Verbal Protocols in Literacy Research Susan E. Israel,2015-05-08 This volume offers an updated analysis of the methodology of reading and reading research since 1995 when the landmark book Verbal Protocols of Reading The Nature of Constructively Responsive Reading by Michael Pressley and Peter Afflerbach was published It offers a thorough cross analysis of the conscious processes experienced during reading the structure of reading comprehension and its application to more current initiatives such as Common Core State Standards and Response to Intervention It also provides a detailed analysis of Constructively Responsive Reading through relevant online self report studies in reading and reading comprehension behavior It is a fresh and comprehensive volume that speaks not only to reading researchers but to literacy teachers at all levels

Handbook of Individual Differences in Reading Peter Afflerbach,2015-08-11 The central unifying theme of this state of the art contribution to research on literacy is its rethinking and reconceptualization of individual differences in reading Previous research focused on cognitive components of reading signaled the need for ongoing work to identify relevant individual differences in reading to determine the relationship s of individual differences to reading development and to account for interactions among individual differences Addressing

developments in each of these areas this volume also describes affective individual differences and the environments in which individual differences in reading may emerge operate interact and change The scant comprehensive accounting of individual differences in reading is reflected in the nature of reading instruction programs today the outcomes that are expected from successful teaching and learning and the manner in which reading development is assessed An important contribution of this volume is to provide prima facie evidence of the benefits of broad conceptualization of the ways in which readers differ The Handbook of Individual Differences in Reading moves the field forward by encompassing cognitive non cognitive contextual and methodological concerns Its breadth of coverage serves as both a useful summary of the current state of knowledge and a guide for future work in this area
