Digital Gaming Re-imagines the Middle Ages Daniel T. Kline, 2013-09-11 Digital gaming's cultural significance is often minimized much in the same way that the Middle Ages are discounted as the backward and childish precursor to the modern period. *Digital Gaming Reimagines the Middle Ages* challenges both perceptions by examining how the Middle Ages have persisted into the contemporary world via digital games as well as analyzing how digital gaming translates, adapts, and remediates medieval stories, themes, characters, and tropes in interactive electronic environments. At the same time, the Middle Ages are reinterpreted according to contemporary concerns and conflicts in all their complexity. Rather than a distinct time in the past, the Middle Ages form a space in which theory and narrative, gaming and textuality, identity and society are remediated and reimagined. Together, the essays demonstrate that while having its roots firmly in narrative traditions, neomedieval gaming, where neomedievalism no longer negotiates with any reality beyond itself and other medievalisms, creates cultural palimpsests, multiply layered trans-temporal artifacts. *Digital Gaming Reimagines the Middle Ages* demonstrates that the medieval is more than just a stockpile of historically static facts but is a living, subversive presence in contemporary culture.

The Vanilla WoW Raid Guide Vincent Verret, 2018-12-20 Welcome to the Ultimate Unofficial World of Warcraft Classic Raid Companion. With this guide, you'll lead your raid to destroy the bosses and get epic loot. It's the perfect book for any raid leader, class lead, or be a great raider. This guide is designed for new players and veterans alike, and you'll need it when faced with the difficulty of the original World of Warcraft. This guide contains important information on each Raid, including location, level, range, boss strategy, epic loot lists, and special secrets. Why World of Warcraft Classic? Like many of you, I have fond memories of the original WoW and its Burning Crusade Expansion. I remember a time before instant gratification, achievements, and cross-realm group finder, where your reputation, skill as a player, and social connections mattered. When faced with the challenges of Azeroth, we all had to make friends and work together. With the return of classic WoW, we can all have that again: friendships that last beyond the game, instead of gear that is recycled with each content patch. Classic WoW is about quality over quantity. I have nearly 200 mounts on regular WoW, yet none feel as rewarding as my original level 60 mount. With this series of guides, you can become that legend again or become a new legend in the most important MMORPG of our time.
