an overwhelmingly de secularized society and finally the achievements of ordinary women who made extraordinary journeys This analytical account of the life stories of Bosnian women peace builders provides valuable anthropological material from the local Bosnian context that can offer guidance for other regional and even global peace builders Readers will learn that peace building in BiH was motivated by the concepts of both care ethics and feminist ethics of justice and compassion as well as the surviving socialist ethics of unity and equality and by the universal human rights norms codified in the legal system of BiH Most of the peace builders in this book are religious but their religion came into play only later as one of many equally important and relevant rationales for their peace work These stories do not present an idealized image of women or of perfect peace activists but rather they tell the tale of ordinary women who bore witness to horror but chose to live in hope

Silenced Victims of Wartime Sexual Violence Olivera Simic, 2018-03-09 The condemnation of wartime sexual violence as a gross violation of human rights has received widespread support While rape and other forms of sexual violence have attracted considerable local and international attention this often excludes wartime sexual violence among women belonging to so called perpetrator war torn nations This book explores the silence surrounding women s experiences of wartime sexual violence within academic legal and public discourses Olivera Simi argues that the international criminal law and feminist legal discourse on wartime sexual violence can construct a problematic victim hierarchy that excludes and misrecognises certain women s experiences of sexual violence during and after armed conflict The book focuses on the experiences of Bosnian Serb women where the collapse of the former Yugoslavia led to brutal war and gross human rights violations throughout the 1990s Two decades after the war women in Bosnia and Herzegovina are still facing the legacies of the violence in the 1990s Through this case Simi argues that while all women survivors of rape face problems of stigma shame and lack of political visibility their legal and symbolic status differ according to their ethno national identity Drawing on interviews with Bosnian Serb women survivors of rape in Bosnia and Herzegovina feminist activists local media documentary and archival sources the book examines post conflict justice as it is seen lived and interpreted by women who belong to perpetrator nations and will be of great interest and use to researchers students and practitioners within post conflict law and justice international criminal law security studies and gender studies Humanitarian Violence Neda

Atanasoski, 2013-12-01 When is a war not a war When it is undertaken in the name of democracy against the forces of racism sexism and religious and political persecution This is the new world of warfare that Neda Atanasoski observes in Humanitarian Violence different in name from the old imperialism but not so different in kind In particular she considers U S militarism humanitarian militarism during the Vietnam War the Soviet Afghan War and the 1990s wars of secession in the former Yugoslavia What this book brings to light through novels travel narratives photojournalism films news media and political rhetoric is in fact a system of postsocialist imperialism based on humanitarian ethics In the fiction of the United

States as a multicultural haven which morally underwrites the nation's equally brutal waging of war and making of peace parts of the world are subject to the violence of U S power because they are portrayed to be homogeneous and racially religiously and sexually intolerant and thus permanently in need of reform The entangled notions of humanity and atrocity that follow from such mediations of war and crisis have refigured conceptions of racial and religious freedom in the post Cold War era The resulting cultural narratives Atanasoski suggests tend to racialize ideological differences whereas previous forms of imperialism racialized bodies In place of the European racial imperialism U S settler colonialism and pre civil rights racial constructions that associated racial difference with a devaluing of nonwhite bodies Humanitarian Violence identifies an emerging discourse of race that focuses on ideological and cultural differences and makes postsocialist and Islamic nations the potential targets of U S disciplining violence
